

equity in our nation. The evaluation will accomplish this goal by addressing the following questions: (1) To what extent has a multi-level structure been established to support actions that will contribute to the elimination of health disparities? (2) How are leaders in the public, private, nonprofit, and community sectors engaged in collaborative, efficient, and equitable

working partnerships to eliminate health disparities? (3) How many and what types of identifiable actions are being implemented at the community, state, tribal, regional, and national levels that relate directly to the five goals and 20 strategies in the *National Stakeholder Strategy (NSS)*; (4) How much is the work to end health disparities integrated into stakeholder

strategies and mainstream systems (e.g., health care quality improvement, public and community health improvement, economic and community planning and development) in and beyond the health sector? (5) What are the promising practices for implementing actions that contribute to ending health disparities?
