BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–77469; File No. SR–CHX–2016–03]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt Article 20, Rule 13 To Implement the Regulation NMS Plan To Implement a Tick Size Pilot Program (“Plan”)

March 29, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4² thereunder, notice is hereby given that on March 28, 2016, the Chicago Stock Exchange, Inc. (“CHX” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to adopt Article 20, Rule 13 to implement the Regulation NMS Plan to Implement a Tick Size Pilot Program (“Plan”). Specifically, the Exchange proposes to adopt Article 20, Rule 13 to set forth the requirements for the collection and transmission of data pursuant to Appendices B and C of the Plan. The proposed rule change is substantially similar to proposed rule changes recently approved or published by the Commission by the Bats BZX Exchange, Inc. f/k/a BATS Exchange, Inc. (“BZX”) to adopt BZX Rule

11.27(b)³ and by the Financial Industry Regulatory Authority (“FINRA”) to adopt FINRA Rule 6191(b),⁴ both of which also sets forth requirements for the collection and transmission of data pursuant to Appendices B and C of the Plan. Therefore, the Exchange has designated this proposal as “non-controversial” and provided the Commission with the notice required by Rule 19b–4(f)(6)(iii) under the Act.⁵

The text of this proposed rule change is available on the Exchange’s Web site at (www.chx.com) and in the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 25, 2014, NYSE Group, Inc., on behalf of the Exchange, Bats BYX Exchange, Inc., BZX, Bats EDGA Exchange, Inc., Bats EDGX Exchange, Inc., FINRA, NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, New York Stock Exchange LLC (“NYSE”), NYSE MKT LLC, and NYSE Arca, Inc. (collectively “Plan Participants”), filed with the Commission, pursuant to Section 11A of the Act⁶ and Rule 608 of Regulation NMS thereunder,⁷ the Plan to Implement a Tick Size Pilot Program (“Pilot”).⁸ The Plan Participants filed the Plan to comply with an order issued

³ See Securities Exchange Act Release Nos. 77105 (February 10, 2016), 81 FR 8112 (February 17, 2016) (order approving SR–BATS–2015–102); and 77310 (March 7, 2016) (notice for comment and immediate effectiveness of SR–BATS–2016–27).

⁴ See Securities Exchange Act Release No. 77164 (February 17, 2016), 81 FR 9043 (February 23, 2016) (order approving SR–FINRA–2015–048).

⁸ See Letter from Brendon J. Weiss, Vice President, Intercontinental Exchange, Inc., to Secretary, Commission, dated August 25, 2014.

by the Commission on June 24, 2014.⁹ The Plan¹⁰ was published for comment in the **Federal Register** on November 7, 2014, and approved by the Commission, as modified, on May 6, 2015.¹¹

The Plan is designed to allow the Commission, market participants, and the public to study and assess the impact of increment conventions on the liquidity and trading of the common stocks of small-capitalization companies. Each Plan Participant is required to comply, and to enforce compliance by its members, as applicable, with the provisions of the Plan. As is described more fully below, the proposed rules would require CHX Participants¹² to comply with the applicable data collection requirements of the Plan.¹³

The Pilot will include stocks of companies with \$3 billion or less in market capitalization, an average daily trading volume of one million shares or less, and a volume weighted average price of at least \$2.00 for every trading day. The Pilot will consist of a control group of approximately 1400 Pilot Securities and three test groups with 400 Pilot Securities in each (selected by a stratified random sampling process).¹⁴ During the pilot, Pilot Securities in the control group will be quoted at the current tick size increment of \$0.01 per share and will trade at the currently permitted increments. Pilot Securities in the first test group (“Test Group One”) will be quoted in \$0.05 minimum increments but will continue to trade at any price increment that is currently permitted.¹⁵ Pilot Securities in the second test group (“Test Group Two”) will be quoted in \$0.05 minimum increments and will trade at \$0.05 minimum increments subject to a midpoint exception, a retail investor order exception, and a negotiated trade

⁹ See Securities Exchange Act Release No. 72460 (June 24, 2014), 79 FR 36840 (June 30, 2014).

¹⁰ Unless otherwise specified, capitalized terms used in this rule filing are based on the defined terms of the Plan.

¹¹ See Securities Exchange Act Release No. 74892 (May 6, 2015), 80 FR 27513 (May 13, 2015) (“Approval Order”).

¹² A “Participant” is a “member” of the Exchange for purposes of the Act. See CHX Article 1, Rule 1(s). For clarity, the Exchange proposes to utilize the term “CHX Participant” when referring to members of the Exchange and the term “Plan Participant” when referring to Participants of the Plan.

¹³ The Exchange proposes Interpretations and Policies .11 to proposed Article 20, Rule 13 to provide that the Rule shall be in effect during a pilot period to coincide with the pilot period for the Plan (including any extensions to the pilot period for the Plan).

¹⁴ See Section V of the Plan for identification of Pilot Securities, including criteria for selection and grouping.

¹⁵ See Section VI(B) of the Plan.

⁴³ 17 CFR 200.30–3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

exception.¹⁶ Pilot Securities in the third test group (“Test Group Three”) will be subject to the same quoting and trading increments as Test Group Two and also will be subject to the “Trade-at” requirement to prevent price matching by a market Plan Participant that is not displaying at a Trading Center’s “Best Protected Bid” or “Best Protected Offer,” unless an enumerated exception applies.¹⁷ In addition to the exceptions provided under Test Group Two, an exception for Block Size orders and exceptions that mirror those under Rule 611 of Regulation NMS¹⁸ will apply to the Trade-at requirement.

In approving the Plan, the Commission noted that the Trading Center data reporting requirements would facilitate an analysis of the effects of the Pilot on liquidity (*e.g.*, transaction costs by order size), execution quality (*e.g.*, speed of order executions), market maker activity, competition between trading venues (*e.g.*, routing frequency of market orders), transparency (*e.g.*, choice between displayed and hidden orders), and market dynamics (*e.g.*, rates and speed of order cancellations).¹⁹ The Commission noted that Market Maker profitability data would assist the Commission in evaluating the effect, if any, of a widened tick increment on market maker profits and any corresponding changes in the liquidity of small-capitalization securities.²⁰

Compliance With the Data Collection Requirements of the Plan

The Plan contains requirements for collecting and transmitting data to the Commission and to the public.²¹ Specifically, Appendix B.I of the Plan (Market Quality Statistics) requires Trading Centers²² to submit a variety of market quality statistics, including

information about an order’s original size, whether the order was displayable or not, the cumulative number of orders, the cumulative number of shares of orders, and the cumulative number of shares executed within specific time increments, *e.g.*, from 30 seconds to less than 60 seconds after the time of order receipt. This information shall be categorized by security, order type, original order size, hidden status, and coverage under Rule 605.²³ Appendix B.I of the Plan also contains additional requirements for market orders and marketable limit orders, including the share-weighted average effective spread for executions of orders; the cumulative number of shares of orders executed with price improvement; and, for shares executed with price improvement, the share-weighted average amount per share that prices were improved.

Appendix B.II of the Plan (Market and Marketable Limit Order Data) requires Trading Centers to submit information relating to market orders and marketable limit orders, including the time of order receipt, order type, the order size, the National Best Bid and National Best Offer (“NBBO”) quoted price, the NBBO quoted depth, the average execution price-share-weighted average, and the average execution time-share-weighted average.

The Plan requires Appendix B.I and B.II data to be submitted by Plan Participants that operate a Trading Center, and by members of the Plan Participants that operate Trading Centers. The Plan provides that each Plan Participant that is the Designated Examining Authority (“DEA”) for a member of the Plan Participant that operates a Trading Center shall collect such data in a pipe delimited format, beginning six months prior to the Pilot Period and ending six months after the end of the Pilot Period. The Plan also requires the Plan Participant, operating as DEA, to transmit this information to the SEC within 30 calendar days following month end.

The Exchange is therefore proposing Article 20, Rule 13(b) to set forth the requirements for the collection and transmission of data pursuant to Appendices B and C of the Plan. Proposed Article 20, Rule 13(b) is substantially similar to proposed rule changes by BZX that were recently approved or published by the Commission to adopt BZX Rule 11.27(b) which also sets forth requirements for the collection and transmission of data pursuant to Appendices B and C of the Plan;²⁴ provided the following:

- Proposed Article 20, Rule 13(b)(2)(A) is similar to proposed rule changes by FINRA that were recently approved or published by the Commission to adopt FINRA Rule 6191(b)(2).²⁵

- Proposed Article 20, Rule 13(b)(3)(B) is similar to approved BZX Rule 11.27(b)(3)(B), except that the Exchange is also proposing to require CHX Participant Market Makers for which the Exchange is the DEA to transmit Appendix B.IV data to FINRA directly, as discussed below.²⁶

- Proposed Article 20, Rule 13(b)(4)(B) is similar to approved BZX Rule 11.27(b)(4)(B), except that the Exchange is also proposing to require CHX Participant Market Makers for which the Exchange is the DEA to transmit Appendix C.I data to FINRA directly, as discussed below.²⁷

Appendices B.I and B.II

Proposed Article 20, Rule 13(b)(1) requires that a CHX Participant that operates a Trading Center shall establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the data collection and transmission requirements of Items I and II to Appendix B of the Plan, and a CHX Participant that is a Market Maker shall establish, maintain and enforce written policies and procedures that are reasonably designed to comply with the data collection and transmission requirements of Item IV of Appendix B of the Plan and Item I of Appendix C of the Plan.

The Exchange notes that the data requirements of Items I and II to Appendix B of the Plan necessitates that the Exchange adopt two sets of rules: One for CHX Participants that operate Trading Centers subject to the Plan for which the Exchange is the DEA (*i.e.*, proposed Article 20, Rule 13(b)(2)(A)) and another for the Trading Center operated by the Exchange (*i.e.*, proposed Article 20, Rule 13(b)(2)(B)), as discussed below.

²⁵ Prior to the operative date of the proposed rule change, the Exchange will enter into a Tick Size Pilot Program Regulatory Services Agreement with FINRA (“TSPP RSA”), pursuant to which FINRA will consume and process certain data elements required under Appendices B.I, B.II, B.IV and C.I of the Plan that would either be submitted to FINRA by the Exchange (for Appendices B.I and B.II data) or by CHX Participants directly (for Appendices B.IV and C.I data). In turn, FINRA would provide the Exchange with processed data in a form as required for submission to the SEC under the Plan. At all times, the Exchange will maintain its data reporting obligations pursuant to the Plan.

²⁶ See *id.*

²⁷ See *id.*

¹⁶ See Section VI(C) of the Plan.

¹⁷ See Section VI(D) of the Plan.

¹⁸ 17 CFR 242.611.

¹⁹ See Approval Order, 80 FR at 27543.

²⁰ *Id.*

²¹ The Exchange is also required by the Plan to establish, maintain, and enforce written policies and procedures that are reasonably designed to comply with applicable quoting and trading requirements specified in the Plan. The Exchange intends to separately propose rules that would require compliance by its CHX Participants with the applicable quoting and trading requirements specified in the Plan, and has reserved paragraph (a) of proposed Article 20, Rule 13 for such rules.

²² The Plan incorporates the definition of a “Trading Center” from Rule 600(b)(78) of Regulation NMS. Regulation NMS defines a “Trading Center” as “a national securities exchange or national securities association that operates an SRO trading facility, an alternative trading system, an exchange market maker, an OTC market maker, or any other broker or dealer that executes orders internally by trading as principal or crossing orders as agent.” See 17 CFR 242.600(b).

²³ 17 CFR 242.605.

²⁴ See *supra* note 3.

Certain CHX Participant Trading Centers

Similar to FINRA Rule 6191(b)(2)(A)(i), proposed Article 20, Rule 13(b)(2)(A)(i) requires that a CHX Participant that operates a Trading Center subject to the Plan, and for which CHX is the DEA, shall collect and transmit to the Exchange the data described in Items I and II of Appendix B of the Plan with respect to each Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period; and each Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period.²⁸

Section IV of the Plan (Policies and Procedures) provides that each Plan Participant that is the DEA of a member of a Plan Participant operating a Trading Center is required to develop appropriate policies and procedures for collecting and reporting the data described in Items I and II of Appendix B, as applicable, to the DEA Plan Participant. The Exchange has determined that all of the data required by Appendix B.I and B.II to the Plan currently is reported to the Exchange pursuant to CHX Article 11, Rule 3, which requires CHX Participants for which the Exchange is the DEA, among others, to record certain order and execution information into an electronic system designated by the Exchange. In the interest of increasing the efficiency of the data collection process and the consistency of that data to be collected under the Plan, the Exchange proposes to use Article 11, Rule 3 as the vehicle through which Trading Centers must comply with their reporting obligations pursuant to Appendix B.I and B.II of the Plan.

Accordingly, similar to FINRA Rule 6191(b)(2)(A)(ii), proposed Article 20, Rule 13(b)(2)(A)(ii) provides that each CHX Participant that operates a Trading Center subject to the Plan, and for which CHX is the DEA, shall meet the data collection and reporting requirements in Items I and II of Appendix B through their submission of data elements required pursuant to Article 11, Rule 3, as well as the following additional data elements, when an order in a Pilot Security or Pre-Pilot Data Collection Security is received or originated: (a) Whether the CHX Participant is a Trading Center in either the Pilot Security or the Pre-Pilot

²⁸ As of the date of this filing, the Exchange has three CHX Participants that would be subject to the requirements of proposed paragraph (b)(2)(A). All three of these firms are also members of FINRA.

Data Collection Security; and (b) whether the order is routable.

Moreover, similar to FINRA Rule 6191(b)(2)(A)(iii), proposed CHX Article 20, Rule 13(b)(2)(A)(iii) provides that when an order in a Pilot Security or Pre-Pilot Data Collection Security is executed, each CHX Participant subject to this paragraph (b)(2)(A) shall comply with its collection and transmission obligations under Items I and II of Appendix B to the Plan and this Rule by identifying whether CHX Participant is relying upon the Retail Investor Order exception with respect to the execution of the order.

As an initial matter, only those CHX Participants that operate a Trading Center and for which the Exchange is the DEA are required to make any changes to their Article 11, Rule 3 data recording. CHX Participants that do not operate Trading Centers or that have another self-regulatory organization as DEA will be permitted to leave the new fields blank. CHX Participants that operate Trading Centers and which the Exchange is the DEA will be required to indicate their status as a Trading Center for new orders involving Pre-Pilot Data Collection Securities and Pilot Securities.²⁹

Moreover, the proposed rule change adds a new requirement to capture whether an order in a Pre-Pilot Data Collection Security or a Pilot Security received by a CHX Participant that operates a Trading Center and for which the Exchange is the DEA is routable³⁰ and whether the CHX Participant is relying on the Retail Investor Order exception in the Plan with respect to the execution of the order. These additional fields are necessary so that the Exchange can capture the information required by Item II(n) and II(o) of Appendix B to the Plan.

Similar to FINRA Rule 6191(b)(2)(A)(iv), proposed Article 20, Rule 13(b)(2)(A)(iv) provides that each CHX Participant that operates a Trading Center subject to the Tick Size Pilot Program, and for which the Exchange is the DEA, shall submit data required under this paragraph (b)(2)(A) by 8:00

²⁹ The Exchange notes that CHX Participants are already required to record the display size of an order, pursuant to the CHX Article 11, Rule 3(c)(5) and (16), and thus, the Exchange already captures information required by Appendix B regarding hidden and displayed size.

³⁰ The Exchange notes that it currently requires CHX Participants for which the Exchange is the DEA to record whether an order received by the CHX Participant is routable, pursuant to CHX Article 11, Rule 3(c)(27), which provides that the Exchange may require CHX Participants to record "such other information as the Exchange may from time to time require."

a.m. CST the calendar day following the reportable event.

As set forth in Section VII of the Plan (Collection of Pilot Data) and similar to FINRA Rule 6191(b)(2)(B), proposed Article 20, Rule 13(b)(2)(A)(v) provides that the Exchange shall collect and transmit to the SEC the data described in Items I and II of Appendix B of the Plan and collected pursuant to this paragraph (b)(2)(A).³¹ The Exchange shall transmit such data to the SEC in a pipe delimited format, on a disaggregated basis by Trading Center, within 30 calendar days following month end. Also, the Exchange shall make such data publicly available on the CHX Web site on a monthly basis at no charge and shall not identify the Trading Center that generated the data.

CHX Trading Center

Proposed Article 20, Rule 13(b)(2)(B)(i) provides that the Exchange shall collect and transmit to the SEC the data described in Items I and II of Appendix B of the Plan relating to trading activity in Pre-Pilot Securities and Pilot Securities on a Trading Center operated by the Exchange. The Exchange shall transmit such data to the SEC in a pipe delimited format, on a disaggregated basis by Trading Center, within 30 calendar days following month end for: (i) Each Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period; and (ii) each Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period. The Exchange also shall make such data publicly available on the Exchange Web site on a monthly basis at no charge and will not identify the CHX Participant that generated the data.

Appendix B.IV

Appendix B.IV (Daily Market Maker Participation Statistics) requires a Plan Participant to collect data related to Market Maker participation from each Market Maker³² engaging in trading activity on a Trading Center operated by the Plan Participant. The Exchange is therefore proposing Article 20, Rule 13(b)(3) to gather data about a Market Maker's participation in Pilot Securities and Pre-Pilot Data Collection Securities. Proposed Article 20, Rule 13(b)(3)(A) provides that a CHX Participant that is

³¹ See *supra* note 25.

³² The Plan defines a Market Maker as "a dealer registered with any self-regulatory organization, in accordance with the rules thereof, as (i) a market maker or (ii) a liquidity provider with an obligation to maintain continuous, two-sided trading interest."

a Market Maker shall collect and transmit to their DEA data relating to Item IV of Appendix B of the Plan with respect to activity conducted on any Trading Center in Pilot Securities and Pre-Pilot Data Collection Securities in furtherance of its status as a registered Market Maker, including a Trading Center that executes trades otherwise than on a national securities exchange, for transactions that have settled or reached settlement date. The proposed rule requires Market Makers to transmit such data in a format required by their DEA, by 12:00 p.m. EST on T+4 for: (i) Transactions in each Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period; and (ii) for transactions in each Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period.

However, the Exchange understands that some CHX Participants may utilize a DEA that is not a Plan Participant to the Plan and that their DEA would not be subject to the Plan's data collection requirements. In such case, a DEA that is not a Plan Participant of the Plan would not be required to collect the required data and may not establish procedures for CHX Participants for which it acts as DEA to report the data required under subparagraphs (b)(3)(A) of proposed Article 20, Rule 13(b)(3)(A) and in accordance with Item IV of Appendix B of the Plan.

Moreover, to facilitate the linking of relevant transactions across various Trading Centers by a CHX Participant Market Maker, the Exchange proposes to require CHX Participants Market Makers for which the Exchange is the DEA to submit data relating to Item IV of Appendix B to FINRA directly.³³

Therefore, the Exchange proposes to adopt subparagraph (b)(3)(B) to proposed Article 20, Rule 13 to require a CHX Participant that is a Market Maker whose DEA (i) is not a Plan Participant to the Plan or (ii) is the Exchange to transmit the data collected pursuant to paragraph (3)(A) of proposed Article 20, Rule 13 to FINRA, which is a Plan Participant to the Plan and is to collect data relating to Item IV of Appendix B of the Plan on behalf of the Plan Participants. For Market Makers for which it is the DEA, FINRA issued a Market Maker Transaction Data Technical Specification to collect data on Pre-Pilot Data Collection Securities and Pilot Securities from Trading

Centers to comply with the Plan's data collection requirements.³⁴

Proposed Article 20, Rule 13(b)(3)(C) provides that the Exchange shall transmit the data collected by the DEA or FINRA pursuant to proposed Article 20, Rule 13(b)(3)(A) and (B) above relating to Market Maker activity on a Trading Center operated by the Exchange to the SEC in a pipe delimited format within 30 calendar days following month end. The Exchange shall also make such data publicly available on the Exchange Web site on a monthly basis at no charge and shall not identify the Trading Center that generated the data.

Appendix C.I

Appendix C.I (Market Maker Profitability) requires a Plan Participant to collect data related to Market Maker profitability from each Market Maker for which it is the DEA. Specifically, the Plan Participant is required to collect the total number of shares of orders executed by the Market Maker; the raw Market Maker realized trading profits, and the raw Market Maker unrealized trading profits. Data shall be collected for dates starting six months prior to the Pilot Period through six months after the end of the Pilot Period. This data shall be collected on a monthly basis, to be provided in a pipe delimited format to the Plan Participant, as DEA, within 30 calendar days following month end. Appendix C.II (Aggregated Market Maker Profitability) requires the Plan Participant, as DEA, to aggregate the Appendix C.I data, and to categorize this data by security as well as by the control group and each Test Group. That aggregated data shall contain information relating to total raw Market Maker realized trading profits, volume-weighted average of raw Market Maker realized trading profits, the total raw Market Maker unrealized trading profits, and the volume-weighted average of Market Maker unrealized trading profits.

The Exchange is therefore proposing Article 20, Rule 13(b)(4) to set forth the requirements for the collection and transmission of data pursuant to Appendix C.I of the Plan. Proposed Article 20, Rule 13(b)(4)(A) requires that a CHX Participant that is a Market Maker shall collect and transmit to their DEA the data described in Item I of Appendix C of the Plan with respect to executions in Pilot Securities that have

settled or reached settlement date that were executed on any Trading Center. The proposed rule also requires CHX Participants to provide such data in a format required by their DEA by 12 p.m. EST on T+4 for executions during and outside of Regular Trading Hours in each: (i) Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period; and (ii) Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period.

For the same reasons set forth above for subparagraph (b)(3)(B) to proposed Article 20, Rule 13, the Exchange proposes to adopt subparagraph (b)(4)(B) to proposed Article 20, Rule 13 to require a CHX Participant that is a Market Maker whose DEA (i) is not a Plan Participant to the Plan or (ii) the Exchange to transmit the data collected pursuant to paragraph (4)(A) of Article 20, Rule 13 to FINRA directly. As stated above, FINRA is a Plan Participant to the Plan and is to collect data relating to Item I of Appendix C of the Plan on behalf of the Plan Participants. For Market Makers for which it is the DEA, FINRA issued a Market Maker Transaction Data Technical Specification to collect data on Pre-Pilot Data Collection Securities and Pilot Securities from Trading Centers to comply with the Plan's data collection requirements.³⁵

Appendix B.III

The Exchange is also adopting a rule setting forth the manner in which Market Maker participation will be calculated. Item III of Appendix B of the Plan requires each Plan Participant that is a national securities exchange to collect daily Market Maker registration statistics categorized by security, including the following information: (i) Ticker symbol; (ii) the Plan Participant exchange; (iii) number of registered market makers; and (iv) the number of other registered liquidity providers. Therefore, the Exchange proposes to adopt proposed Article 20, Rule 13(b)(5) providing that the Exchange shall collect and transmit to the SEC the data described in Item III of Appendix B of the Plan relating to daily Market Maker registration statistics in a pipe delimited format within 30 calendar days following month end for: (i) Transactions in each Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period;

³⁴ CHX Participant Market Makers that would be obligated to submit data relating to Item IV of Appendix B to FINRA directly should refer to the Market Maker Transaction Data Technical Specification on the FINRA Web site at <http://www.finra.org/sites/default/files/market-maker-transaction-data-tech-specs.pdf>.

³⁵ *Id.*

³³ See *supra* note 25.

and (ii) transactions in each Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period.

The Exchange is also proposing, through Interpretations and Policies, to clarify other aspects of the data collection requirements.³⁶ Proposed Interpretations and Policies .02 relates to the use of the retail investor order flag for purposes of Appendix B.II(n) reporting. The Plan currently states that market and marketable limit orders shall include a “yes/no” field relating to the Retail Investor Order flag. The Exchange is proposing Interpretations and Policies .02 to clarify that, for purposes of the reporting requirement in Appendix B.II(n), a Trading Center shall report “y” to their DEA where it is relying upon the Retail Investor Order exception to Test Groups Two and Three, and “n” for all other instances.³⁷ The Exchange believes that requiring the identification of a Retail Investor Orders only where the exception may apply (*i.e.*, Pilot Securities in Test Groups Two and Three) is consistent with Appendix B.II(n).

Interpretations and Policies .03 requires that CHX Participants populate a field to identify to their DEA whether an order is affected by the bands in place pursuant to the National Market System Plan to Address Extraordinary Market Volatility.³⁸ Pursuant to the Limit-Up Limit-Down Plan, between 9:30 a.m. and 4:00 p.m., the Securities Information Processor (“SIP”) calculates a lower price band and an upper price band for each NMS stock. These price bands represent a specified percentage above or below the stock’s reference price, which generally is calculated based on reported transactions in that stock over the preceding five minutes. When one side of the market for an

individual security is outside the applicable price band, the SIP identifies that quotation as non-executable. When the other side of the market reaches the applicable price band (*e.g.*, the offer reaches the lower price band), the security enters a Limit State. The stock would exit a Limit State if, within 15 seconds of entering the Limit State, all Limit State Quotations were executed or canceled in their entirety. If the security does not exit a Limit State within 15 seconds, then the primary listing exchange declares a five-minute trading pause, which would be applicable to all markets trading the security.

The Exchange and the other Plan Participants have determined that it is appropriate to create a new flag for reporting orders that are affected by the Limit-Up Limit-Down bands. Accordingly, a Trading Center shall report a value of “Y” to their DEA when the ability of an order to execute has been affected by the Limit-Up Limit-Down bands in effect at the time of order receipt. A Trading Center shall report a value of “N” to their DEA when the ability of an order to execute has not been affected by the Limit-Up Limit-Down bands in effect at the time of order receipt.

Interpretations and Policies .03 also requires, for securities that may trade in a foreign market, that the Plan Participant indicate whether the order was handled domestically, or routed to a foreign venue. Accordingly, the Plan Participant will indicate, for purposes of Appendix B.I, whether the order was: (1) Fully executed domestically, or (2) fully or partially executed on a foreign market. For purposes of Appendix B.II, the Plan Participant will classify all orders in securities that may trade in a foreign market Pilot and Pre-Pilot Securities as: (1) Directed to a domestic venue for execution; (2) may only be directed to a foreign venue for execution; or (3) was fully or partially directed to a foreign venue at the discretion of the CHX Participant. The Exchange believes that this proposed flag will better identify orders in securities that may trade in a foreign market, as such orders that were routed to foreign venues would not be subject to the Plan’s quoting and trading requirements, and could otherwise compromise the integrity of the data.

Interpretations and Policies .04 relates to the time ranges specified in Appendix B.I.a(14), B.I.a(15), B.I.a(21) and B.I.a(22).³⁹ The Exchange and the

other Plan Participants have determined that it is appropriate to change the reporting times in these provisions to require more granular reporting for these categories. Accordingly, the Exchange proposes to add Appendix B.I.a(14A), which will require Trading Centers to report the cumulative number of shares of orders executed from 100 microseconds to less than 1 millisecond after the time of order receipt. Appendix B.I.a(15) will be changed to require the cumulative number of shares of orders executed from 1 millisecond to less than 100 milliseconds after the time of order receipt. The Exchange also proposes to add Appendix B.I.a(21A), which will require Trading Centers to report the cumulative number of shares of orders canceled from 100 microseconds to less than 1 millisecond after the time of order receipt. Appendix B.I.a(22) will be changed to require the cumulative number of shares of orders canceled from 1 millisecond to less than 100 milliseconds after the time of order receipt. The Exchange believes that these new reporting requirements will contribute to a meaningful analysis of the Pilot by producing more granular data on these points.⁴⁰

Interpretations and Policies .05 relates to the relevant measurement for purposes of Appendix B.I.a(31)–(33) reporting. Currently, the Plan states that this data shall be reported as of the time of order execution. The Exchange and the other Plan Participants believe that this information should more properly be captured at the time of order receipt as evaluating share-weighted average prices at the time of order receipt is more consistent with the goal of observing the effect of the Pilot on the liquidity of Pilot Securities. The Exchange is therefore proposing to make this change through Interpretations and Policies .05.⁴¹ This change will make these provisions consistent with the remainder of the statistics in Appendix B.I.a, which are all based on order receipt.

Interpretations and Policies .06 addresses the status of not-held and auction orders for purposes of Appendix

Appendix B.I.a(15) requires reporting of the cumulative number of shares of orders executed from 100 microseconds to less than 100 milliseconds after the time of order receipt; Appendix B.I.a(21) requires reporting of the cumulative number of shares of orders cancelled from 0 to less than 100 microseconds after the time of order receipt; and Appendix B.I.a(22) requires reporting of the cumulative number of shares of orders cancelled from 100 microseconds to less than 100 milliseconds after the time of order receipt.

⁴⁰ The Commission granted BZX an exemption from Rule 608(c) related to this provision. See Exemption Letter, *supra* note 37.

⁴¹ *Id.*

³⁶ The Exchange is also proposing Interpretations and Policies .01 to Article 20, Rule 13 to clarify that certain enumerated terms used throughout Article 20, Rule 13 shall have the same meaning as set forth in the Plan.

³⁷ FINRA, on behalf of the Plan Participants submitted a letter to Commission requesting exemption from certain provisions of the Plan related to data collection. See letter from Marcia E. Asquith, Senior Vice President and Corporate Secretary, FINRA dated December 9, 2015 to Robert W. Errett, Deputy Secretary, Commission (“Exemption Request”). The Commission, pursuant to its authority under Rule 608(e) of Regulation NMS, granted BZX a limited exemption from the requirement to comply with certain provisions of the Plan as specified in the letter and noted herein. See letter from David Shillman, Associate Director, Division of Trading and Markets, Commission to Eric Swanson, General Counsel, BZX, dated February 10, 2016 (“Exemption Letter”).

³⁸ See National Market System Plan to Address Extraordinary Market Volatility, Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012) (File No. 4–631) (“Limit-Up Limit-Down Plan”).

³⁹ Specifically, Appendix B.I.a(14) requires reporting of the cumulative number of shares of orders executed from 0 to less than 100 microseconds after the time of order receipt;

B.I reporting. Currently, Appendix B.I sets forth eight categories of orders, including market orders, marketable limit orders, and inside-the-quote resting limit orders, for which daily market quality statistics must be reported. Currently, Appendix B.I does not provide a category for not held orders, clean cross orders, auction orders, or orders received when the NBBO is crossed. The Exchange and the other Plan Participants have determined that it is appropriate to include separate categories for these order types for purposes of Appendix B reporting. The Exchange is therefore proposing Interpretations and Policies .06 to provide that not held orders shall be included as an order type for purposes of Appendix B reporting, and shall be assigned the number (18). Clean cross orders shall be included as an order type for purposes of Appendix B reporting, and shall be assigned the number (19); auction orders shall be included as an order type for purposes of Appendix B reporting, and shall be assigned the number (20); and orders that cannot otherwise be classified, including, for example, orders received when the NBBO is crossed shall be included as an order type for purposes of Appendix B reporting, and shall be assigned the number (21). All of these orders already are included in the scope of Appendix B; however, without this proposed change, these order types would be categorized with other orders, such as regular held orders, that should be able to be fully executed upon receipt, which would compromise the value of this data.

The Exchange is proposing Interpretations and Policies .07 to clarify the scope of the Plan as it relates to CHX Participants that only execute orders limited purposes. Specifically, the Exchange and the other Plan Participants believe that a CHX Participant that only executes orders otherwise than on a national securities exchange for the purpose of: (1) Correcting a bona fide error related to the execution of a customer order; (2) purchasing a security from a customer at a nominal price solely for purposes of liquidating the customer's position; or (3) completing the fractional share portion of an order⁴² shall not be deemed a Trading Center for purposes of Appendix B to the Plan. The Exchange is therefore proposing

⁴² The Exchange notes that where a CHX Participant purchases a fractional share from a customer, the Trading Center that executes the remaining whole shares of that customer order would be subject to Appendix B of the Plan.

Supplementary Material .09 to make this clarification.

The Exchange is proposing Interpretations and Policies .08 to clarify that, for purposes of the Plan, Trading Centers must begin the data collection required pursuant to Appendix B.I.a(1) through B.II.(y) of the Plan and Item I of Appendix C of the Plan on April 4, 2016. While the Exchange or the CHX Participant's DEA will provide the information required by Appendix B and C of the Plan during the Pilot Period, the requirement that the Exchange or their DEA provide information to the SEC within 30 days following month end and make such data publicly available on its Web site pursuant to Appendix B and C shall commence six months prior to the beginning of the Pilot Period.⁴³

The Exchange is proposing Interpretations and Policies .09 to address the requirement in Appendix C.I(b) of the Plan that the calculation of raw Market Maker realized trading profits utilize a last in, first out ("LIFO")-like method to determine which share prices shall be used in that calculation. The Exchange and the other Plan Participants believe that it is more appropriate to utilize a methodology that yields LIFO-like results, rather than utilizing a LIFO-like method, and the Exchange is therefore proposing Interpretations and Policies .09 to make this change.⁴⁴ The Exchange is proposing that, for purposes of Item I of Appendix C, the Plan Participants shall calculate daily Market Maker realized profitability statistics for each trading

⁴³ In its order approving the Plan, the SEC noted that the Pilot shall be implemented within one year of the date of publication of its order, e.g., by May 6, 2016. See Approval Order, 80 FR at 27545. However, on November 6, 2015, the SEC extended the implementation date approximately five months to October 3, 2016. See Securities Exchange Act Release No. 76382 (November 6, 2015), 80 FR 70284 (File No. 4-657) (Order Granting Exemption From Compliance With the National Market System Plan To Implement a Tick Size Pilot Program); see also Letter from Brendon J. Weiss, Co-Head, Government Affairs, Intercontinental Exchange/NYSE, to Brent J. Fields, Secretary, Commission, dated November 4, 2015 (requesting the data collection period be extended until six months after the requisite SRO rules are approved, and the implementation date of the Tick Size Pilot until six months thereafter).

⁴⁴ Appendix C.I currently requires Market Maker profitability statistics to include (1) the total number of shares of orders executed by the Market Maker; (2) raw Market Maker realized trading profits, which is the difference between the market value of Market Maker shares and the market value of Market Maker purchases, using a LIFO-like method; and (3) raw Market Maker unrealized trading profits, which is the difference between the purchase or sale price of the end-of-day inventory position of the Market Maker and the Closing Price. In the case of a short position, the Closing Price from the sale will be subtracted; in the case of a long position, the purchase price will be subtracted from the Closing Price.

day on a daily LIFO basis using reported trade price and shall include only trades executed on the subject trading day. The daily LIFO calculation shall not include any positions carried over from previous trading days. For purposes of Item I.c of Appendix C, the Plan Participants shall calculate daily Market Maker unrealized profitability statistics for each trading day on an average price basis. Specifically, the Plan Participants must calculate the volume weighted average price of the excess (deficit) of buy volume over sell volume for the current trading day using reported trade price. The gain (loss) of the excess (deficit) of buy volume over sell volume shall be determined by using the volume weighted average price compared to the closing price of the security as reported by the primary listing exchange. In reporting unrealized trading profits, the Plan Participant shall also report the number of excess (deficit) shares held by the Market Maker, the volume weighted average price of that excess (deficit) and the closing price of the security as reported by the primary listing exchange used in reporting unrealized profit.⁴⁵

Finally, the Exchange is proposing Interpretations and Policies .10 to address the securities that will be used for data collection purposes prior to the commencement of the Pilot. The Exchange and the other Plan Participants have determined that it is appropriate to collect data for a group of securities that is larger, and using different quantitative thresholds, than the group of securities that will be Pilot Securities. The Exchange is therefore proposing Interpretations and Policies .10 to define "Pre-Pilot Data Collection Securities" as the securities designated by the Plan Participants for purposes of the data collection requirements described in Items I, II and IV of Appendix B and Item I of Appendix C of the Plan for the period beginning six months prior to the Pilot Period and ending on the trading day immediately preceding the Pilot Period. The Plan Participants shall compile the list of Pre-Pilot Data Collection Securities by selecting all NMS stocks with a market capitalization of \$5 billion or less, a Consolidated Average Daily Volume (CADV) of 2 million shares or less and a closing price of \$1 per share or more. The market capitalization and the closing price thresholds shall be applied to the last day of the Pre-Pilot measurement period, and the CADV threshold shall be applied to the

⁴⁵ The Commission granted BZX an exemption from Rule 608(c) related to this provision. See Exemption Letter, *supra* note 37.

duration of the Pre-Pilot measurement period. The Pre-Pilot measurement period shall be the three calendar months ending on the day when the Pre-Pilot Data Collection Securities are selected. The Pre-Pilot Data Collection Securities shall be selected thirty days prior to the commencement of the six-month Pre-Pilot Period. On the trading day that is the first trading day of the Pilot Period through six months after the end of the Pilot Period, the data collection requirements will become applicable to the Pilot Securities only. A Pilot Security will only be eligible to be included in a Test Group if it was a Pre-Pilot Security.

Implementation Date

The proposed rule change will be operative on April 4, 2016.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴⁷ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that this proposal is consistent with the Act because it implements and clarifies the provisions of the Plan, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. In approving the Plan, the SEC noted that the Pilot was an appropriate, data-driven test that was designed to evaluate the impact of a wider tick size on trading, liquidity, and the market quality of securities of smaller capitalization companies, and was therefore in furtherance of the purposes of the Act. The Exchange believes that this proposal is in furtherance of the objectives of the Plan, as identified by the SEC, and is therefore consistent with the Act because the proposal implements and clarifies the requirements of the Plan and applies specific obligations to CHX Participants in furtherance of compliance with the Plan.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Exchange in meeting its regulatory obligations pursuant to the Plan. The Exchange also notes that the data collection requirements for CHX Participants that operate Trading Centers will apply equally to all such CHX Participants, as will the data collection requirements for Market Makers.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁴⁸ and Rule 19b-4(f)(6) thereunder.⁴⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁵⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁵¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it would allow the Exchange to implement the proposed amendments on April 4, 2016, the date upon which the data collection requirements of the Plan become effective.⁵² Therefore, the

⁴⁸ 15 U.S.C. 78s(b)(3)(A).

⁴⁹ 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

⁵⁰ 17 CFR 240.19b-4(f)(6).

⁵¹ 17 CFR 240.19b-4(f)(6)(iii).

⁵² See Securities Exchange Act Release No. 76382 (November 6, 2015), 80 FR 70284 (File No. 4-657) (Order Granting Exemption From Compliance With

Commission hereby waives the operative delay and designates the proposal operative on April 4, 2016.⁵³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CHX-2016-03 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.
- All submissions should refer to File Number SR-CHX-2016-03. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be

the National Market System Plan To Implement a Tick Size Pilot Program).

⁵³ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁴⁶ 15 U.S.C. 78f(b).

⁴⁷ 15 U.S.C. 78f(b)(5).

available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CHX-2016-03, and should be submitted on or before April 25, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁵⁴

Robert W. Errett,
Deputy Secretary.
