I. Background
In the Federal Register of September 10, 2015 (80 FR 54568), FDA published the notice of availability for a draft guidance entitled “Distributor Labeling for New Animal Drugs” giving interested persons until November 9, 2015, to comment on the draft guidance. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

This guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). ICCR is a voluntary international group of cosmetics regulatory authorities from Brazil, Canada, the European Union, Japan, and the United States of America. These regulatory authority members will enter into constructive dialogue with their relevant cosmetics industry trade associations and public advocacy groups. Currently, the ICCR members are: The Brazilian Health Surveillance Agency; Health Canada; the European Commission Directorate-General for Internal Market, Industry, Entrepreneurship, and Small and Medium–sized Enterprises; the Ministry of Health, Labor, and Welfare of Japan; and FDA. All decisions made by consensus will be compatible with the laws, policies, rules, regulations, and directives of the respective administrations and governments. Members will implement and/or promote actions or documents within their own jurisdictions and seek convergence of regulatory policies and practices. Successful implementation will need input from stakeholders.

Agenda: We will make the agenda for the public meeting available on the Internet at http://www.fda.gov/Cosmetics/InternationalActivities/ICCR/default.htm. Depending on the number of requests for oral presentations, we intend to have an agenda available by June 8, 2016.
