DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Submission for OMB Review; Comment Request**

Title: Child Support Noncustodial Parent Employment Demonstration (CSPED)

OMB No.: 0970-439.

Description: The Office of Child Support Enforcement (OCSE) within the Administration for Child and Families at the U.S. Department of Health and Human Services seeks an extension without change for an existing data collection called the *Child Support Noncustodial Parent Employment Demonstration (CSPED)* through September 30, 2018 (OMB no. 0970-439; expiration date September 30, 2016). Under CSPED, OCSE has issued grants to eight state child support agencies to provide employment, parenting, and child support services to parents who are having difficulty meeting their child support obligations. The overall objective of the CSPED evaluation is to document and evaluate the effectiveness of the approaches taken by these eight CSPED grantees. This evaluation will yield information about effective strategies for improving child support payments by providing non-custodial parents employment and other services through child support programs. It will generate extensive information on how these programs operated, what they cost, the effects the programs had, and whether the benefits of the programs exceed their costs. The information gathered will be critical to informing decisions related to future investments in child support-led employment-focused programs for non-custodial parents who have difficulty meeting their child support obligations.

The CSPED evaluation consists of the following two interconnected components or “studies”:

1. *Implementation and Cost Study.* The goal of the implementation and cost study is to provide a detailed description of the programs—how they are implemented, their participants, the contexts in which they are operated, their promising practices, and their costs. The detailed descriptions will
