SUPPLEMENTARY INFORMATION:

Title of Collection: Generic Information Collection Plan for the Office of Intergovernmental Affairs Outreach Activities.

OMB Control Number: 3170-0041.

Type of Review: Extension without change of a currently approve collection.

Affected Public: State, local, or Tribal governments.

Estimated Number of Annual Respondents: 400.

Estimated Total Annual Burden Hours: 3,200.

Abstract: The Office of Intergovernmental Affairs (IGA) at the Bureau requests OMB's approval for an extension without change this generic information collection plan (GICP) in

order to collect information from state, local, and tribal governments. These governments interact closely with consumers and are critical partners in promoting transparency and competition in the consumer financial products marketplace, eliminating unfair and unlawfully discriminatory practices, and enforcing consumer financial laws. The outreach activities performed by IGA will collect low-burden, non-generalizable information through this GICP on trends in consumer financial markets, enforcement actions, regulatory and supervisory issues, and consumer needs at the state, local, and tribal levels. Most of this information will be in the form of government representatives providing impressions and overviews of their activities. Information will be collected on an occasional and voluntary basis from state, local, and tribal governments and from their respective trade associations.

Request For Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Dated: March 22, 2016.

Darrin A. King,

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.

Office of the Secretary

Revised Non-Foreign Overseas Per Diem Rates

AGENCY: Defense Travel Management Office, DoD.

ACTION: Notice of Revised Non-Foreign Overseas Per Diem Rates.

SUMMARY: The Defense Travel Management Office is publishing Civilian Personnel Per Diem Bulletin Number 302. This bulletin lists revisions in the per diem rates prescribed for U.S. Government employees for official travel in Alaska, Hawaii, Puerto Rico, the Northern Mariana Islands and Possessions of the United States when applicable. AEA changes announced in Bulletin Number 194 remain in effect. Bulletin Number 302 is being published in the **Federal Register** to assure that travelers are paid per diem at the most current rates.

DATES: *Effective Date:* April 1, 2016.

FOR FURTHER INFORMATION CONTACT: Ms. Sonia Malik, 571-372-1276.

SUPPLEMENTARY INFORMATION: This document gives notice of revisions in per diem rates prescribed by the Defense Travel Management Office for non-foreign areas outside the contiguous United States. It supersedes Civilian Personnel Per Diem Bulletin Number 301. Per Diem Bulletins published periodically in the **Federal Register** now constitute the only notification of revisions in per diem rates to agencies and establishments outside the Department of Defense. For more information or questions about per diem rates, please contact your local travel office. Civilian Bulletin 302 includes updated rates for Hawaii and the Midway Islands.

Dated: March 23, 2016.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-C

DEPARTMENT OF DEFENSE**Office of the Secretary****TRICARE Bundled Payment for Lower Extremity Joint Replacement or Reattachment (LEJR) Surgeries Based on Centers for Medicare and Medicaid Services (CMS) Comprehensive Care for Joint Replacement (CJR) Model****AGENCY:** Department of Defense.**ACTION:** Notice of demonstration.

SUMMARY: This notice is to advise interested parties of a Military Health System (MHS) demonstration project under the authority of Title 10, United States Code, Section 1092, entitled TRICARE Bundled Payment for Lower Extremity Joint Replacement or Reattachment (LEJR) Surgeries that will test bundled payment and quality measurement on an “episode of care” basis to encourage hospitals, physicians, and post-acute care providers to work together to improve the quality and coordination of care from the initial hospitalization through recovery. This demonstration is being conducted in compliance with Section 726 of the National Defense Authorization Act (NDAA) for 2016. This particular TRICARE demonstration will be based on Centers for Medicare and Medicaid Services’ (CMS) Comprehensive Care for Joint Replacement (CJR) Model, which will be implemented in 67 metropolitan statistical areas (MSAs) beginning April 1, 2016. CMS’s CJR Model is designed to promote better and more efficient care for beneficiaries undergoing LEJR surgery (DRG 469 (major joint replacement or reattachment of lower extremity with major complications or comorbidities) or 470 (major joint replacement or reattachment of lower extremity without major complications or comorbidities)). Participant hospitals in the CMS model will be held financially accountable for the quality and cost of the entire episode of care, which begins with hospital admission of a beneficiary and ends 90 days post-discharge in order to cover all related costs for the complete recovery period. This “bundled” episode includes all related items and services paid under Medicare Part A and Part B for all Medicare fee-for-service beneficiaries. The TRICARE demonstration project will test this value-based payment model in the Tampa-St. Petersburg MSA for DRG 470 only (including 90 days of related post-operative care) to assess whether value-driven bundled payment

incentives will result in a reduction in the rate of increase in health care spending and improvements in health care quality, patient experience of care, and overall health of TRICARE beneficiaries. All network and non-network hospitals with at least 20 TRICARE admissions for DRG 470 over the three years of Fiscal Year (FY) 2013, 2014, and 2015 shall be required to participate in the demonstration project (excluding admissions for beneficiaries with primary Other Health Insurance (OHI), Active Duty Service Members (ADSMs), and Medicare-TRICARE dual eligible beneficiaries). Once selected for participation, hospitals will remain in the project throughout the duration of this demonstration (regardless of actual TRICARE utilization) unless the Government directs otherwise.

DATES: Effective Date: This demonstration is mandated by Section 726 of the National Defense Authorization Act for Fiscal Year 2016, with an implementation deadline of May 23, 2016. This demonstration authority will remain in effect until December 31, 2019.

ADDRESSES: Defense Health Agency, Health Plan Execution and Operations, 7700 Arlington Boulevard, Suite 5101, Falls Church, Virginia 22042.

FOR FURTHER INFORMATION CONTACT: For questions pertaining to this demonstration, please contact Ms. Debra Hatzel at (303) 676-3572.

SUPPLEMENTARY INFORMATION:**A. Background**

Section 726 of the National Defense Authorization Act (NDAA) for Fiscal Year 2016 directed the Department of Defense to conduct a demonstration project on incentives to improve health care provided under the TRICARE program, also known as paying for value rather than for volume or value-based reimbursement. Innovative health care payment models are being tested and implemented by the CMS and a variety of commercial health care programs and insurers. This demonstration will assess whether value-driven incentives will result in a reduction in the rate of increase in health care spending and improvements in health care quality, patient experience of care, and overall health of TRICARE beneficiaries.

This demonstration program is based on the Medicare Program for Comprehensive Care for Joint Replacement (CJR) Payment Model for Acute Care Hospitals Furnishing Lower Extremity Joint Replacement Services, under the authority of the Center for Medicare and Medicaid Innovation (CMMI) pursuant to section 1115A of

the Social Security Act, and as implemented by CMS. A copy of the Final Rule published by CMS on November 24, 2015, may be found at <https://www.federalregister.gov/articles/2015/11/24/2015-29438/medicare-program-comprehensive-care-for-joint-replacement-payment-model-for-acute-care-hospitals>. In general, CMS sought to target high expenditure, high utilization procedures for which there were significant regional variation in spending. Acute care hospitals, as the site of surgery, will be held accountable for spending during the entire episode of care. This model seeks to promote the alignment of financial and other incentives for all health care providers and suppliers caring for a beneficiary during an LEJR episode, thereby improving quality and increasing efficiency in the provision of care. It is also anticipated the CJR model will benefit Medicare beneficiaries by improving coordination and transition of care by incentivizing more efficient service delivery and higher value care across the inpatient and post-acute care spectrum spanning the episode of care. The CMS CJR model will be implemented in 67 metropolitan statistical areas (MSAs) beginning April 1, 2016. Under Medicare, this episode-based payment model is mandatory for all hospitals in the designated MSAs.

The Department of Defense elected to conduct a demonstration project to adapt, in general, and test this value-based incentive program to assess whether a reduction in the rate of increase in health care spending can be achieved while simultaneously improving the experience and quality of health care provided to our beneficiaries by providing financial incentives for high-quality, efficient care. Consistent with the CJR model, TRICARE demonstration hospitals will be held accountable for the costs and quality of the entire episode of care and will be afforded the opportunity to earn performance-based payments by appropriately reducing expenditures and meeting certain quality metrics.

An analysis of LEJR surgeries in the TRICARE beneficiary population was conducted. This analysis revealed some of the Metropolitan Service Areas (MSAs) participating in the CMS Comprehensive Care for Joint Replacement (CJR) model have a substantial number of TRICARE-eligible beneficiaries. These locations include the Killeen-Temple TX MSA, the Seattle-Tacoma WA MSA, and the Tampa-St. Petersburg FL MSA. Both the Killeen-Temple MSA and the Seattle-Tacoma MSA are associated with large inpatient military treatment facilities
