SUPPLEMENTARY INFORMATION: The purpose of this RFI is to inform the public about and gather input on the Agency's forthcoming policy on mitigating adverse impacts. The webinar is open to the public. The agenda will include time for participants to ask clarifying questions and provide input in writing during the webinar. Written input following the webinar must be sent to Mitigation Policy Input, USDA Forest Service, Ecosystem Management Coordination, 201 14th Street Mail Stop 1104, Washington, DC 20250-1104; or by email at WO_Mitigation@fs.fed.us.

The November 3, 2015 Presidential Memorandum: Mitigating Impacts on Natural Resources from Development and Encouraging Related Private Investment directs the Forest Service "to avoid and then minimize harmful effects to land, water, wildlife, and other ecological resources (natural resources) caused by land- or water-disturbing activities, and to ensure that any remaining harmful effects are effectively addressed, consistent with existing mission and legal authorities." To that end, the Memorandum instructs the Agency to "adopt a clear and consistent approach for avoidance and minimization of, and compensatory mitigation for, the impacts of their activities and the projects they approve" through directives and a regulation.

The Memorandum will be implemented by the Forest Service initially through an agency regulation addressing adverse impacts on natural resources through avoiding and minimizing impact, and then compensating for those impacts that do occur to important or sensitive resources. The objective of these efforts

is to ensure clarity, improved transparency, and consistency for proposed activities affecting landscapes. Those efforts include improving information sharing and mitigation support tools by working with other Federal agencies, States, Tribes, and partners to identify and share information in order to define natural resources baselines and monitor the effectiveness of mitigation actions.

Dated: March 21, 2016.

Brian Ferebee,

Associate Deputy Chief of National Forest System, U.S. Forest Service.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau has completed two of four waves of the Survey of Income and Program Participation 2014 Panel (SIPP), which began in February 2014. Wave 1 of the SIPP 2014 Panel was conducted from February to June of 2014. Wave 2 was conducted from February to June of 2015. Wave 3 is scheduled to be conducted from April to June of 2016. Wave 4 is scheduled to be conducted from February to June of 2017. This notice is for a request to extend the current OMB approval, which expires on December 31, 2016, to December 31, 2019.

The SIPP is a household-based survey designed as a continuous series of national panels. The SIPP represents a source of information for a wide variety of topics and allows the integration of information for separate topics to form a single, unified database allowing for the examination of the interaction between tax, transfer, and other
