

would not participate to the extent that they might have otherwise participated. The Exchange believes that certain systems disruptions could preclude some member organizations from submitting orders to the Exchange even if such issue is not actually a complete systems outage.

Finally, the Exchange believes that the proposal is equitable and not unfairly discriminatory because the methodology for the monthly calculations would apply equally to all member organizations and to all volume tiers. The Exchange notes that, although unlikely, there is some possibility that a certain small proportion of member organizations may have a higher ADV as a percentage of average daily volume with their activity included from days where the Exchange experiences a system disruption. The Exchange believes that the proposal would still be equitable and not unfairly discriminatory given that the impacted universe is potentially quite small and that the proposal would benefit the overwhelming majority of market participants and would make the overall cost of trading on the Exchange more predictable for the membership as a whole.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹³ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that, with respect to monthly calculations for rebates, there are very few instances where the exclusion would be invoked, and if invoked, would have little or no impact on trading decisions or execution quality. On the contrary, the Exchange believes that the proposal fosters competition by avoiding a penalty to member organizations for days when trading on the Exchange is disrupted for a significant portion of the day and would result in lower total costs to end users, a positive outcome of competitive markets. Further, other options exchanges have adopted rules that are substantially similar to the change in ADV calculation being proposed by the Exchange.¹⁴

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁵ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁶ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁷ of the Act to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Arca Equities Rule 7.33 To Conform the Exchange's Rules to Industry-Wide Standards for Recording the Capacity in Which an ETP Holder Executes a Transaction

March 15, 2016.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on March 4, 2016, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II

below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Arca Equities Rule 7.33 to conform the Exchange's rules to industry-wide standards for recording the capacity in which an ETP Holders [sic] executes a transaction. The proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Arca Equities Rule 7.33 ("Rule 7.33") currently provides that ETP Holders may enter proprietary orders and agency orders for the account of a customer into the NYSE Arca Marketplace⁴ and that proprietary orders are subject to the same display and execution processes as agency orders. Rule 7.33 further provides that an ETP Holder entering a proprietary order shall mark the order with the appropriate designator to identify the order as proprietary.

As proposed, Rule 7.33 would be amended to add a clause specifying that ETP Holders must input accurate information into the NYSE Arca Marketplace, including, but not limited to, identifying the capacity in which the ETP Holder entered each order, as follows: principal, agency, or riskless

principal.⁵ The Exchange would delete the current clause relating to the entry of proprietary orders and agency orders for the account of a customer and the clause providing that ETP Holders entering proprietary orders mark the order with the appropriate designator to identify the order as proprietary as redundant. The Exchange proposes to retain the clause providing that proprietary orders would be subject to the same display and execution processes as agency orders.

By requiring ETP Holders to identify the capacity in which they enter an order, the Exchange would be harmonizing its order entry requirements with those of other national securities exchanges.⁶ The proposed changes would not alter an ETP Holder's obligation to meet order audit trail system requirements, as set forth in the Rule 7400 Series (Order Audit Trail System).

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, because it is designed to promote just and equitable principles of trade and to remove impediments to and perfect the mechanism of a free and open market and a national market system. The Exchange believes that the proposed rule change would remove impediments to and perfect the mechanism of a free and open market and national market system because it would provide greater harmonization between order entry on the Exchange and other marketplaces, resulting in greater uniformity and more efficient order entry to enable ETP Holders to use the same order-marking conventions across all equities markets. As such, the proposed rule change would foster cooperation and coordination with persons engaged in

⁵ In general, the term "capacity" refers to whether a broker-dealer acts as agent, *i.e.*, directly on behalf of a customer, or whether the broker-dealer acts as principal, *i.e.*, for its own account, in a transaction. A riskless principal transaction is one where a broker-dealer receives a customer order and then immediately executes an identical order in the marketplace, while taking on the role of principal, in order to fill the customer order pursuant to NYSE Arca Equities Rule 5320.

⁶ See, e.g., BATS Exchange, Inc. ("BATS") Rule 11.21; BATS Y-Exchange, Inc. ("BATS-Y") Rule 11.21; EDGA Exchange, Inc. ("EDGA") Rule 11.5; EDGX Exchange, Inc. Rule 11.5; and NASDAQ Stock Market LLC ("NASDAQ") Rule 4611(a)(6). The Exchange's affiliates New York Stock Exchange LLC ("NYSE") and NYSE MKT LL [sic] ("NYSE MKT") impose the same marking requirements on clearing member organizations. See NYSE Rule 132.30(9) & NYSE MKT Rule 132.30(9).

facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues, but rather it is designed to provide greater harmonization between the Exchange and other markets in the marking of orders, resulting in more uniform and efficient order entry.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and

March 17, 2016.

It appears to the Securities and Exchange Commission that the public interest and the protection of investors require a suspension of trading in the securities of Broke Out, Inc.
