[Docket Nos. CP15-115-000; CP15-115-001]

National Fuel Gas Supply Corporation, Empire Pipeline, Inc.; Notice of Schedule for Environmental Review of the Northern Access 2016 Project

On March 17, 2015, National Fuel Gas Supply Corporation (National Fuel) and Empire Pipeline, Inc. (Empire) (collectively referred to as National Fuel) filed an application in Docket No. CP15-115-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities in Pennsylvania and New York. National Fuel amended its application on November 4, 2015. The proposed project is known as the Northern Access 2016 Project (Project), and would expand the National Fuel pipeline system to provide 497,000 dekatherms per day of new firm natural gas transportation capacity and the Empire pipeline system to provide 350,000 dekatherms per day of new firm natural gas transportation capacity.

On March 27, 2015, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA—July 27, 2016
