Modification of the National Customs Automation Program (NCAP): Tests Concerning the Partner Government Agency Message Set for Certain Data Required by the Environmental Protection Agency (EPA)

ACTION: General notice.

SUMMARY: This document announces U.S. Customs and Border Protection’s (CBP’s) plan to modify three National Customs Automation Program (NCAP) tests concerning the electronic transmission through the Automated Commercial Environment (ACE) of certain data required by the Environmental Protection Agency (EPA) for commodities regulated by the EPA.

These modifications revise the number of persons who may participate in the three previously announced NCAP tests.

DATES: The modifications of the PGA Message Set Tests described in this notice are effective March 14, 2016. These modified tests will continue until concluded by way of announcement in the Federal Register. Comments concerning this notice and any aspect of the announced modifications may be submitted during each of the test periods to the address set forth below.

ADDRESSES: Comments concerning this notice and any aspect of the modified PGA Message Set Test may be submitted at any time during the testing periods via email to Josephine Baiamonte, ACE Business Office (ABO), Office of International Trade, at josephine.baiamonte@cbp.dhs.gov. In the subject line of your email, please indicate, “Comment on PGA Message Set Test FRN.”

For further information contact: For technical questions related to the application or request for an ACE Portal Account contact the ACE Account Service Desk by calling 1–866–530–4172, selecting option 1, then option 2, or by emailing ACE.Support@cbp.dhs.gov for assistance. For EPA-related questions, contact Carol S. Holmes, Senior Counsel, Office of Civil Enforcement, U.S. Environmental Protection Agency, at Holmes.Carol@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The National Customs Automation Program (NCAP) was established in Subtitle B of Title VI—Customs Modernization (“Customs Modernization Act”), North American Free Trade Agreement Implementation Act (Pub. L. 103–182, 107 Stat. 2057, Dec. 8, 1993) (19 U.S.C. 1411). Through NCAP, the thrust of customs modernization has been on trade compliance and the development of the Automated Commercial Environment (ACE), the planner successor to the Automated Commercial System (ACS). ACE is an automated and electronic system for processing commercial trade data which is intended to streamline business processes, facilitate growth in trade, ensure cargo security, and foster participation in global commerce, while ensuring compliance with U.S. laws and regulations and reducing costs for U.S. Customs and Border Protection (CBP) and all of its communities of interest. The ability to meet these objectives depends on successfully modernizing CBP’s business functions and the information technology that supports
those functions. The Automated Broker Interface (ABI) is the electronic data interchange (EDI) system that enables members of the trade community to file electronically required import data with CBP and transfers that data to ACE.

CBP’s modernization efforts are accomplished through phased releases of ACE component functionality designed to replace specific legacy ACS functions. Each release will begin with a test and, if the test is successful, will end with mandatory use of the new ACE feature, thus retiring the legacy ACS function. Each release builds on previous releases and sets the foundation for subsequent releases.

For the convenience of the public, a chronological listing of Federal Register publications detailing ACE test developments is set forth below in Section XI and entitled, “Development of ACE Prototypes.” The procedures and criteria related to participation in the prior ACE test pilots remain in effect unless otherwise explicitly changed by this or subsequent notices published in the Federal Register.

II. Authorization for the Test

The Customs Modernization Act provisions provide the Commissioner of CBP with authority to conduct limited test programs or procedures designed to evaluate planned components of the NCAP. The tests described in this notice are authorized pursuant to § 101.9(b) of title 19 of the Code of Federal Regulations (19 CFR 101.9(b)) which provides for the testing of NCAP programs or procedures. See Treasury Decision (T.D.) 95–21, 60 FR 14211 (March 16, 1995).

III. International Trade Data System (ITDS)

These tests are also in furtherance of the International Trade Data System (ITDS) key initiatives, set forth in section 405 of the Security and Accountability for Every Port Act of 2006 (“SAFE Port Act”) (Sec. 405, Pub. L. 109–347, 120 Stat. 1884, Oct. 13, 2006) (19 U.S.C. 1411(d)) and in Executive Order 13659 of February 19, 2014, Streamlining the Export/Import Process for America’s Businesses, 79 FR 10657 (February 25, 2014). The purpose of ITDS, as stated in section 405 of the SAFE Port Act, is to eliminate redundant information requirements, efficiently regulate the flow of commerce, and effectively enforce laws and regulations relating to international trade, by establishing a single portal system, operated by CBP, for the collection and distribution of standard electronic import and export data required by all participating Federal agencies. CBP is developing ACE as the “single window” for the trade community to comply with the ITDS requirement established by the SAFE Port Act.

Executive Order 13659 requires that by December 31, 2016, ACE, as the ITDS “single window,” have the operational capabilities to serve as the primary means of receiving from users the standard set of data and other relevant documentation (exclusive of applications for permits, licenses, or certifications) required for the release of imported cargo and clearance of cargo for export, and to transition from paper-based requirements and procedures to faster and more cost-effective electronic submissions to, and communications with, U.S. government agencies.

IV. Partner Government Agency (PGA) Message Set Test

The PGA Message Set is the data needed to satisfy the PGA reporting requirements. ACE enables the message set by acting as the “single window” for the submission of trade-related data required by the PGAs only once to CBP. After validation, the data will be made available to the relevant PGAs involved in import, export, and transportation-related decision making. The data will be used to fulfill merchandise entry requirements and may allow for earlier release decisions and more certainty for the importer in determining the logistics of cargo delivery. Also, by virtue of being electronic, the PGA Message Set will eliminate the necessity for the submission and subsequent handling of paper documents.

Under the Paperwork Reduction Act of 1995 (Public Law 104–13, 109 Stat. 163, codified at 44 U.S.C. 3501–3520) (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by the Office of Management and Budget (OMB). A collection of information, however, is exempt from the requirements of the PRA if fewer than ten (10) persons will be asked to provide the information.

This notice addresses the modification of the following three previously announced tests under the NCAP with respect to the number of test participants. (Please note that all terms, conditions, rules and requirements announced in the previous notices concerning the submission through ACE of certain EPA data through the PGA Message Set continue to apply except to the extent expressly modified by this notice.)

A. Non-Road Vehicles and Engines

On December 13, 2013, CBP published a notice in the Federal Register announcing CBP’s plan to modify the PGA Message Set test to allow for electronic filings of certain EPA import data with CBP for a variety of vehicles and engines. See 78 FR 75931 (December 13, 2013). That test notice did not limit the number of filers or participants. As the collection of electronic information under the PGA Message Set EPA Non-road Vehicles and Engines is governed by the PRA and the test notice inadvertently indicated that there was an OMB-approved Information Collection Request (ICR) for this additional information collection when there is not such an ICR for this additional information, participation in the non-road vehicles and engines portion of the test is hereby limited to nine (9) or fewer filers (see Section IX below). Accordingly, in order to comply with the participation limitation of the PRA, only up to nine filers seeking to participate in this test will be accepted at this stage of the test. CBP will accept applications throughout the duration of this test.

Applicants who qualify for this test but are not accepted because the limit of nine filers has been reached will have their applications placed on hold until and unless CBP lifts the limit on participation. All applicants will be notified that they have, or have not, been accepted into the test. If the limitation is lifted applicants will be notified of whether CBP has accepted their request to participate in the test and the date they can begin participation. CBP will not, however, publish another notice if the limitation is lifted. Rather, CBP will contact those who have applied and notify them that the limitation for participants has been lifted. Additionally, this test is expanded to all entries filed in ACE at any port in the customs territory of the United States.

B. Notice of Arrival: Pesticides or Pesticidal Devices

On February 4, 2015, CBP published a notice in the Federal Register announcing CBP’s plan to modify the PGA Message Set test to expand the use of the ACE PGA Message Set to transmit Environmental Protection Agency (EPA) Notice of Arrival of Pesticides and Devices (NOA) import data in the ocean and rail modes of transportation. See 80 FR 6098. That notice indicated that CBP would accept an unlimited number of participants for the test. As the collection of electronic information under the PGA Message Set EPA NOA
is governed by the PRA and the test notice inadvertently indicated there was an OMB-approved Information Collection Request (ICR) for this additional information collection when there is not such an ICR for this additional information, participation in the test is hereby limited to nine (9) or fewer participants (see Section IX below). Accordingly, in order to comply with the participation limitation of the PRA, only up to nine filers seeking to participate in this test will be accepted throughout the duration of the test.

CBP will accept applications throughout the duration of this test. All applicants will be notified that they have, or have not, been accepted into the test. Applicants who qualify for this test but are not accepted because the limit of nine filers has been reached will have their applications placed on hold until and unless CBP lifts the limit on participation. If the limitation is lifted applicants will be notified of whether CBP has accepted their request to participate in the test and the date they can begin participation. CBP will not, however, publish another notice if the limitation is lifted. Rather, CBP will contact those who have applied and notify them that the limitation has been lifted. (If the limitation is lifted, the test will also require the mandatory filing of the product label affixed to the pesticide cargo via the pdf format into the Digital Image System, which must accompany the electronic filing of the Notice of Arrival PGA Message Set). Additionally, this test is expanded to all entries filed in ACE at any port in the customs territory of the United States.

V. Test Duration

Except as stated below, the modification of all three of the PGA Message Set Tests announced in this notice are effective on March 14, 2016. The modified PGA Message Set Tests will continue until concluded by way of announcement in the Federal Register.

At the conclusion of the testing, an evaluation will be conducted and the results of that evaluation will be published in the Federal Register and the Customs Bulletin as required by section 101.9(b)(2) of the CBP regulations (19 CFR 101.9(b)(2)).

VI. Comments

All interested parties are invited to comment on any aspect of these ACE Portal Account Tests, as modified by this notice, for the duration of the modified tests. CBP requests comments and feedback on all aspects of these modifications, including the design, conduct and implementation of the modifications, in order to determine whether to modify, alter, expand, limit, continue, end, or fully implement these modifications.

VII. Waiver of Regulations Under This Test

For purposes of these tests, any provision in title 19 of the Code of Federal Regulations including, but not limited to, the provisions found in part 12 that are inconsistent with the provisions of 15 CFR 30.60. As stated in previous notices, participation in these or any of the previous ACE tests is not confidential and upon a written Freedom of Information Act (FOIA) request, a name(s) of an approved participant(s) will be disclosed by CBP in accordance with 5 U.S.C. 552.

X. Confidentiality

All data submitted and entered into ACE may be subject to the Trade Secrets Act (18 U.S.C. 1905) and is considered confidential by CBP, except to the extent as otherwise provided by law. The Electronic Export Information (EEI) is also subject to the confidentiality provisions of 15 CFR 30.60. As stated in previous notices, participation in these or any of the previous ACE tests is not confidential and upon a written Freedom of Information Act (FOIA) request, a name(s) of an approved participant(s) will be disclosed by CBP in accordance with 5 U.S.C. 552.

BILLING CODE 9111–14–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5921–N–01]

Privacy Act of 1974; Computer Matching Program Between the Department of Housing and Urban Development and the Department of Health and Human Services: Matching Tenant Data in Assisted Housing Programs

AGENCY: Office of Administration, Housing and Urban Development (HUD).

ACTION: Notice of a new computer matching agreement between HUD and Health and Human Services (HHS).

SUMMARY: Pursuant to the Computer Matching and Privacy Protection Act of 1988, as amended, HUD is providing notice of its intent to execute a new computer matching agreement with HHS for a recurring matching program with HUD's Office of Public and Indian Housing (PIH) and Office of Housing, involving comparisons of information provided by participants in any authorized HUD rental housing assistance program with the independent sources of income information available through the National Directory of New Hires (NDNH) maintained by HHS. HUD will obtain HHS data and make the results available to: (1) Program administrators such as public housing agencies (PHAs) and private owners and management agents (O/As) (collectively referred to as POAs) to enable them to verify the accuracy of income reported by the tenants (participants) of HUD rental assistance programs and (2) contract administrators (CAs) overseeing and monitoring O/A operations as well as independent public auditors (IPAs) that audit both PHAs and O/As.

The most recent renewal of the current matching agreement expires on March 15, 2016.

DATES: HUD will file a report of the subject matching program with the Committee on Oversight and Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, and Office of Management and Budget’s (OMB), Office of Information and Regulatory Affairs. The matching program will become effective as cited in Section VI of this notice.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410–0500. Communications should refer to the above docket number and title. Facsimile (FAX) comments are not acceptable. A copy of each communication submitted will be available for public inspection and copying between 8:00 a.m. and 5:00 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: For Privacy Act Inquiries: Office of Administration, Office of the Executive Secretariat, contact Frieda B. Edwards, Acting Chief Privacy Officer, Department of Housing and Urban Development, 451 Seventh Street SW., Room 10139, Washington, DC 20410, telephone number (202) 402–6828. For program information: Office of Public and Indian Housing, contact Larry Tipton, Project Manager for the Real Estate Assessment Center, Department of Housing and Urban Development, 451 Seventh Street SW., Room PCFL2, Washington, DC 20410, telephone number (202) 475–8746; and for the Office of Housing, contact Danielle Garcia, Director of the Housing Oversight Division, Department of Housing and Urban Development, 451 Seventh Street SW., Room 6134, Washington, DC 20410, telephone number (202) 402–2768. (These are not toll-free numbers.) A telecommunications device for hearing-impaired individuals (TTY) is available at (800) 877–8339 (Federal Information Relay Service).

SUPPLEMENTARY INFORMATION: On March 11, 2009, Section 239 of HUD’s 2009 Appropriations Act modified Section 904 of the Stewart B. McKinney Act of 1988, as amended, to include the Disaster Housing Assistance Program (DHAP) as a “program” of HUD for the purpose of income verifications and computer matching. As such, pursuant to the Computer Matching and Privacy Protection Act (CMPPA) of 1988, as amended; OMB’s guidance on this statute entitled, “Final Guidance Interpreting the Provisions of Public Law 100–503”; and OMB Circular No. A–130, Appendix 1 to OMB’s Revisions of Circular No. A–130, “Transmittal Memorandum No. 4, Management of Federal Information Resources”; HUD is providing the public with notice of a new computer matching agreement with HHS (previous notice of a computer matching program between HUD and HHS was previously published at 78 FR 47336 on August 5, 2013). The first HUD–HHS computer matching program was conducted in September 2005, with HUD’s Office of Public and Indian Housing. The scope of the HUD–HHS computer matching program was extended to include HUD’s Office of Housing in December 2007, and the participants of HUD’s DHAP in January 2011.

The matching program will be carried out only to the extent necessary to: (1) Verify the employment and income of individuals participating in programs identified in Section II below, to correctly determine the amount of their rent and assistance, (2) identify, prevent, and recover improper payments made on behalf of tenants, and (3) after removal of personal identifiers, to conduct analyses of the employment and income reporting of individuals participating in any HUD authorized rental housing assistance program. HUD will make the results of the computer matching program available to public housing agencies (PHAs), private housing owners and management agents (O/As) administering HUD rental assistance programs to enable them to verify employment and income and correctly determine the rent and assistance levels for individuals participating in those programs, and contract administrators (CAs) overseeing and monitoring O/A operations. This information also may be disclosed to the HUD Office of Inspector General (HUD/ OIG) and the Attorney General in detecting and investigating potential cases of fraud, waste, and abuse within HUD rental assistance programs.

In addition to the above noted information disclosures, limited redisclosure of reports containing NDNH information may be redisclosed to the following persons and/or entities: (1) Independent auditors for the sole purpose of performing an audit of whether these HUD authorized entities verified tenants’ employment and/or income and calculated the subsidy and rent correctly; and (2) entities and/or individuals associated with grievance procedures and judicial proceedings (i.e. lawyers, court personnel, agency personnel, grievance hearing officers, etc.) relating to independently verified unreported income identified through this matching program.

HUD and its third party administrators (PHAs, O/As, and CAs) will use this matching authority to identify, reduce or eliminate improper payments in HUD’s rental housing assistance programs.

For information or questions contact Danielle Garcia, Director of the Housing Oversight Division, Department of Housing and Urban Development, 451 Seventh Street SW., Room 6134, Washington, DC 20410, telephone number (202) 402–2768.
