7 CFR Part 319

[Docket No. APHIS–2014–0086]

RIN 0579–AE07

Importation of Fresh Peppers From Ecuador Into the United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Final rule; technical amendment.

SUMMARY: In a final rule published in the **Federal Register** on October 23, 2015, and effective on November 23, 2015, we amended the fruits and vegetables regulations to allow the importation of fresh peppers into the United States from Ecuador subject to a systems approach. However, the scope of the pest risk analysis supporting the rule was limited to the continental United States. Therefore, we are amending the regulations to limit the importation of fresh peppers from Ecuador to the continental United States only.

DATES: Effective April 8, 2016.

FOR FURTHER INFORMATION CONTACT: Ms. Claudia Ferguson, M.S., Senior Regulatory Policy Specialist, Regulatory Coordination and Compliance, Imports, Regulations and Manuals, PPQ, APHIS, (301) 851–2352; email: Claudia.Ferguson@aphis.usda.gov.

SUPPLEMENTARY INFORMATION: In a final rule¹ that was published in the **Federal Register** on October 23, 2015 (80 FR 64307–64309, Docket No. APHIS–2014–0086), and effective on November 23, 2015, we amended the fruits and vegetables regulations by adding 7 CFR 319.56–74 to allow the importation of fresh peppers from Ecuador into the United States under a systems approach.

¹ To view the final rule and supporting documents, go to <http://www.regulations.gov/#/docketDetail;D=APHIS-2014-0086>.

However, the pest risk analysis we prepared for the rule examined the importation of fresh peppers from Ecuador to the continental United States only and did not examine the risks associated with the fruit entering Hawaii or the U.S. Territories.

Therefore, in order for the regulations to be consistent with the scope of the pest risk analysis, we are amending § 319.56–74 to limit the importation of fresh peppers from Ecuador to the continental United States.

Lists of Subjects in 7 CFR Part 319

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we are amending 7 CFR part 319 as follows:

PART 319—FOREIGN QUARANTINE NOTICES

- 1. The authority citation for part 319 continues to read as follows:

Authority: 7 U.S.C. 450, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

§ 319.56–74 [Amended]

- 2. Section 319.56–74 is amended by adding the word “continental” before the words “United States” each time they occur.

Done in Washington, DC, this 5th day of April 2015.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF ENERGY

10 CFR Part 431

[Docket Number EERE–2013–BT–TP–0002]

RIN 1904–AC93

Energy Conservation Program: Test Procedures for Commercial Clothes Washers; Correction

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; correcting amendments.

SUMMARY: The Department of Energy (DOE) published a final rule in the **Federal Register** on December 3, 2014 revising the test procedure provisions for commercial clothes washers. DOE published another final rule on

December 15, 2014 amending the energy conservation standards for commercial clothes washers. This final rule correction amends the test procedure provisions for commercial clothes washers to clarify the applicability of the revised test procedures to the amended energy conservation standards. The correction also removes obsolete regulatory provisions.

DATES: This correction is effective April 8, 2016.

FOR FURTHER INFORMATION CONTACT:

Bryan Berringer, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Program, EE–5B, 1000 Independence Avenue SW., Washington, DC 20585–0121. Telephone: (202) 586–0371. Email: commercial_clothes_washers@ee.doe.gov.

Jennifer Tiedeman, U.S. Department of Energy, Office of the General Counsel, GC–33, 1000 Independence Avenue SW., Washington, DC 20585–0121. Telephone: (202) 287–6111. Email: Jennifer.Tiedeman@hq.doe.gov.

SUPPLEMENTARY INFORMATION: Energy conservation standards for commercial clothes washers (CCWs) are codified at 10 CFR 431.156. Pursuant to 10 CFR 431.154, the test procedures for clothes washers at 10 CFR part 430, subpart B, appendix J1 must be used to test CCWs to determine compliance with the current energy conservation standards codified at 10 CFR 431.156(b).

DOE published a final rule on March 7, 2012, establishing a new test procedure for clothes washers at 10 CFR part 430, subpart B, appendix J2. 77 FR 13887.

DOE published another final rule on December 3, 2014, revising the test procedure provisions for CCWs at 10 CFR 431.154 to specify that the test procedures for clothes washers at appendix J2 must be used to determine compliance with any amended standards for CCWs based on appendix J2 efficiency metrics published after December 3, 2014. 79 FR 71624.

DOE then published a final rule on December 15, 2014, amending the energy conservation standards for CCWs, which are codified at 10 CFR 431.156(c). 79 FR 74492. These amended standards are based on appendix J2 efficiency metrics, and compliance with the amended standards is required beginning January 1, 2018.

This final rule correction (1) removes obsolete CCW standards listed at 10 CFR 431.156(a), (2) redesignates paragraphs (b) and (c) of 10 CFR 431.156 as paragraphs (a) and (b), and (3) amends the CCW test procedure provisions at 10
