Abstract: The Secretary of Education is authorized by 34 CFR part 602 to recognize accrediting agencies to ensure that these agencies are, for the purposes of the Higher Education Act of 1965, as amended (HEA), or for other Federal purposes, reliable authorities regarding the quality of education or training offered by the institutions or programs they accredit. Federal regulations (34 CFR 602.26) outline information that accrediting agencies must report to the Department of Education on a timely basis in order to support the Department's oversight role, including information on accreditation actions taken with regard to institutions and programs. The proposed information collection will clarify the categories of actions taken by accreditors, the reporting required or requested on those actions, and the format for submitting the information.

The proposed information collection includes two items—a letter and an Excel spreadsheet. The Accreditor Letter on Terminology and Reporting is a draft of a letter the Department plans to send to accrediting agencies to clarify the information those agencies should

submit to the Department. The excel spreadsheet is the mechanism through which the Department proposes agencies submit the information. Agencies are invited to review both items and provide comment to improve their clarity and usefulness. The Department will consider public comment and make revisions as necessary before issuing final versions.

This data is required to demonstrate compliance with criteria at 34 CFR part 602; State agencies for the approval of vocational education to demonstrate compliance with the criteria at 34 CFR part 603; State agencies for the approval of nurse education to demonstrate compliance with the criteria published in the 1969 **Federal Register** notice; foreign medical accrediting entities in accordance with criteria 34 CFR 600.55; and criteria established by Department staff to evaluate foreign veterinary accrediting organizations in accordance with 34 CFR 600.56.

Dated: March 31, 2016.
