

mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 1.19 hours per response.

Respondents: Flock owners; market owners, operators, or managers; dealers; slaughter plant owners, operators, or managers; feedlot owners, operators, or managers; tag manufacturers; managers of producer organizations; accredited veterinarians; and State animal health authorities.

Estimated annual number of respondents: 166,000.

Estimated annual number of responses per respondent: 5.

Estimated annual number of responses: 854,694.

Estimated total annual burden on respondents: 1,021,526 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response. Responses and respondents include recordkeeping and record keepers, respectively.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 25th day of April 2016.

Jere L. Dick,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of New Fee Site; Federal Lands Recreation Enhancement Act (Title VIII, Pub. L. 108-447)

AGENCY: Carson National Forest, USDA Forest Service.

ACTION: Notice of new fee site.

SUMMARY: The Carson National Forest is proposing to charge a \$175 fee for the overnight rental of the Aldo Leopold House and a \$50 fee for the overnight rental of the Lagunitas Guard Station. Neither facility has been available for recreation use prior to this date. Rentals of other cabins in the Southwestern Region have shown that people appreciate and enjoy the availability of historic rental cabins. Funds from both the rentals will be used for the continued operation and maintenance of each of the facilities. These fees are only

proposed and will be determined upon further analysis and public comment.

DATES: Send any comments about these fee proposals by August 2016 so comments can be compiled, analyzed and shared with a Recreation Resource Advisory Committee. Should the fee proposal move forward, both rentals will likely be available May 2017.

ADDRESSES: Forest Supervisor, Carson National Forest, 208 Cruz Alta Road, Taos, NM 87557.

FOR FURTHER INFORMATION CONTACT: Sharon Cuevas, Recreation Fee Coordinator, (505) 842-3235.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

This new fee will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation.

Currently no Federal or State agencies in the state of New Mexico offer overnight rentals of this type. Arizona, the neighboring state in Region 3, provides several historic properties for public rental and that program has become very successful.

The house consists of a 4 bedroom Craftsman Style Bungalow home that was built by Aldo Leopold in 1912 when he was the new Forest Supervisor on the Carson National Forest for himself and his new wife Estella Luna Ortero Bergere. The Leopold House is located in the small village of Tres Piedras New Mexico and is a one and a half story home with a large front porch. The interior of the first floor has four rooms that include a dining room, kitchen, library and bedroom. A large stone fireplace is the focal point of the home. The upstairs of the home includes 3 bunk style bedrooms. The home was restored by volunteers and the Forest Service in 2005 and has running water, electricity, propane heat and is fully furnished.

The Lagunitas Guard Station is a small single room cabin located in a remote setting approximately 20 miles west of Tres Piedras New Mexico. It is a simple facility, with no electricity, trash service or running water. The Guard Station is located adjacent to the small primitive Lagunitas Campground and the Lagunitas Lakes. For those visitors willing to make the long drive, the setting will not disappoint.

A business analysis of the Aldo Leopold House and Lagunitas Guard Station has shown that people desire having this sort of recreation experience

on the Carson National Forest. A market analysis indicates that the \$175/per night fee for the Leopold House and \$50/per night for the Lagunitas Guard Station is both reasonable and acceptable for this sort of unique recreation experience.

People wanting to rent either facility will need to do so through the National Recreation Reservation Service, at www.recreation.gov or by calling 1-877-444-6777. The National Recreation Reservation Service charges a \$9 fee for reservations.

Dated: April 19, 2016.

James Duran,

Carson National Forest Supervisor.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Forest Service

Tahoe National Forest; Placer County, California; Squaw Valley to Alpine Meadows Base-to-Base Gondola Project

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: In September 2015, the Tahoe National Forest (TNF) accepted an application from Squaw Valley Ski Holdings, LLC which proposes to install, operate, and maintain an aerial ropeway system connecting the Squaw Valley and Alpine Meadows ski areas. This proposal also included an alteration to current avalanche mitigation techniques including the installation of Gazex® exploders. Implementation of the proposal would require an amendment to an existing Special Use Permit (SUP) issued for the operation and maintenance of Alpine Meadows Ski Area (Alpine Meadows). The proposal is consistent with Alpine Meadows' current Master Development Plan (MDP) and passed the screening criteria for consideration to use National Forest System (NFS) lands and amend the existing permit consistent with Forest Service land use regulations.

DATES: Comments concerning the scope of the analysis must be received by May 31, 2016. The draft environmental impact statement is expected in winter 2016 and the final environmental impact statement is expected in summer 2017.

ADDRESSES: Send written comments to: Eli Ilano, Tahoe National Forest Supervisor, c/o NEPA Contractor, P.O. Box 2729, Frisco, CO 80443. Comments may also be submitted on the project

Web site: <http://squawalpinegondola-eis.com/comment/>, or sent via email to scoping_comment@squawalpinegondola-eis.com. Two public meetings will be held on May 9, 2016 at the Resort at Squaw Creek, Monument Peak Room, 400 Squaw Creek Road, Olympic Valley, California. Additional information regarding the meetings is provided below in the "Scoping Process" section.

FOR FURTHER INFORMATION CONTACT:

Additional information related to the proposed project can be obtained from the project Web site, <http://squawalpinegondola-eis.com/>, or by contacting Joe Flannery, Winter Sports Specialist. Mr. Flannery can be reached by phone at (530) 587-3558 extension 243 or by email at jflannery@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

The TNF's purpose for the project is to improve developed winter recreation opportunities in the Scott Management Area, consistent with the 1990 Tahoe National Forest Land and Resource Management Plan as amended (Forest Plan). SUPs, and amendments to SUPs, are issued by the Forest Service and are required by law to be consistent with the Forest Plan. Desired future conditions for recreation management in the Forest Plan relevant to the project direct the Forest to "provide a variety of opportunities for developed and dispersed recreation experiences" (Forest Plan, p. V-5). The Alpine Meadows SUP is located in the Scott Management Area which allows for development of additional winter sports facilities and support services as part of the desired future condition of the management area (Forest Plan, p. V-446-449).

The TNF needs to respond to Squaw Valley Ski Holdings, LLC's land use application which proposes amendment of their SUP to improve connectivity between Alpine Meadows and Squaw Valley ski areas. The need for improved connectivity between the ski areas is based on a number of factors. The developed trail network at Squaw Valley has limited terrain suitable for beginners and teaching; Alpine Meadows has additional intermediate and beginner terrain. Squaw Valley has the majority of resort amenities (e.g., accommodations, restaurants, shopping, entertainment, etc.); Alpine Meadows,

in contrast, has limited amenities. While guests can currently access both ski areas on the same lift ticket, they must drive or shuttle between the two areas in order to access all the different terrain variety and/or amenities offered at both locations.

Proposed Action

The Proposed Action includes amendment of the Alpine Meadows Special Use Permit to authorize construction, operation and maintenance of the following proposed infrastructure and improvements: (1) Construction of a gondola connecting the ski and base areas of Alpine Meadows and Squaw Valley, and (2) installation of eight Gazex avalanche mitigation exploders (seven on NFS lands, one on private lands). Additional information and maps of this proposal can be found at: <http://squawalpinegondola-eis.com/>.

Responsible Official

The Responsible Official is the Tahoe National Forest Supervisor.

Nature of Decision To Be Made

The decision to be made is whether to authorize the Proposed Action as described above, to modify the project to meet the purpose and need while addressing issues raised in public scoping, or to take no action at this time.

Permits or Licenses Required

The project would require an amendment to the Alpine Meadows Special Use Permit, issued by the United States Forest Service.

In addition to analysis under the National Environmental Policy Act (NEPA), Placer County will prepare an Environmental Impact Report to analyze environmental impacts of the proposal pursuant to the California Environmental Quality Act (CEQA). The Forest Service and Placer County will coordinate the NEPA and CEQA analyses for consistency.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. The Forest Service is soliciting comments from Federal, State and local agencies and other individuals or organizations that may be interested in or affected by implementation of the proposed project. Two public meetings will be held on May 9, 2016 to gather comments on the scope of the project. Both meetings will be held at the Resort at Squaw Creek, Monument Peak Room, 400 Squaw Creek Road, Olympic Valley, California. The first meeting will be

held from 2:00-4:00 p.m. and the second will be held from 6:00-8:00 p.m. These meetings will be held jointly with Placer County regarding their analysis of the project under California Environmental Quality Act. Representatives from the TNF, Squaw Valley Ski Holdings, LLC, and Placer County will be present to answer questions and provide additional information on this project.

This project will be subject to 36 CFR 218 Project-level Predecisional Administrative Review Process (Parts A and B). Individuals and entities who have submitted timely, specific written comments regarding a proposed project or activity during public comment periods, including this 30-day public scoping period, may file an objection (36 CFR 218.5(a)). Written comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection (36 CFR 218.25(b)(2)). For purposes of meeting the 36 CFR 218.5 eligibility requirements, the public scoping period will end 30 days from the date the Notice of Intent is published in the **Federal Register**.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.

Dated: April 19, 2016.

Eli Ilano,

Forest Supervisor, Tahoe National Forest.
