SUPPLEMENTARY INFORMATION:

A. Background

Section 161 of Title 13 U.S.C. directs the Secretary of Commerce to “take, compile, and publish for the year 1957 and for every fifth year thereafter a census of governments. Each such census shall include, but shall not be limited to, data on taxes and tax valuations, governmental receipts, expenditures, indebtedness, and employees of States, counties, cities, and other governmental units.” Because of this, the Census of Governments is the most comprehensive, comparable, and precise measure of government economic activity. It identifies the scope and nature of the nation’s public sector and provides authoritative benchmark figures of public finance, pensions, and employment. This helps us identify and classify the complex and diverse state and local government organizations, powers, and activities, and measures federal, state, and local fiscal relationships.

This notice requests public comments on the 2017 Census of Governments content as discussed further in Section B of this **Federal Register** notice.

Regular content reviews help keep the Census of Governments valuable to policy analysts, researchers, the general public and other federal agencies.

Two federal statistical agencies, the Bureau of Economic Analysis and the Federal Reserve Board, use the Census of Governments data to measure the nation’s economic and financial performance. State and local governments use the data to develop programs and budgets, assess financial conditions, and perform comparative analyses. In addition, analysts, economists, market specialists, and researchers need these data to measure the changing characteristics of the government sector of the economy and to conduct public policy research. Journalists report on, and teachers and students learn about, their governments’ activities using our data. Internally, the Census Bureau uses these data as a benchmark for all our non-census year samples.

B. Census of Governments Content

For the 2017 Census of Governments, finance and employment data are the same as in comparable annual surveys and include revenues, expenditures, debt, assets, number of employees (by full-time and part-time status), payroll, and benefits. The Census Bureau posted copies of the 2012 Census of Governments forms on its Web site at: http://www.census.gov/govs/cog/get_forms.html. Please take a moment to review the forms relevant to your interests and provide us with your comments for us to consider as we prepare content for the 2017 questionnaires. In particular, Forms F–11 and F–12 may be of interest, given recent changes to the accounting standards concerning actuarial data for Public Pensions instituted by the Governmental Accounting Standards Board (GASB). We are especially interested in comments on the usefulness of existing inquiries for continued inclusion and in suggestions for new measures that would be appropriate to include in the Census of Governments.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. The Census Bureau, through the proper established procedures, will be obtaining OMB control numbers under

the PRA as we get closer to launching the program in 2017.

Foreign-Trade Zone 17—Kansas City, Kansas, Application for Reorganization, (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Greater Kansas City Foreign Trade Zone, Inc., grantee of Foreign-Trade Zone 17, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 31, 2016.

FTZ 17 was approved by the FTZ Board on December 20, 1973 (Board Order 97, 39 FR 26, January 2, 1974) and reorganized under the ASF on July 8, 2010 (Board Order 1696, 75 FR 41819, July 19, 2010). The zone currently has a service area that includes Wyandotte, Johnson, Douglas, Shawnee, Leavenworth and Miami Counties, Kansas.

The applicant is now requesting authority to expand the service area of the zone to include Atchison, Jefferson and Franklin Counties, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies’ needs for FTZ designation. The application indicates that the proposed expanded service area is adjacent to the Kansas City Customs and Border Protection Port of Entry.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ

Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is June 6, 2016. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 20, 2016.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz. Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Rescission of Antidumping Duty New Shipper Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Anji DaSol Solar Energy Science & Technology Co., Ltd. ("Anji DaSol"), the Department ("the Department") initiated a new shipper review of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules, ("solar cells") from the People's Republic of China ("PRC") covering the period December 1, 2014 through November 30, 2015.¹ On March 21, 2016, Anji DaSol timely withdrew its

request for a new shipper review.² Accordingly, the Department is rescinding the new shipper review with respect to Anji DaSol.

DATES: *Effective Date:* April 5, 2016.

FOR FURTHER INFORMATION CONTACT: Cara Lofaro, AD/CVD Operations, Office IV, Enforcement & Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5720.

SUPPLEMENTARY INFORMATION:

Rescission of New Shipper Review

On February 3, 2016, the Department initiated a new shipper review for Anji DaSol, and on March 21, 2016, Anji DaSol withdrew its new shipper review request. Section 351.214(f)(1) of the Department's regulations provides that the Department may rescind a new shipper review if the party that requested the review withdraws its request for review no later than 60 days after the date of publication of the notice of initiation of the requested review. Given that Anji DaSol timely withdrew its request for a new shipper review, the Department is rescinding the new shipper review of the antidumping duty order on solar cells from the PRC with respect to Anji DaSol. Consequently, Anji DaSol will remain part of the PRC-wide entity.

Assessment

Because we are rescinding the new shipper review of Anji DaSol, we are not making a determination as to whether Anji DaSol qualifies for a separate rate. Therefore, Anji DaSol remains part of the PRC-wide entity and any entries covered by this new shipper review will be assessed at the PRC-wide rate. The PRC-wide entity is not under review in the ongoing administrative review covering the 2014-2015 period of review, and therefore, Anji DaSol is not under review in the concurrent administrative review.³ Accordingly, the Department intends to issue liquidation instructions for any entries by Anji DaSol 15 days after publication of this rescission notice.

Cash Deposit

Effective upon publication of the rescission of the new shipper review of Anji DaSol, the Department will instruct

U.S. Customs and Border Protection to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise from Anji DaSol.⁴ Because we did not calculate a dumping margin for Anji DaSol or grant Anji DaSol a separate rate in this new shipper review, Anji DaSol continues to be part of the PRC-wide entity. The cash deposit rate for the PRC-wide entity is 238.95 percent. These cash deposit requirements shall remain in effect until further notice.

Notifications to Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This rescission and notice are published in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214(f)(3).

Dated: March 29, 2016.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
