agency staff contacted the lead attorney almost two months after the breach occurred.

*Case 5.* A law firm filed a public version of its complaint containing CBI in a section 337 investigation. The Commission found that the law firm did not violate the APO since the CBI that was disclosed and made publicly accessible was not obtained under an APO related to a Commission investigation. In addition, the disclosure of the CBI occurred before an APO was issued in the Commission investigation. The letter to the firm advised it to practice better procedures in the future to ensure that no CBI is disclosed.

By order of the Commission.

Issued: March 22, 2016.
