

Market LLC¹⁴ and NYSE Arca Equities, Inc.¹⁵

The Exchange also believes that extending the pilot program for an additional three months will allow the Program to continue to enhance competition among market participants by creating incentives for market makers to compete to make better quality markets. By continuing to require that market makers both meet the quoting requirements and also compete for the daily financial incentives, the quality of quotes on the Exchange will continue to improve. This, in turn, will attract more liquidity to the Exchange and further improve the quality of trading in exchange-listed securities participating in the Program, which will also act to bolster the Exchange's listing business.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act¹⁶ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁷

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative before 30 days from the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁸ the Commission may designate a shorter time if such action is consistent with the

protection of investors and the public interest.

The Exchange has asked the Commission to waive the 30-day operative delay. The Exchange asserts that waiver of the operative delay will allow the Exchange to extend the Program prior to its expiration on April 28, 2016, which will ensure that the Program continues to operate uninterrupted while the Exchange and the Commission continue to analyze data regarding the Program. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing with the Commission.¹⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

FINRA is proposing to delay implementation of FINRA Rule 2242 (Debt Research Analysts and Debt Research Reports) until July 16, 2016. The proposed rule change would not make any other changes to FINRA rules.

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On November 14, 2014, FINRA filed proposed rule change SR-FINRA-2014-048 to adopt new FINRA Rule 2242 (Debt Research Analysts and Debt Research Reports) to address conflicts of interest relating to the publication and distribution of debt research reports.⁴ On February 19, 2015, FINRA filed Amendment No. 1 responding to the comments received to the proposal as well as to propose amendments in response to these comments.⁵ The proposed rule change, as modified by Amendment No. 1 thereto, was

approved by the Commission on July 16, 2015.⁶

Pursuant to proposed rule change SR-FINRA-2014-048, FINRA proposed to announce the effective date of the proposed rule change in a *Regulatory Notice* to be published no later than 60 days following Commission approval. FINRA further stated that the effective date will be no later than 180 days following publication of the *Regulatory Notice* announcing Commission approval. FINRA announced an effective date of February 22, 2016 in a *Regulatory Notice* published on August 26, 2015.⁷ In response to industry questions regarding implementation of the requirements of Rule 2242, FINRA delayed implementation of Rule 2242 until April 22, 2016.⁸

FINRA continues to receive questions regarding implementation of the requirements of Rule 2242. Therefore, to give members additional time to implement the requirements of Rule 2242, FINRA believes that it is appropriate to extend the implementation date and is proposing to delay implementation of Rule 2242 until July 16, 2016.

FINRA has filed the proposed rule change for immediate effectiveness and has requested that the Commission waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes the proposed rule change is consistent with the Act in that it provides members additional time to implement the requirements of Rule 2242, which addresses conflicts of interest relating to the publication and distribution of debt research reports.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any

burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed delay in implementation of Rule 2242 will reduce the burden on members by allowing additional time to implement the requirements of the Rule.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹

Under Rule 19b-4(f)(6) of the Act,¹² the proposal does not become operative for 30 days after the date of its filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. FINRA has requested that the Commission waive the 30-day operative delay so that the proposed rule change will become operative on filing. FINRA stated that its members continue to submit questions regarding implementation of Rule 2242 and it would like to respond to the industry's questions before the Rule is implemented. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission designates the proposed rule change to be operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77722; File No. SR-NASDAQ-2016-034]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Order Granting Approval of a Proposed Rule Change Regarding Monthly Distributions, Excess Returns, and Share Index Factors of Certain AccuShares® Trust I Funds

April 27, 2016.

On March 2, 2016, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to modify specific listing requirements applicable to shares of certain funds issued by AccuShares® Trust I ("AccuShares Trust"). The proposed rule change was published for comment in the **Federal Register** on March 17, 2016.³ The Commission received two comments on the proposed rule change.⁴ This order grants approval of the proposed rule change.

I. Background

On February 18, 2015, the Commission approved an Exchange proposal to adopt NASDAQ Rule 5713, which governs the listing and trading of Paired Class Shares, and to list and trade shares of the following seven funds issued by the AccuShares Trust pursuant to NASDAQ Rule 5713: (1) AccuShares S&P GSCI® Spot Fund; (2) AccuShares S&P GSCI® Agriculture and Livestock Spot Fund; (3) AccuShares S&P GSCI® Industrial Metals Spot Fund; (4) AccuShares S&P GSCI® Crude Oil Spot Fund; (5) AccuShares S&P GSCI®

Brent Oil Spot Fund; (6) AccuShares S&P GSCI® Natural Gas Spot Fund; and (7) AccuShares Spot CBOE® VIX® Fund ("VIX Fund," and collectively, "AccuShares Funds").⁵

NASDAQ Rule 5713(c) defines a Paired Class Share as a security: (1) That is issued by a trust on behalf of a segregated series ("Fund"), as part of a pair of shares of opposing classes whose respective underlying values move in opposite directions as the value of the Fund's "Underlying Benchmark"⁶ varies from its starting level, where (a) one constituent of the pair is positively linked to the Fund's Underlying Benchmark ("Up Shares"), and (b) the other constituent is inversely linked to the Fund's Underlying Benchmark ("Down Shares"); (2) that is issued in exchange for cash; (3) the issuance proceeds of which are invested and reinvested in highly rated, short-term financial instruments that mature within 90 calendar days and that serve the functions of (a) covering the Fund's expenses, (b) providing income distributions to investors, based on income (after expenses) from the financial instruments held by the Fund, (c) providing cash proceeds for regular and special distributions to be made in cash in lieu of Paired Class Shares, and (d) providing cash proceeds to be paid upon the redemption of Paired Class Shares; (4) that represents a beneficial interest in the Fund; (5) the value of which is determined by the underlying value of the Fund that is attributable to the class of which such security is a part, which security underlying value will either (a) increase as a result of an increase in the Underlying Benchmark and decrease as a result of a decrease in the Underlying Benchmark (in the case of an Up Share), or (b) increase as a result of a decrease in the Underlying Benchmark and decrease as the result of an increase in the Underlying Benchmark (in the case of a Down Share); (6) that, when timely aggregated in a specified minimum number or amount of securities, along with an equal number or amount of the securities of the opposite class that constitute the other part of the pair, may be redeemed for a distribution of cash on specified dates by authorized parties; and (7) that may be subject to
