II. Description of Proposed Information Collection

Description of the need for the information and proposed use: RAD allows Public Housing, Mod Rehab, Rent Supp, and RAP properties to convert to long-term project-based Section 8 rental assistance contracts. Participation in the demonstration is voluntary. Participating Public Housing Agencies (PHAs) and Multifamily Owners are required to submit documents for the purpose of processing and completing the conversion. Through these documents (collectively, the RAD documents), HUD evaluates whether the PHA or owner has met all of the requirements necessary to complete conversion as outlined in PIH Notice 2012–32 Rev 2 Rental Assistance Demonstration—Final Implementation Notice (RAD Notice).

The RAD processing request is made through a Web-based portal. Overall, the RAD documents and information requested through such documents allow HUD to determine which applicants continue to meet the eligibility and conversion requirements. Finally, all applicants will be required to sign the appropriate contractual documents to complete conversion and bind both the applicant and HUD, as well as set forth the rights and duties of the applicant and HUD, with respect to the converted project and any payments under that project.

Agency form number(s), if applicable: N/A.

Members of affected public: State, Local or Tribal Government entities, public housing agencies and multifamily owners.

Estimation of the total number of hours needed to prepare the information collection including respondents: The estimated number of respondents is 2,140 annually that have only one response per respondent. The average number for each response to each document in the information collection ranges from 1 hour to 3 hours, for a total burden of 6,640.

Status of the proposed information collection: Renewal of Existing Collection

The documents that currently comprise the RAD documents can be viewed at the RAD Web site: www.hud.gov/rad/. These documents are those that are currently used for RAD processing.

III. Proposed Changes to RAD Documents

HUD proposes to make the following changes:

1. Inclusion of Fair Housing, Civil Rights and Relocation Requirements in RAD Documents

Consistent with HUD’s RAD Implementation Notice, PIH–2012–32 (HA), REV–2 (June 15, 2015), HUD expects that RAD transactions will comply with fair housing, civil rights and relocation requirements. HUD has made some changes to the materials published as part of this PRA Notice to assist all participants in RAD transactions in complying with appropriate fair housing, civil rights and relocation requirements, as well as to provide notice to the public. HUD is currently considering further revisions to the materials published as a part of this PRA Notice (including the FHEO Accessibility and Relocation Plan Checklist, the RAD Financing Plan, the RAD Use Agreement, the RAD Conversion Commitment, and the various Housing Assistance Payments Contracts) to ensure all participants in RAD transactions comply with fair housing, civil rights and relocation requirements. The changes under consideration include the following:

(i) Modifications to the various Housing Assistance Payments contracts to ensure appropriate enumeration of existing fair housing and civil rights requirements and clarification of such requirements;

(ii) Revision and expansion of the FHEO Accessibility and Relocation Plan Checklist to more comprehensively address all federal fair housing and civil rights reviews identified in the RAD Notice (including those derived from the Fair Housing Act, Title VI of the Civil Rights Act of 1964, HUD’s Equal Access Rule, and other authorities) and resident relocation compliance issues;

(iii) Revisions to the RAD Conversion Commitment to add certifications and representations to ensure compliance with fair housing and civil rights requirements until and after the RAD closing.

2. Clarification of Davis-Bacon Standards

HUD is reviewing the Davis-Bacon Standards in the RCC and HAP Contracts to determine whether they are sufficiently clear or if further clarification is needed. HUD encourages all interested persons to submit comments regarding the information collection requirements presented in this proposal.
Secretary only to an individual of Assistant Secretary or equivalent rank, and the person to whom authority to waive is delegated must also have authority to issue the particular regulation to be waived:

3. Not less than quarterly, the Secretary must notify the public of all waivers of regulations that HUD has approved, by publishing a notice in the Federal Register. These notices (each covering the period since the most recent previous notification) shall:

a. Identify the project, activity, or undertaking involved;

b. Describe the nature of the provision waived and the designation of the provision:

c. Indicate the name and title of the person who granted the waiver request;

d. Describe briefly the grounds for approval of the request; and

e. State how additional information about a particular waiver may be obtained.

Section 106 of the HUD Reform Act also contains requirements applicable to waivers of HUD handbook provisions that are not relevant to the purpose of this notice.

This notice follows procedures provided in HUD’s Statement of Policy on Waiver of Regulations and Directives issued on April 22, 1991 (56 FR 16337). In accordance with those procedures and with the requirements of section 106 of the HUD Reform Act, waivers of regulations are granted by the Assistant Secretary with jurisdiction over the regulations for which a waiver was requested. In those cases in which a General Deputy Assistant Secretary granted the waiver, the General Deputy Assistant Secretary was serving in the absence of the Assistant Secretary in accordance with the office’s Order of Succession.

This notice covers waivers of regulations granted by HUD from July 1, 2015 through September 30, 2015. For ease of reference, the waivers granted by HUD are listed by HUD program office (for example, the Office of Community Planning and Development, the Office of Housing, and the Office of Public and Indian Housing, etc.). Within each program office grouping, the waivers are listed sequentially by the regulatory section of title 24 of the Code of Federal Regulations (CFR) that is being waived. For example, a waiver of a provision in 24 CFR part 58 would be listed before a waiver of a provision in 24 CFR part 570.

Where more than one regulatory provision is involved in the grant of a particular waiver request, the action is listed under the section number of the first regulatory requirement that appears in 24 CFR and that is being waived. For example, a waiver of both § 58.73 and § 58.74 would appear sequentially in the listing under § 58.73.

Waiver of regulations that involve the same initial regulatory citation are in time sequence beginning with the earliest-dated regulatory waiver.

Should HUD receive additional information about waivers granted during the period covered by this report (the fourth quarter of calendar year 2015) before the next report is published (the first quarter of calendar year 2016), HUD will include any additional waivers granted for the fourth quarter in the next report.

Accordingly, information about approved waiver requests pertaining to HUD regulations is provided in the Appendix that follows this notice.

Dated: March 11, 2016.

I. Regulatory Waivers Granted by the Office of Community Planning and Development

For further information about the following regulatory waivers, please see the name of the contact person that immediately follows the description of the waiver granted.

• Regulation: 24 CFR 92.214(a)(6). Project/Activity: Prince George’s County, MD requested a waiver of 24 CFR 92.214(a)(6) in order to invest $850,000 of HOME funds into Rainer Manor Phase II, a 57-unit affordable housing project for low-income seniors that had been previously assisted with HOME funds during the period of affordability.

Nature of Requirement: The regulation at 24 CFR 92.214(a)(6) prohibits, except for one year after project completion, HOME assistance from being provided to a project that was previously assisted with HOME funds during the period of affordability established by the participating jurisdiction in the written agreement required by 24 CFR 92.504.

Granted By: Harriet Tregoning, Principal Deputy Assistant Secretary for Community Planning and Development.

Date Granted: November 20, 2015.

Reason Waived: Rainer Manor Phase II will be developed on a parcel of land subdivided and purchased from the original Rainer Manor project (Rainer Manor I), a project previously assisted with $2,325,000 of HOME funds. HUD granted a waiver to invest additional HOME funds because of the shortage of affordable housing options for low-income seniors in the County. The additional 6 HOME units will be subject to a 40 year period of affordability, and part of the land sale proceeds will be used to supplement the replacement reserves for Rainer Manor I.

Contact: Virginia Sardone, Director, Office of Affordable Housing Programs, Office of Community Planning and Development, Department of Housing and Urban Development, 451 7th Street SW., Room 7164, Washington, DC 20410, telephone (202) 706–2684.

• Regulation: 24 CFR 92.502(j) and 24 CFR 92.504(a).

Project/Activity: In 1996, the Commonwealth of Kentucky designated all 32 units of the Park Place Townhomes in Prestonsburg as HOME-assisted with a 40 year period of affordability period, which designation far exceeded the minimum requirements established in the HOME regulations. As a result of a weak local affordable housing market, Park Place Townhomes has experienced negative cash flow, low rental income, and high debt collection losses. The Commonwealth of
Kentucky requested a waiver of 24 CFR 92.252(j) and 24 CFR 92.504(a) in order to reduce the number of HOME units as units become vacant, and the period of affordability to 20 years, the minimum that the HOME regulations require. This action will help the Commonwealth to recapitalize and rehabilitate the project in the near future so that it can become financially viable.

Nature of Requirement: The regulation at 24 CFR 92.252(j) requires the participating jurisdiction to designate the HOME-assisted units in the written agreement with the owner and maintain that number of units through the period of affordability. The regulation at 24 CFR 92.504(a) requires the participating jurisdiction to ensure that all HOME funds are used in accordance with HOME program requirements and the written agreement.

Granted By: Harriet Tregoning, Principal Deputy Assistant Secretary for Community Planning and Development.

Date Granted: December 9, 2015.

Reason Waived: HUD granted the request because of the highly unusual market conditions in the area. There is an oversupply of affordable rental units resulting in a high vacancy rate for HOME-assisted units in the project. The vacancy rate and resulting operating deficit will lead to default and foreclosure in the near term. Reducing the number of HOME units and the period of affordability to what the HOME regulations require, will help the Commonwealth to recapitalize and rehabilitate the project in the near future so that it can become financially viable.

II. Regulatory Waivers Granted by the Office of Housing

For further information about the following regulatory requirements, please see the contact person that immediately follows the description of the waiver granted.

• Regulation: 24 CFR 200.73(c).
  Project/Activity: Clynn Courtyard Apartments, Bath, Maine, Project Number: 022–44007.
  Nature of Requirement: HUD’s regulation at 24 CFR 200.73(c) requires, in relevant part that “not less than five rental dwelling units of an FHA insured multifamily housing project shall be on one site.”
  Granted by: Edward L. Golding, Principal Deputy Assistant Secretary for Housing.
  Date Granted: December 9, 2015.

Reason Waived: The project has been professionally managed as one project since inception. The project has one operating budget and the physical improvements have been completed. Work exceeded 50% of the project’s name change and improved reputation, has contributed to a steady average occupancy of 98 percent. Demand for affordable housing and rental housing in general in Bath, Maine is high. There have been no building permits for multifamily rental units issued in the last ten years. The owner has elected to maintain the project as affordable by agreeing to a Rental Use Agreement, dedicating 20 percent of the units for households at or below 50 percent of median income for the life of the 233(f) loan.

Contact: Theodore K. Toon, Director, FHA Multifamily Housing Programs, Office of Production, Office of Housing, Department of Housing and Urban Development, 451 7th Street SW., Room 6134, Washington, DC 20410, telephone (202) 445-4806.
  • Regulation: 24 CFR 219.220(b).
  Project/Activity: St. John’s Towers, FHA Project Number 052–SH007, Havre de Grace, MD. St. John’s Towers, Incorporated (Owner) seeks approval to defer repayment of the Flexible Subsidy Operating Assistance Loans on the subject project.
  Nature of Requirement: HUD’s regulation at 24 CFR 219.220(b) (1995), which governs the repayment of operating assistance provided under the Flexible Subsidy Program for Troubled Properties, states “Assistance that has been paid to a project owner under this subpart must be repaid at the earlier of the expiration of the term of the mortgage, termination of mortgage insurance, prepayment of the mortgage, or a sale of the project.”
  Granted by: Edward L. Golding, Principal Deputy Assistant Secretary for Housing.
  Date Granted: October 22, 2015.

Reason Waived: The owner requested and was granted waiver of the requirement to repay the Flexible Subsidy Operating Assistance Loan in full when it became due. Deferring the loan payment will preserve this affordable housing resource for an additional 35 years through the execution and recordation of a Rental Use Agreement.

  • Regulation: 24 CFR 219.220(b).
  Nature of Requirement: HUD’s regulation at 24 CFR 219.220(b)(2) defines substantial rehabilitation as any combination of covered work to the existing facilities of a project that aggregates to at least 15 percent of project’s value after the rehabilitation and that results in material improvement of the project’s livability, marketability, and profitability. Covered work includes replacement, alteration and/or modernization of building spaces, long-lived building or mechanical system components, or project facilities. The following changes apply to both Level I and II Housing Finance Agencies Definitions of Substantial Rehabilitation (S/R) revised as: Work that exceeds either: (a) $15,000 times the high cost factor “as adjusted by HUD for inflation”, or (b) replacement of two or more building systems. ‘Replacement’ is when cost of replacement work exceeds 50 percent of the cost of replacing the entire system. The base limit is revised to $15,000 per unit for 2015, and will be adjusted annually based on the percentage change published by the Consumer Financial Protection Bureau, or other inflation cost index published by HUD. This is consistent with proposed changes in MAP Guide.
  Granted by: Edward L. Golding, Principal Deputy Assistant Secretary for Housing.
  Date Granted: October 23, 2015.

Reason Waived: The waiver was necessary to facilitate the Federal Financing Bank (FFB) Risk Sharing Initiative (Initiative)
between HUD and the Treasury Department/FFB announced in Fiscal Year 2014. The waiver is consistent with changes that HUD’s Office of Multifamily Housing is seeking now to the regulation and as previously approved in March 2015 for the first 11 HFAs participating in the Initiative. Under this Initiative, FFB provides capital to participating Housing Finance Agencies (HFAs) to make multifamily loans insured under the FHA Multifamily Risk Sharing Program.

The waiver is consistent with changes that HUD’s Office of Multifamily Housing is seeking now to the regulation and as previously approved in March 2015 for the first 11 HFAs participating in the Initiative.
