Secretary of the Treasury administers, with the assistance of the Federal Insurance Office.³ Section 102 (2) of TRIA defines an "affiliate" with respect to an insurer as "* * * any entity that controls, is controlled by, or is under common control with the insurer". Section 102 (3) of the Act defines "control". Section 102(6) defines "insurer" to include "* * * any affiliate thereof". Taken together these definitions comprise one element in calculating costs and payments to the insurer under the Program. As such, there could be questions as to whether an affiliate relation exists between specific insurers, which will turn on whether one insurer controls, is controlled by, or is under common control with the other. The regulation, at 31 CFR 50.8 sets forth information which an insurer can provide to refute certain rebuttable presumptions of control described at 31 CFR 50.4(c). If not refuted, these rebuttable presumptions would lead to a determination that an affiliate relationship exists. This clearance action is for the data submission required to rebut a presumption of controlling influence specified in 31 CFR 50.8.

Type of Review: Extension of a currently approved data collection.
