

the project tailrace and include a continuous minimum flow of 50 cfs released into the bypassed reach of the Wisconsin River between the project dam and the tailrace.

During normal peaking operations, the impoundment is drawn down from the maximum pond elevation during the day and refilled at night providing one peaking cycle per day. The maximum elevation of the impoundment is 1,397.1 feet NGVD and the minimum elevation is 1,396.1 feet NGVD. The operating regime has both seasonal and daily variations depending on precipitation and controlled releases made at upstream storage reservoirs, regulated by the Wisconsin Valley Improvement Company. Water releases from the Tomahawk and the Grandmother Falls projects and the non-power dam at Spirit Lake, (which are all located upstream from the Grandfather Falls Project) are coordinated with water releases from the Grandfather Falls Project to ensure that adequate water is available in the Wisconsin River during the seasonal low-flow periods. The pondage provided by the 1 foot of maximum drawdown between elevation 1,396.1 feet NGVD and 1397.1 feet NGVD for the Grandfather Falls Project, is used to augment and adjust the timing of the peaking operation at the project. Recharge of the Grandfather Falls reservoir occurs in the late evening and early morning hours. The peaking discharges from the Grandfather Falls Project are attenuated by the effects of the downstream Bill Cross Rapids (which is part of a free-flowing stretch of the Wisconsin River) with no evidence of the project's peaking effects visible at Wisconsin Public Service Corporation's downstream Alexander Project (FERC No. 1979), which operates in a run-of-river mode. When flows in the Wisconsin River exceed 2,820 cfs, water is discharged via operation of the spillway Tainter gates at the project.

l. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERCOnline Support@ferc.gov, (866) 208-3676 (toll free) or (202) 502-8659 (TTY). A copy is also available for inspection and reproduction at the address in item h above.

m. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects.

For assistance, contact FERC Online Support.

n. *Procedural schedule:*

The application will be processed according to the following preliminary Hydro Licensing Schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Notice of Acceptance/Notice of Ready for Environmental Analysis.	June 2016.
Filing of recommendations, preliminary terms and conditions, and fishway prescriptions.	August 2016.
Issue Environmental Assessment (EA).	December 2016.
Comments due on EA .....	January 2017.
Modified terms and conditions.	March 2017.

o. Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

Dated: April 6, 2016.

**Kimberly D. Bose,**  
Secretary.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2013-0118; FRL-9945-31-OAR]

### Proposed Information Collection Request; Comment Request; Control of Evaporative Emissions From New and In-Use Portable Gasoline Containers (Renewal), ICR 2213.05, OMB 2060-0597

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), "Control of Evaporative Emissions from New and In-Use Portable Gasoline Containers (Renewal)", ICR 2213.05, OMB 2060-0597 to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection request as described below. This notice is a proposed extension of the Portable Fuel Container ICR, which is currently approved through August

31, 2016. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before June 20, 2016.

**ADDRESSES:** Submit your comments, referencing the Docket ID numbers provided for each item in the text, online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:** Julia Giuliano, Compliance Division, Office of Transportation and Air Quality, U.S. Environmental Protection Agency, 2000 Traverwood, Ann Arbor, Michigan 48105; telephone number: 734-214-4865; fax number 734-214-4869; email address: [giuliano.julia@epa.gov](mailto:giuliano.julia@epa.gov).

#### SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting will be available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or

other forms of information technology, e.g., permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

**Abstract:** EPA is required under Section 183(e) of the Clean Air Act to regulate Volatile Organic Compound (VOC) emissions from the use of consumer and commercial products. Under regulations promulgated on February 26, 2007 (72 FR 8428) manufacturers of new portable gasoline containers are required to obtain certificates of conformity with the Clean Air Act, effective January 1, 2009. This ICR covers the burdens associated with this certification process. EPA reviews information submitted in the application for certification to determine if the container design conforms to applicable requirements and to verify that the required testing has been performed. The certificate holder is required to keep records on the testing and collect and keep warranty and defect information for annual reporting on in-use performance of their products. The respondent must also retain records on the units produced, apply serial numbers to individual containers, and track the serial numbers to their certificates of conformity. Any information submitted for which a claim of confidentiality is made is safeguarded according to EPA regulations at 40 CFR 2.201 *et seq.*

**Form Numbers:** None.

**Respondents/affected entities:** manufacturers of new portable gasoline containers from 0.25 to 10.0 gallons in capacity.

**Respondent's obligation to respond:** mandatory 40 CFR part 59, subpart F.

**Estimated number of respondents:** 8 (total).

**Frequency of response:** yearly for warranty reports; at least once every five years for certificate renewals.

**Total estimated burden:** 250 hours (per year). Burden is defined at 5 CFR 1320.3(b)

**Total estimated cost:** \$32,419.45 (per year), includes \$20,452 annualized capital or operation & maintenance costs.

**Changes in Estimates:** There is an increase of 37 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase of the estimated burden and cost estimates is due to a change in the estimated cost of labor and additional testing requirements for new portable fuel container families to comply with the requirements for evaporative testing promulgated in 40 CFR part 59.

Dated: April 14, 2016.

**Byron J. Bunker,**

Director, Compliance Division, Office of Transportation and Air Quality, Office of Air and Radiation.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2015-0393; FRL-9944-09]

### Aquashade, Nithiazine, d-limonene, and 2H-Cyclopent(d)isothiazol-3(4H)-one, 5,6-dihydro-2-methyl- (MTI) Registration Review Interim Decisions; Notice of Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces the availability of EPA's interim registration review decisions for the pesticides aquashade, nithiazine, d-limonene, and 2H-Cyclopent(d)isothiazol-3(4H)-one, 5,6-dihydro-2-methyl- (MTI). Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, that the pesticide can perform its intended function without causing unreasonable adverse effects on human health or the environment. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

#### FOR FURTHER INFORMATION CONTACT:

*For pesticide specific information, contact:* The Chemical Review Manager for the pesticide of interest identified in the Table in Unit II. *For general information on the registration review*

*program, contact:* Richard Dumas, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-8015; email address: [dumas.richard@epa.gov](mailto:dumas.richard@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farm workers, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the pesticide specific contact person listed in the Table in Unit II.

#### FOR FURTHER INFORMATION CONTACT:

*B. How can I get copies of this document and other related information?*

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2015-0393 is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

##### II. What action is the Agency taking?

Pursuant to 40 CFR 155.58(c), this notice announces the availability of EPA's interim registration review decision for the pesticides found in the Table in this unit.

TABLE—REGISTRATION REVIEW INTERIM DECISIONS

Registration review case name and No.	Pesticide docket ID No.	Chemical review manager, telephone number, email address
Aquashade (Case 4010) .....	EPA-HQ-OPP-2015-0639	Christina Motilall, <a href="mailto:motilall.christina@epa.gov">motilall.christina@epa.gov</a> , (703) 603-0522.
