SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Monomoy NWR. We officially began this process through a notice of intent in the **Federal Register** (64 FR 9166) on February 24, 1999. That notice announced our intent to prepare one CCP for all eight refuges in the Eastern Massachusetts NWR Complex, including Monomoy NWR. In two subsequent notices in the **Federal Register**, published on February 15, 2001 (66 FR 10506), and December 13, 2004 (69 FR 72210), we explained our intent to reorganize our CCP planning effort for the eight refuges, including Monomoy NWR. For more information on the early planning process history, see the December 13, 2004, notice. On April 10, 2014, we announced the release of the draft CCP/Environmental Impact Statement (EIS) to the public and requested comments in a notice of availability (NOA) in the **Federal Register** (79 FR 19920). We subsequently extended the public comment period on the draft document in another notice in the **Federal Register** (79 FR 36553) on June 27, 2014. We released the final CCP/EIS for public review on October 30, 2015 (80 FR 66928). In addition, the Environmental Protection Agency (EPA) published **Federal Register** notices announcing the availability of our draft and final CCP/EIS coincident with our notices as
