#### Information Collections Being Submitted for Review and Approval to the Office of Management and Budget

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility;

the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Fraser, OMB, via email [Nicholas\\_A.Fraser@omb.eop.gov](mailto:Nicholas_A.Fraser@omb.eop.gov); and to Nicole Ongele, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Nicole.Ongele@fcc.gov](mailto:Nicole.Ongele@fcc.gov). Section 69.605 requires that access revenues and cost data shall be reported by participants in association tariffs to the association for computation of monthly pool revenues distributions. The association shall submit a report on or before February 1 of each calendar year describing the associations' cost study review process for the preceding calendar year as well as the results of that process. For any revisions to the cost study results made or recommended by the association that would change the respective carrier's calculated annual common line or traffic sensitive revenue requirement by ten percent or more, the report shall include the following information:

- (1) Name of the carrier;
- (2) A detailed description of the revisions;
- (3) The amount of the revisions;
- (4) The impact of the revisions on the carrier's calculated common line and traffic sensitive revenue requirements; and
- (5) The carrier's total annual common line and traffic sensitive revenue requirement. The information is used to compute charges in tariffs for access service (or origination and termination) and to compute revenue pool distributions. Neither process could be implemented without the information.
