

longitude or latitude of a registered antenna structure. This change will increase the number of these forms filed, or responses for this collection, by approximately 100 per annum. The second change, found in 17.4(b), requires owners to note on FCC Form 854 that the registration is voluntary if the antenna structure is otherwise not required to be registered under section 17.4. For this, an additional checkbox will be added to Form 854, but this revision will not increase the collection's average burden per response. These changes will enable the Commission to further modernize its rules while adhering to its statutory responsibility to prevent antenna structures from being hazards to air navigation.
