25 CFR Part 151

RIN 1076–AF28

Title Evidence for Trust Land Acquisitions

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Interim final rule; delay of effective date.

SUMMARY: The Bureau of Indian Affairs (BIA) published an interim final rule on title evidence for trust land acquisitions and received comments during the public comment period. The BIA anticipates making technical revisions to the rule in response to those comments. This notice delays the effective date of the interim final rule for 30 days, during which time BIA plans to publish a final rule with technical revisions.

DATES: The effective date of the interim final rule published March 1, 2016 (81 FR 10477) is delayed from April 15, 2016 to May 16, 2016.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth Appel, Director, Office of Regulatory Affairs and Collaborative Action, Office of the Assistant Secretary—Indian Affairs; telephone (202) 273–4680, elizabeth.appel@bia.gov.

SUPPLEMENTARY INFORMATION: On March 1, 2016, BIA published an interim final rule with an effective date of April 15, 2016. 81 FR 10477. The interim final rule deletes the requirement for fee-to-trust applicants to furnish title evidence that meets the “Standards for the Preparation of Title Evidence in Land Acquisitions by the United States” issued by the U.S. Department of Justice (DOJ), and replaces the requirement with a more targeted requirement for title evidence, because adherence to the DOJ standards is not required for acquisitions of land in trust for individual Indians or Indian tribes. The BIA received 13 comments during the public comment period and anticipates making technical changes in response to those comments. The interim final rule stated that BIA may withdraw, initiate a proposed rulemaking, or revise the rule in response to comments. The BIA has determined that technical revisions to the rule may be appropriate and is therefore delaying the effective date of the rule for 30 days, during which time...
SUPPLEMENTARY INFORMATION: PBGC's regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribes actuarial assumptions—including interest assumptions—for paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulation are also published on PBGC's Web site (http://www.pbgc.gov). PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for May 2016.¹

The May 2016 interest assumptions under the benefit payments regulation will be 1.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years during which a benefit is in pay status. In comparison with the interest assumptions in effect for April 2016, these interest assumptions are unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible. Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during May 2016, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Order 12866.
