SUPPLEMENTARY INFORMATION:

I. Background

The data collection includes three application forms to establish membership in the Registered Apprenticeship-College Consortium. The three types of membership are: Two- and four-year post-secondary institutions, Registered Apprenticeship sponsors, and organizations and associations that represent institutions or sponsors on a national, regional or state level and serve in a coordinating role to facilitate membership in the consortium. At the September 2011 meeting of the Secretary’s Advisory Committee on Apprenticeship (ACA) a unanimous proposal was adopted to form a national consortium based on the Servicemembers Opportunity Colleges Consortium (SOC) model, which is a consortium of colleges that provides college articulation for soldiers and veterans who accumulate credits at a number of colleges. The SOC is supported by the Department of Defense. The ACA also adopted the Registered Apprenticeship-College Consortium Articulation Framework which outlines the goals of the consortium, the principles that guide the effort, conditions of membership, and criteria. The ACA authorizes this information collection.
