During FY 2016, loans will be made available for the construction, improvement, and acquisition of facilities and equipment to provide service at the broadband lending speed for eligible rural areas. Applications must be submitted in accordance with the interim final rule published July 30, 2015.

For questions about the requirements of completing an application please use the RUS contact listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Application requirements: All requirements for submission of an application under the Broadband Program have been set forth in the interim regulation published July 30, 2015.

Application Materials: Application materials for the Broadband Program are available at <http://www.rd.usda.gov/programs-services/farm-bill-broadband-loans-loan-guarantees>.

Minimum and Maximum Loan Amounts

Loans under this authority will not be made for less than \$100,000. The maximum loan amount that will be considered for FY 2016 is \$10,000,000.

Required Definitions for Broadband Program Regulation

The interim regulation for the Broadband Program requires that certain definitions affecting eligibility be revised and published from time to time by the agency in the **Federal Register**. For the purposes of this NOSA, the agency will be revising the definition of Broadband Service established therein, such that for applications under this window, existing Broadband Service shall mean the minimum rate-of-data transmission of ten megabits downstream and one megabit upstream for both fixed and mobile broadband service. On the other hand, the rate at which applicants must propose to offer new broadband service, the Broadband Lending Speed, will be a minimum bandwidth of ten megabits downstream and one megabit upstream for both fixed and mobile service to the customer.

Priority for Approving Loan Applications

Applications for FY 2016 will be accepted from April 8, 2016 through July 7, 2016. Although review of applications will start when they are submitted, all applications submitted by July 7, 2016, will be evaluated and ranked together on the basis of the number of unserved households in the proposed funded service area. Subject to available funding, eligible applications that propose to serve the most unserved households will receive funding offers before other eligible applications that have been submitted.

Applications will not be accepted after July 7, 2016, until a new funding window has been opened with the publication of an additional NOSA in the **Federal Register**.
