

Lake Rancheria), and the City of Eureka. The NRC staff used the information provided during the consultations to inform the EA.

The NRC provided a draft copy of the EA to the California State Department of Health for review on March 9, 2016 (ADAMS Accession No. ML14169A392) and did not receive any comments.

III. Finding of No Significant Impact

The NRC staff prepared an EA in support of the proposed action. The EA is available at ADAMS Accession No. ML16106A054. The NRC staff concluded that the proposed action to amend PG&E's license for HBPP Unit 3 to include the LTP will not significantly impact the quality of the human environment, and that the proposed action is the preferred alternative. Therefore, the NRC finds that there are no significant environmental impacts from the proposed action, and that preparation of an environmental impact statement is not warranted. Accordingly, the NRC has determined that a FONSI is appropriate. The FONSI incorporates the EA by reference.

Dated at Rockville, Maryland, this 26th day of April 2016.

For the Nuclear Regulatory Commission.
Craig G. Erlanger,
Acting Director, Division of Fuel Cycle Safety, Safeguards, and Environmental Review Office of Nuclear Materials Safety and Safeguards.
