

receipt that may be printed. When the commercial truck arrives at primary processing, the CBP officer will check the Automated Commercial Environment (ACE) system to ensure that the user fee was prepaid. If the user fee was not prepaid, the driver or other person in charge of the truck will be required to pay the fee at the port of entry using cash or a credit card.

Duration of the Pilot

The pilot will begin at the Buffalo, Detroit and El Paso land ports of entry starting on June 2, 2016. If it is determined that the pilot is working successfully at these initial ports, the pilot would be expanded to all U.S. land border ports of entry that process commercial trucks. The exact date of the expansion to all U.S. land border ports of entry would be announced on the CBP Web site, <http://www.cbp.gov>. The pilot will run for approximately one year. Any owner, agent, or person in charge of a commercial truck can participate in the pilot. No application is needed to participate in the pilot. When sufficient pilot analysis has been conducted, and the comments analyzed, CBP will then consider whether to begin rulemaking to add the single-crossing commercial truck user fee prepayment option to 19 CFR 24.22(c).

Privacy

CBP will ensure that all Privacy Act requirements and applicable policies are adhered to during the implementation of this pilot.

Paperwork Reduction Act

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB. The collections of information in this notice will be submitted for OMB approval 1651-0052 (User Fees).

Authorization for the Pilot

This pilot adds a payment option for commercial truck single-crossing user fees in addition to the payment method specified in 19 CFR 24.22(c). It is being conducted in accordance with § 101.9(a) of the CBP regulations (19 CFR 101.9(a)), which authorizes the Commissioner to impose requirements different from those specified in the CBP regulations for the purposes of conducting a test program or procedure designed to evaluate the effectiveness of new technology or operational procedures regarding the processing of passengers, vessels, or merchandise.

[Docket No. FR-5930-N-01]

**Section 8 Housing Assistance
Payments Program—Annual
Adjustment Factors, Fiscal Year 2016**

AGENCY: Office of the Assistant Secretary for Policy Development and Research, HUD.

ACTION: Notice of Fiscal Year (FY) 2016 Annual Adjustment Factors (AAFs).

SUMMARY: The United States Housing Act of 1937 requires that certain assistance contracts signed by owners participating in the Department's Section 8 housing assistance payment programs provide annual adjustments to monthly rentals for units covered by the contracts. This notice announces FY 2016 AAFs for adjustment of contract rents on the anniversary of those assistance contracts. The factors are based on a formula using residential rent and utility cost changes from the most recent annual Bureau of Labor Statistics Consumer Price Index (CPI) survey. Beginning with the FY 2014 AAFs and continuing with these FY 2016 AAFs, the Puerto Rico CPI is used in place of the South Region CPI for all areas in Puerto Rico. These factors are applied at the anniversary of Housing Assistance Payment (HAP) contracts for which rents are to be adjusted using the AAF for those calendar months commencing after the effective date of this notice. A separate **Federal Register** Notice published on April 15, 2016 (81 FR 22296) identifies the inflation factors that will be used to adjust tenant-based rental assistance funding for FY 2016.

DATES: *Effective date:* May 3, 2016.

Hearing- or speech-impaired persons may contact the Federal Information Relay Service at 800-877-8339 (TTY). (Other than the "800" TTY number, the above-listed telephone numbers are not toll free.)

SUPPLEMENTARY INFORMATION: Tables showing AAFs will be available electronically from the HUD data information page at <http://www.huduser.gov/portal/datasets/aaf.html>.

I. Applying AAFs to Various Section 8 Programs

AAFs established by this Notice are used to adjust contract rents for units assisted in certain Section 8 housing assistance payment programs during the initial (*i.e.*, pre-renewal) term of the HAP contract and for all units in the Project-Based Certificate program. There are three categories of Section 8 programs that use the AAFs:

Category 1: The Section 8 New Construction, Substantial Rehabilitation, and Moderate Rehabilitation programs;

Category 2: The Section 8 Loan Management (LM) and Property Disposition (PD) programs; and

Category 3: The Section 8 Project-Based Certificate (PBC) program.¹

Each Section 8 program category uses the AAFs differently. The specific application of the AAFs is determined by the law, the HAP contract, and appropriate program regulations or requirements.

AAFs are not used in the following cases:

Renewal Rents. With the exception of the Project-Based Certificate program, AAFs are not used to determine renewal rents after expiration of the original Section 8 HAP contract (either for projects where the Section 8 HAP contract is renewed under a restructuring plan adopted under 24 CFR part 401; or renewed without restructuring under 24 CFR part 402). In general, renewal rents are established in accordance with the statutory provision

¹ As of February, 2016, all PBC contracts should be completed since the program has been merged with the Housing Choice Voucher program. For completeness, HUD is continuing to list Category 3 uses of AAFs for this FY 2016 AAF publication, but intends to discontinue listing Category 3 in FY 2017.

in the Multifamily Assisted Housing Reform and Affordability Act of 1997 (MAHRA), as amended, under which the HAP is renewed. After renewal, annual rent adjustments will be provided in accordance with MAHRA.

Budget-based Rents. AAFs are not used for budget-based rent adjustments. For projects receiving Section 8 subsidies under the LM program (24 CFR part 886, subpart A) and for projects receiving Section 8 subsidies under the PD program (24 CFR part 886, subpart C), contract rents are adjusted, at HUD's option, either by applying the AAFs or by budget-based adjustments in accordance with 24 CFR 886.112(b) and 24 CFR 886.312(b). Budget-based adjustments are used for most Section 8/202 projects.

Tenant-based Certificate Program. In the past, AAFs were used to adjust the contract rent (including manufactured home space rentals) in both the tenant-based and project-based certificate programs. The tenant-based certificate program has been terminated and all tenancies in the tenant-based certificate program have been converted to the Housing Choice Voucher Program, which does not use AAFs to adjust rents. All tenancies remaining in the project-based certificate program continue to use AAFs to adjust contract rent for outstanding HAP contracts.

Voucher Program. AAFs are not used to adjust rents in the Tenant-Based or the Project-Based Voucher programs.

II. Adjustment Procedures

This section of the notice provides a broad description of procedures for adjusting the contract rent. Technical details and requirements are described in HUD notices H 2002-10 (Section 8 New Construction and Substantial Rehabilitation, Loan Management, and Property Disposition) and PIH 97-57 (Moderate Rehabilitation and Project-Based Certificates).

Because of statutory and structural distinctions among the various Section 8 programs, there are separate rent adjustment procedures for the three program categories:

Category 1: Section 8 New Construction, Substantial Rehabilitation, and Moderate Rehabilitation Programs

In the Section 8 New Construction and Substantial Rehabilitation programs, the published AAF factor is applied to the pre-adjustment contract
