

appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) Within 90 days of the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. The elements of the report are detailed in the *Program Requirements* section of this notice above.

If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Reporting:* All grantees must submit an annual performance report that should contain the following elements on the project's progress: Preface, introduction, background, and data information/explanation; and a final performance report (see the section on Program Requirements) that includes performance measures established by the grantee. The Department will consider this data in making annual continuation awards. 34 CFR 75.110(b).

Consistent with 34 CFR 75.591, grantees funded under this program shall comply with the requirements of any evaluation of the program conducted by the Department or an evaluator selected by the Department.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

H2 Refuel H-Prize Schedule Update

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy (DOE).

ACTION: Notice of Schedule Update to the H2 Refuel H-Prize Competition Guidelines.

SUMMARY: In this notice, DOE is extending the completion schedule for its H2 Refuel H-Prize competition. On October 28, 2014, the Department of Energy (DOE) announced the \$1 million competition in the **Federal Register**, allowing teams from across the United States to compete to develop systems that generate and dispense hydrogen from resources commonly available to residences (electricity or natural gas) for use in homes, community centers, businesses or similar locations, to supplement the current infrastructure roll-out and reduce barriers to using hydrogen fuel cell electric vehicles. These Guidelines were updated in a September 3, 2015, **Federal Register** notice. Both the original and updated guidelines included a competition schedule. A delay in announcing the finalist selection significantly reduced the period for system construction before the start of the originally planned testing period. The announcement was originally planned for December 2015 to provide seven months for the system build as described by the guidelines. However, the announcement was delayed until January 29, 2016.

Therefore, DOE is updating the completion schedule to allow a reasonable construction period.

DATES: Key Upcoming Dates.

- Summer 2016: Finalist system testing begins
- Fall 2016: Competition ends, data will be analyzed to determine winner
- Early 2017: Anticipated award of \$1 million prize, if the Panel of Judges determines that there is a winning entry.

ADDRESSES: The H-Prize Web site is <http://hydrogenprize.org>, where updates and announcements will be posted throughout the competition.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) announced the \$1 million H2 Refuel H-Prize competition in the **Federal Register** on October 28, 2014 (79 FR 64179). The Guidelines were updated in a September 3, 2015 **Federal Register** notice (80 FR 53286). The competition opened on October 29, 2014. The preliminary data submission date was October 29, 2015. In this notice, DOE updates the completion schedule for the competition, as described in the **DATES** section.

Issued in Washington, DC, on April 28, 2016.
