

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and five copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Docket No. CP16-155-000]

Puget Sound Energy, Inc.; Notice of Request Under Blanket Authorization

Take notice that on April 13, 2016, Puget Sound Energy, Inc. (Puget), 10885 NE 4th Street, Bellevue, Washington 98004, filed in Docket No. CP16-155-000 a prior notice request pursuant to sections 157.205 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA) as amended, requesting authorization to plug and abandon fifteen wells and associated surface appurtenances at its Jackson Prairie Storage Facility (Jackson Prairie) in Lewis County, Washington. Puget states that the wells proposed for abandonment are not currently used for injection/withdrawal and the potential for internal and external corrosion exists. Puget asserts that abandoning these facilities will reduce the costs associated with ongoing maintenance and remediation, while improving the overall integrity of the storage facility. Puget states that the proposed abandonment will have no effect on Jackson Prairie's certificated parameters and no adverse impact on Puget's storage service. Puget estimates the cost
