SUPPLEMENTARY INFORMATION: In the Federal Register of March 16, 2016, FDA published a notice with a 30-day comment period to request comments on the Draft Environmental Assessment and Preliminary Finding of No Significant Impact Concerning Investigational Use of Oxitec OX513A Mosquitoes.

The Agency has received requests for a 90-day extension of the comment

period for the notice. Each request conveyed concern that the current 30-day comment period does not allow sufficient time to develop a meaningful or thoughtful response to the notice.

FDA has considered the requests and is extending the comment period for the notice for 30 days, until May 13, 2016. The Agency believes that a 30-day extension allows adequate time for interested persons to submit comments without significantly delaying the Agency's decision on whether to finalize these documents or prepare an Environmental Impact Statement.

Dated: April 7, 2016.

Leslie Kux,

Associate Commissioner for Policy.
