Honorable Joseph R. Biden, Jr.,
President of the Senate.

Dear Mr. President: Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting certification of a proposed license for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the transfer of technical data, manufacturing know-how, and defense services to Japan to support the manufacture, integration, installation, operation, training, testing, maintenance, and repair of the AN/APX-72 Identification Friend or Foe (IFF) Transponder for integration into the Japanese Ministry of Defense aircraft.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,
Julia Frifield,
Assistant Secretary Legislative Affairs.
Enclosure: Transmittal No. DDTC 15-112.

December 21, 2015

Honorable Paul Ryan, Speaker of the House of Representatives.

Dear Mr. Speaker: Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting certification of a proposed license for the export of defense articles, including technical data, defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to India for the procurement of 15 CH-47F(I) Chinook helicopters including associated spares, components, parts, accessories and support equipment.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,
Julia Frifield,
Assistant Secretary Legislative Affairs.
Enclosure: Transmittal No. DDTC 15-114.

BILLING CODE 4710-25-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Docket No. FHWA-2016-0007]

Proposed Third Renewed Memorandum of Understanding (MOU) Revision Assigning Certain Federal Environmental Responsibilities to the State of California, Including National Environmental Policy Act (NEPA) Authority for Certain Categorical Exclusions (CEs)

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of proposed renewed MOU, request for comments.

SUMMARY: The FHWA and the State of California acting by and through its Department of Transportation (Caltrans), propose a renewal of the State's participation in the 23 U.S.C. 326 program. This program allows FHWA to assign to States its authority and responsibility for determining whether certain designated activities within the geographic boundaries of the State, as specified in the proposed Memorandum of Understanding (MOU), are categorically excluded from preparation of an Environmental Assessment or an Environmental Impact Statement under the National Environmental Policy Act. An amended MOU would renew the State's participation in the program. The MOU will be amended by incorporating the following change: FHWA may terminate the State's participation in this program if FHWA provides the State a notification of non-compliance, and a period of not less than 120 days

to take corrective action as FHWA determines necessary, and if the State fails to take satisfactory corrective action as determined by FHWA.

DATES: Comments must be received on or before May 11, 2016.

ADDRESSES: You may submit comments by any of the methods described below. To ensure that you do not duplicate your submissions, please submit them by only one of the means below. Electronic or facsimile comments are preferred because Federal offices experience intermittent mail delays due to security screening.

Background

Section 326 of Title 23 U.S. Code, creates a program that allows the Secretary of the DOT (Secretary) to assign, and a State to assume, responsibility for determining whether certain Federal highway projects are included within classes of action that are categorically excluded (CE) from requirements for Environmental Assessments or Environmental Impact Statements pursuant to the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.* In addition, this program allows the assignment of other environmental review requirements applicable to Federal highway projects. The Secretary delegated his authority to FHWA, which acts on behalf of the Secretary with respect to these matters. Through an amended Memorandum of Understanding (MOU), FHWA would renew California's participation in this program for a third time. The original MOU became effective on June 7, 2007, for an initial term of three (3) years. The first renewal followed on June 7, 2010, and the second renewal followed on June 7, 2013. The proposed third MOU renewal would supersede the second renewed MOU prior to its expiration date on June 7, 2016. Stipulation I(B) of the MOU describes the types of actions for which the State would assume project-level responsibility for determining whether the criteria for a CE are met. The FHWA would assign statewide decision-making responsibility for all activities within the categories listed in 23 CFR 771.117(c) and those listed as examples in 23 CFR 771.117(d), in addition to other CEs identified in associated Appendix A. In addition to the NEPA CE determination responsibilities, the MOU would assign to the State the following FHWA responsibilities for environmental review, consultation, or other related actions required under Federal laws and Executive Orders applicable to CE projects:

Air Quality

- Clean Air Act, 42 U.S.C. 7401-7671q. Determinations for project-level conformity if required for the project.

Noise

- Noise Control Act of 1972, 42 U.S.C. 4901-4918
