the study to address the following questions:

- To what extent do youth with disabilities who receive special education services under IDEA make progress through high school compared with other youth, including those identified for services under Section 504 of the Rehabilitation Act? For students with disabilities, has high school course taking and completion rates changed over the past few decades?
- Are youth with disabilities achieving the post-high school outcomes envisioned by IDEA, and how do their college, training, and employment rates compare with those of other youth?
- How do these high school and postsecondary experiences and outcomes vary by student characteristics, including their disability category, age, sex, race/ethnicity, English Learner status, income status, and type of high school attended (including regular public school, charter school, career/technical school, special education school, or other State or Federally-operated institution)?

The NLTS 2012 sample includes 21,959 students ranging in age from 13 to 21 in December 2011. The sample was selected to include sufficient number of students in each of the 12 federally defined disability categories, and adequate number of students without disabilities, including both students with a Section 504 plan and students with neither an IEP nor a Section 504 plan. To meet the study’s objective, data will be collected from the following sources: (1) School district administrative records, including transcripts, from districts that participated in NLTS 2012; (2) postsecondary enrollment information through the National Student Clearinghouse; (3) employment and earnings data from the Social Security Administration (SSA); and (4) information about vocational rehabilitative services and supports youth received from the Department’s Rehabilitative Services Administration (RSA). Data collection activities expected to result in public burden are the collection of administrative data from school districts and requests for consent from sample members and their parents.

Dated: March 16, 2016.

Stephanie Valentine,
Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

Program Authority: 22 U.S.C. 2452[b][6].

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3483. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 662.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

II. Award Information

Type of Award: Discretionary grants redistributed as fellowships to individual beneficiaries.

Estimated Available Funds: $3,011,504.

Estimated Range of Awards: $15,000 to $60,000.

Estimated Average Size of Awards: $33,461.

Estimated Number of Awards: 90.

Note: The Department is not bound by any estimates in this notice.

Project Period: The institutional project period is 18 months, beginning October 1, 2016. Students may request funding for a period of no less than six months and no more than 12 months.

III. Eligibility Information

1. Eligible Applicants: Institutions of higher education (IHEs). As part of the application process, students submit individual applications to the IHE. The IHE then officially submits all eligible individual student applications with its grant application to the Department.

Note: As part of its FY 2016 budget request, the Administration proposed to continue to allow funds to be used to support the applications of individuals who plan both to utilize their language skills in world areas vital to United States national security and to apply their language skills and knowledge of these countries in the fields of government, international development, and the professions. Therefore, students planning to apply their language skills in such fields and those planning teaching careers are eligible to apply to IHEs for funds from this program.

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

IV. Application and Submission Information

1. Address to Request Application Package: Both IHEs and student applicants can obtain an application package via the Internet or from the Education Publications Center (ED PUBS). To obtain a copy via the Internet, use the following address: www.G5.gov. To obtain a copy from ED PUBS, write, fax, or call the following: ED PubS, U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1–877–433–7827. Fax: (703) 605–6794. If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call, toll free: 1–877–576–7734.

You can contact ED PubS at its Web site, also: www.EDPubS.gov or at its email address: edpubs@inet.ed.gov. If you request an application package from ED PubS, be sure to identify this program as follows: CFDA number 84.022A.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) by contacting the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms the applicant must submit, are in the application package for this program.

Page Limits: The application narrative is where the student applicant addresses the selection criteria that reviewers use to evaluate the application. The student applicant must limit the application narrative to no more than 10 pages and the bibliography to no more than two pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, both sides, and portrait orientation.
- Double space (no more than three lines per vertical inch) all text in the application narrative. However, student applicants may single space all text in charts, tables, figures, graphs, titles, headings, footnotes, endnotes, quotations, bibliography, and captions.
- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). Student applicants may use a 10-point font in charts, tables, figures, graphs, footnotes, and endnotes. However, these items are considered part of the narrative and counted within the 10-page limit.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limits only apply to the application narrative and bibliography. The page limits do not apply to the Application for Federal Assistance face sheet (SF 424), the supplemental information form required by the Department of Education, or the assurances and certification. However, student applicants must include their complete responses to the selection criteria in the application narrative.

If your application exceeds the page limits, you will reject a student applicant’s application if the application exceeds the page limits.

Deadline for Transmittal of Applications: May 6, 2016.

Applications for grants under this program must be submitted electronically using G5, the Department’s grant management system, accessible through the Department’s G5 site. For information (including dates and times) about how to submit an IHE’s application electronically, or in paper format by mail or hand delivery if an IHE qualifies for an exception to the electronic submission requirement, please refer to Other Submission Requirements in section IV of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual’s application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and IRS Certification: All applicants must provide DUNS, TIN, and IRS Certification.
Number, and System for Award Management:  
To do business with the Department of Education, you must—
  a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
  b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry), the Government’s primary registrant database;
  c. Provide your DUNS number and TIN on your application; and
  d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following Web site: http://fedgov.dnb.com/webform. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, it may be 24 to 48 hours before you can submit an application through G5.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/sam-tips.html.

7. Other Submission Requirements:  
Applications for grants under this program must be submitted electronically unless an IHE qualifies for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.
   Applications for grants under the Fulbright-Hays DDRA Fellowship Program, CFDA number 84.022A, must be submitted electronically using the G5 system, accessible through the Department’s G5 site at: www.G5.gov. While completing your electronic application, both the IHE and the student applicant will be entering data online that will be saved into a database. Neither the IHE nor the student applicant may email an electronic copy of a grant application to us.

   We will reject an application if an IHE submits it in paper format unless, as described elsewhere in this section, the IHE qualifies for one of the exceptions to the electronic submission requirement and submits, no later than two weeks before the application deadline date, a written statement to the Department that the IHE qualifies for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

   Please note the following:
   • The process for submitting applications electronically under the Fulbright-Hays DDRA Fellowship Program has several parts. The following is a brief summary of the process; however, all applicants should review and follow the detailed description of the application process that is contained in the application package. In summary, the major steps are:
     (1) IHEs must email the following information to ddra@ed.gov: Name of university and full name and email address of potential project director. We recommend that applicant IHEs submit this information as soon as possible to ensure that they obtain access to G5 well before the application deadline date. We suggest that IHEs send this information no later than two weeks prior to the closing date in order to facilitate timely submission of their applications;
     (2) Students must complete their individual applications and submit them to their IHE’s project director using G5;
     (3) Persons providing references for individual students must complete and submit reference forms for the students and submit them to the IHE’s project director using G5; and
   (4) The IHE’s project director must officially submit the IHE’s application, which must include all eligible individual student applications, reference forms, and other required forms, using G5.
   • The IHE must complete the electronic submission of the grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date. G5 will not accept an application for this competition after 4:30:00 p.m., Washington, DC time, on the application deadline date. Therefore, we strongly recommend that both the IHE and the student applicant not wait until the application deadline date to begin the application process.
   • The hours of operation of the G5 Web site are 6:00 a.m. Monday until 7:00 p.m., Wednesday; and 6:00 a.m. Thursday until 8:00 p.m., Sunday, Washington, DC time. Please note that, because of maintenance, the system is unavailable between 8:00 p.m. on Sundays and 6:00 a.m. on Mondays, and between 7:00 p.m. on Wednesdays and 6:00 a.m. on Thursdays, Washington, DC time. Any modifications to these hours are posted on the G5 Web site.
   • Student applicants will not receive additional point value because the student submits his or her application in electronic format, nor will we penalize the IHE or student applicant if the applicant qualifies for an exception to the electronic submission requirement, as described elsewhere in this section, and submits an application in paper format.
   • IHEs must submit all documents electronically, including all information typically provided on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.
   • If the application is submitted electronically, both IHEs and student applicants must upload any narrative sections and all other attachments to their application as files in a read-only, non-modifiable Portable Document Format (PDF). Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF (e.g., Word, Excel, WordPerfect, etc.) or submit a password-protected file, we will not review that material. Please note that this could result in your application not being considered for funding because the material in question—for example, the project narrative—is critical to a...
meaningful review of your proposal. For that reason it is important to allow yourself adequate time to upload all material as PDF files. The Department will not convert material from other formats to PDF.

- Student transcripts must be submitted electronically through the G5 system.
- Both the IHE’s and the student applicant’s electronic applications must comply with any page limit requirements described in this notice.
- Prior to submitting your electronic application, you may wish to print a copy of it for your records.
- After the individual student applicant electronically submits his or her application to the student’s IHE, the student will receive an automatic acknowledgment. After a person submits a reference electronically, he or she will receive an online confirmation.
- After the applicant IHE submits its application, including all eligible individual student applications, to the Department, the applicant IHE will receive an automatic acknowledgment that will include a unique PR/Award number for the IHE’s application.
- Within three working days after submitting its electronic application—
  (1) Print SF 424 from G5;
  (2) The applicant IHE’s Authorizing Representative must sign this form;
  (3) Place the PR/Award number in the upper right hand corner of the hard-copy signature page of the SF 424; and
  (4) Fax the signed SF 424 to the Application Control Center at (202) 245–6272.
- We may request that you provide us original signatures on other forms at a later date.

Application Deadline Date Extension in Case of System Unavailability: If an IHE is prevented from electronically submitting its application on the application deadline date because the G5 system is unavailable, we will grant the IHE an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable the IHE to transmit its application electronically, by mail, or by hand delivery. We will grant this extension if—
(1) The IHE is a registered user of the G5 system and the IHE has initiated an electronic application for this competition; and
(2) (a) The G5 system is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or
(b) G5 is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

We must acknowledge and confirm these periods of unavailability before granting the IHE an extension. To request this extension or to confirm our acknowledgment of any system unavailability, an IHE may contact either (1) the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice or (2) the e-Grants help desk at 1–888–336–8930. If G5 is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an email will be sent to all registered users who have initiated a G5 application. Extensions referred to in this section apply only to the unavailability of the G5 system.

Exception to Electronic Submission Requirement: An IHE qualifies for an exception to the electronic submission requirement, and may submit its application in paper format, if the IHE is unable to submit an application through G5 because—
- The IHE or a student applicant does not have access to the Internet; or
- The IHE or a student applicant does not have the capacity to upload large documents to G5; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), the IHE mails or faxes a written statement to the Department, explaining which of the two grounds for an exception prevents the IHE from using the Internet to submit its application. If an IHE mails a written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If an IHE faxes its written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date. Address and mail or fax this statement to: Pamela J. Maimer, Ph.D., U.S. Department of Education, 400 Maryland Ave. SW., Room 3E207, Washington, DC 20202. Telephone: (202) 502–7675 or by email: edra@ed.gov.
- The IHE’s paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

Submission of Paper Applications by Mail. If an IHE qualifies for an exception to the electronic submission requirement, the IHE (or a courier service) may deliver its paper application to the Department by hand. The IHE must deliver the original and two copies of the application, by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.022A), LBJ Basement Level 1, 400 Maryland Avenue SW., Washington, DC 20202–4260.
- The IHE must show proof of mailing consisting of one of the following:
  (1) A legibly dated U.S. Postal Service postmark.
  (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
  (3) A dated shipping label, invoice, or receipt from a commercial carrier.
  (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.
- If the IHE mails its application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:
  (1) A private metered postmark.
  (2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, the IHE should check with its local post office.

We will not consider applications postmarked after the application deadline date.

Submission of Paper Applications by Hand Delivery. If an IHE qualifies for an exception to the electronic submission requirement, the IHE (or a courier service) may deliver its paper application to the Department by hand. The IHE must deliver the original and two copies of the application, by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.022A), 550 12th Street SW., Room 7039, Potomac Center Plaza, Washington, DC 20202–4260.
- The Application Control Center accepts hand deliveries daily between 8:00:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If an IHE mails or hand delivers its application to the Department—
(1) The IHE must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which the IHE is submitting its application; and
(2) The Application Control Center will mail a notification of receipt of the IHE’s grant application. If the IHE does
not receive this grant notification within
15 business days from the application
deadline date, the IHE should call the
U.S. Department of Education
Application Control Center at (202)
245–6288.

V. Application Review Information

1. General: For FY 2016, student
applications are divided into seven
categories based on the world area focus
of their research projects, as described
in the absolute priority listed in this
notice. Language and area studies
experts in discrete world area-based
panels will review the student
applications. Each panel reviews,
scores, and ranks its applications
separately from the applications
assigned to the other world area panels.
However, all fellowship applications
will be ranked together from the highest
to lowest score for funding purposes.
2. Selection Criteria: The selection
criteria for this competition are from the
regulations for this program in 34 CFR
662.21 and are listed in the application
package.
3. Review and Selection Process: We
remind potential applicants that in
reviewing applications in any
discretionary grant competition, the
Secretary may consider, under 34 CFR
75.217(d)(3), the past performance of the applicant in carrying out a previous
award, such as the applicant’s use of
funds, achievement of project
objectives, and compliance with grant
conditions. The Secretary may also
consider whether the applicant failed to
submit a timely performance report or
submitted a report of unacceptable
quality.

In addition, in making a competitive
grant award, the Secretary requires
various assurances including those
applicable to Federal civil rights laws
that prohibit discrimination in programs
or activities receiving Federal financial
assistance from the Department of
Education (34 CFR 100.4, 104.5, 106.4,
108.8, and 110.23).

Under 34 CFR 662.22(b), no applicant
may receive grants from the Fulbright
US Student Program (FUSP) and the
Fulbright-Hays DDRA Fellowship
Program concurrently. Once a candidate
has accepted an award from FUSP and
FUSP has expended funds on the
student, the student is then ineligible
for a grant under the Fulbright-Hays
DDRA Fellowship Program. A student
applying for a grant under the Fulbright-
Hays DDRA Fellowship Program must
indicate on the application if the
student has currently applied for a
FUSP grant. If, at any point, the
candidate accepts a FUSP award prior to
being notified of the candidate’s status
with the Fulbright-Hays DDRA
Fellowship Program, the candidate
should immediately notify the program
contact person listed under FOR FURTHER
INFORMATION CONTACT in section VII of
this notice. If, after consultation with
FUSP, we determine that FUSP has
expended funds on the student (e.g., the
candidate has attended the pre-
departure orientation or was issued
grant funds), the candidate will be
deemed ineligible for an award under
the Fulbright-Hays DDRA Fellowship
Program at that time.
4. Risk Assessment and Special
Conditions: Consistent with 2 CFR
200.205, before awarding grants under
this program the Department conducts a
review of the risks posed by applicants.
Under 2 CFR 3474.10, the Secretary
may impose special conditions and, in
appropriate circumstances, high-risk
conditions on a grant if the applicant or
grantee is not financially stable; has a
history of unsatisfactory performance;
has a financial or other management
system that does not meet the standards
in 2 CFR part 200, subpart D; has not
fulfilled the conditions of a prior grant;
or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If a student
application is successful, we notify the
IHE’s U.S. Representative and U.S.
Senators; and send the IHE a Grant
Award Notification (GAN); or we may
send the IHE an email containing a link
to access an electronic version of the
GAN. We may notify the IHE informally,
also.

If a student application is not
evaluated or not selected for funding,
we notify the IHE.
2. Administrative and National Policy
Requirements: We identify
administrative and national policy
requirements in the application package
and reference these and other
requirements in the Applicable
Regulations section of this notice.

We reference the regulations outlining
the terms and conditions of an award in
the Applicable Regulations section of
this notice and include these and other
specific conditions in the GAN. The
GAN also incorporates the approved
application as part of the binding
commitments under the grant.
3. Reporting: (a) If you apply for a
grant under this competition, you must
ensure that you have in place the
necessary processes and systems to
comply with the reporting requirements
in 2 CFR part 170 should you receive
funding under that competition. This
does not apply if you have an exception
under 2 CFR 170.110(b).

(b) At the end of your project period,
you must submit a final performance
report, including financial information,
as directed by the Secretary. If you
receive a multiyear award, you must
submit an annual performance report
that provides the most current
performance and financial expenditure
information as directed by the Secretary
under 34 CFR 75.118. Grantees are
required to use the electronic data
instrument International Resource
Information System (IRIS) to complete
the final report. The Secretary may also
require more frequent performance
reports under 34 CFR 75.720(c). For
specific requirements on reporting,
please go to http://iris.ed.gov/fund/award/
yppforms/appforms.html.

4. Performance Measures: Under the
Government Performance and Results
Act of 1993, the objective for the
Fulbright-Hays DDRA Fellowship
Program is to provide grants to
colleges and universities to fund individual
doctoral students to conduct research
in other countries in modern foreign
languages and area studies for periods of
6 to 12 months.

The Department will use the
following measures to evaluate its
success in meeting this objective:

DDRA GPRA Measure 1: The
percentage of DDRA fellows who
increased their foreign language scores
in speaking, reading, and/or writing by
at least one proficiency level.

DDRA GPRA Measure 2: The
percentage of DDRA fellows who
complete their degree in their program
of study within four years of receipt of
the fellowship.

DDRA GPRA Measure 3: The
percentage of DDRA fellows who found
employment that utilized their language
and area studies skills within eight
years of receiving their award.

DDRA GPRA Measure 4: Efficiency
Measure—The cost per DDRA fellow
who found employment that utilized
their language and area studies skills
within eight years.

The information provided by grantees
in their performance report submitted
via IRIS will be the source of data for
this measure. Reporting screens for
institutions and fellows may be viewed
at:
director.pdf;
fellow.pdf.

DEPARTMENT OF ENERGY

[OE Docket No. EA–417]

Application to Export Electric Energy; Tenaska Energía de Mexico, S. de R.L. de C.V.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Tenaska Energía de Mexico, S. de R.L. de C.V. (Applicant or TEM) has applied for authority to transmit electric energy from the United States to Mexico pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before April 21, 2016.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE–20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585–0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to 202–586–8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On March 10, 2016, DOE received an application from TEM for authority to transmit electric energy from the United States to Mexico as a power marketer for a five-year term using existing international transmission facilities. TEM will be submitting an application requesting the Federal Energy Regulatory Commission (FERC) authorization to make wholesale power sales at market-based rates. TEM will also register with the Public Utility Commission of Texas (the PUCT).

In its application, TEM states that it does not own or control any electric generation or transmission facilities, and it does not have a franchised service area. The electric energy that TEM proposes to export to Mexico would be surplus energy purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Comments should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC) Rules of Practice and Procedures (18 CFR 385). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning TEM’s application to export electric energy to Mexico should be clearly marked with OE Docket No. EA–417. An additional copy is to be provided to Norma Iacovo, Tenaska Power Services Co., 1701 E. Lamar Blvd., Suite 100, Arlington, TX 76006 and Neil Levy, 1700 Pennsylvania Ave. NW., Washington, DC 20006.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system. Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://energy.gov/node/11845, or by emailing Angela Troy at Angela.Troy@hq.doe.gov.

Issued in Washington, DC, on March 14, 2016.

DEPARTMENT OF ENERGY

Extension of Comment Period:
Invitation for Public Comment To Inform the Design of a Consent-Based Siting Process for Nuclear Waste Storage and Disposal Facilities

AGENCY: Fuel Cycle Technologies, Office of Nuclear Energy, Department of Energy.

ACTION: Notice of extension of comment period.

SUMMARY: The U.S Department of Energy (DOE) is extending the comment period provided in the notice entitled “Invitation for Public Comment To Inform the Design of a Consent-Based Siting Process for Nuclear Waste Storage and Disposal Facilities” that appeared in the Federal Register of December 23, 2015. That notice announced that DOE is planning to design a consent-based siting process to establish an integrated waste management system to transport, store, and dispose of spent nuclear fuel.
