SUPPLEMENTARY INFORMATION: On October 30, 2015, we published final rules in the **Federal Register** (80 FR 67126) amending the cash management regulations and other sections of the Student Assistance General Provisions regulations issued under the HEA.

Section 482(c) of the HEA requires that regulations affecting programs under title IV be published in final form by November 1 prior to the start of the award year (July 1) to which they apply. However, that section of the HEA also permits the Secretary to designate any regulation as one that an entity subject to the regulations may choose to implement earlier, and to specify the conditions for early implementation. The Secretary is exercising the authority under Section 482(c) of the HEA to early implement specific sections of the

Program Integrity and Improvement regulations.

Section 668.2(b) specifies that in a term-based program a student may repeat any coursework previously taken in the program but the coursework may not include more than one repetition of a previously passed course. This provision applies to graduate and professional as well as undergraduate students. Section 668.163(a)(1) specifies that educational institutions must maintain title IV, HEA program funds in depository accounts and guidelines that domestic and foreign educational institutions must follow in selecting this account. Finally, § 668.163(c) states that educational institutions in a State must maintain title IV, HEA program funds in an interest-bearing depository account. This section also explains in which instances interest on funds can be retained or must be remitted to the Department of Health and Human Services.

Implementation Date of These Regulations

The Secretary is exercising the authority under section 482(c) of the HEA to designate the following amended regulations in 34 CFR part 668 for early implementation beginning on April 7, 2016:

- (2) Section 668.163(a)(1) (Depository account); and
- (3) Section 668.163(c) (Interest-bearing depository account).

National Priorities List

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (“CERCLA” or “the Act”), as amended, requires that the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) include a list of national priorities among the known releases or threatened releases of hazardous substances, pollutants or contaminants throughout the United States. The National Priorities List (“NPL”) constitutes this list. The NPL is intended primarily to guide the Environmental Protection Agency (“the EPA” or “the agency”) in determining which sites warrant further investigation. These further investigations will allow the EPA to assess the nature and extent of public health and environmental risks associated with the site and to determine what CERCLA-financed remedial action(s), if any, may be appropriate. This rule adds five sites to the General Superfund section of the NPL.
