The Commission is in the process of updating the PIA to incorporate various revisions to it as a result of revisions to the SORN.

**Needs and Uses:** The Commission consolidated all of the FCC informal consumer complaint intake into an online consumer complaint portal, which allows the Commission to better manage the collection of informal consumer complaints. Informal consumer complaints consist of informal consumer complaints, inquiries and comments. This revised information collection requests OMB approval for the addition of a layer of consumer reported complaint information. Consumers filing a complaint in the online portal are currently asked to choose a product, method and issue detailing their complaint. These revisions will allow consumers to choose from additional issues as well as multiple sub-issues. This change will assist consumers in providing more granular information about their complaint, assist the Commission in the processing of the complaint and provide more detailed data to inform enforcement and policy efforts at the Commission.
