Agency Form Number: Form MSD–4; Form MSD–5.
OMB Control Number: 7100–0100; 7100–0101.
Frequency: On occasion.
Reporters: State member banks, bank holding companies, and foreign dealer banks that are municipal securities dealers.
Estimated Annual Reporting Hours: Form MSD–4, 20 hours; Form MSD–5, 13 hours.
Estimated Average Hours per Response: Form MSD–4, 1 hour; Form MSD–5, 0.25 hours.
Number of Respondents: Form MSD–4, 20; Form MSD–5, 50.

General description of report: The Board’s Legal Division has determined that Sections 15B(a)–(b) and 17 of the Securities Exchange Act (15 U.S.C. 78o–4(a)–(b) and 78q) authorize the SEC and MSRB to promulgate rules requiring municipal security dealers to file registration reports about associated persons with SEC and the ARAs. In addition, Section 15(b)(6) of the Act provides that ARAs may enforce compliance with the SEC’s and MSRB’s rules. 15 U.S.C. 78o–4(c). Section 23(a) of the Act also authorizes the SEC, the Board, and the other ARAs to make rules and regulations in order to implement the provisions of the Act. 15 U.S.C. 78w(a). The Board is the ARA for bank municipal securities dealers that are savings and loan holding companies, state member banks (including their divisions or departments), and bank holding companies (including a subsidiary of the bank holding company if the subsidiary does not already report to another ARA or to the SEC, and any divisions, departments or subsidiaries of that subsidiary). The Board is also the ARA for state branches or agencies of foreign banks that are municipal securities dealers.

Accordingly, the Board’s collection of Forms MSD–4 and Form MSD–5 for these institutions is authorized pursuant to 15 U.S.C. 78o–4, 78q and 78w.

The Board is also authorized to require that state member banks and their departments file reports with the Board pursuant to Section 11(a)(1) of the Federal Reserve Act, 12 U.S.C. 248(a)(1). Branches and agencies of foreign banks are also subject to the reporting requirements of section 11(a)(1) of the Federal Reserve Act pursuant to Section 7(c)(2) of the International Banking Act, 12 U.S.C. 3105(c)(2). In addition, Section 10(b)(2) of the Home Owners’ Loan Act authorizes the Board to require SLHCs to file “such reports as may be required by the Board” and instructs that such reports “shall contain such information concerning the operations of such savings and loan holding company and its subsidiaries as the Board may require.” 12 U.S.C. 1467a(b)(2), as amended by section 369 of the Dodd-Frank Act.

The obligation to file the forms with the Board is mandatory for those financial institutions for which the Board serves as the ARA, and the filing of both forms is event generated.

The data collected on Forms MSD–4 and MSD–5 is compiled in a “system of records” within the meaning of the Privacy Act. 5 U.S.C. 552a(a)(5). In 1977, the Board formally designated a system of records for Forms MSD–4 and MSD–5. See 4 Fed. Res. Reg. Service ¶ 8–350 (42 FR 16,854 (Mar. 30, 1977)). The Privacy Act prohibits the Board from disclosing the information collected on the forms unless certain exceptions apply that would permit disclosure. 5 U.S.C. 552a(b).

Abstract: These mandatory information collections are submitted on occasion by state member banks (SMBs), bank holding companies (BHCs), savings and loan holding companies (“SLHCs”), and foreign dealer banks that are municipal securities dealers. The Form MSD–4 collects information (such as personal history and professional qualifications) on an employee whom the bank wishes to assume the duties of municipal securities principal or representative. The Form MSD–5 collects the date of, and reason for, termination of such an employee.

On August 4, 2014, the Municipal Securities Rulemaking Board (MSRB) (MSRB Notice 2014–13) announced the creation of a new designation of registered person—Limited Representative—Investment Company and Variable Contracts Products—which is a sub-category of Municipal Securities Representative. To conform to MSRB Notice 2011–54, the Federal Reserve Board proposes to make a minor revision to the Form MSD–4 to add the Limited Representative—Investment Company and Variable Contracts Products as a new type of qualification. The Federal Reserve Board also proposes to require electronic submission of both the Form MSD–4 and Form MSD–5 to a secure Federal Reserve Board email address. The total annual reporting burden for these reporting forms is estimated to be 33 hours. A draft copy of the revised Form MSD–4 and Form MSD–5 reporting forms and instructions are attached.

Current Actions: On February 19, 2016 the Federal Reserve published a notice in the Federal Register (81 FR 8494) requesting public comment for 60 days on the extension, with revision, of the Form MSD–4 and Form MSD–5. The comment period for this notice expired on April 19, 2016. The Federal Reserve did not receive any comments. The revisions will be implemented as proposed.

Robert deV. Frierson,
Secretary of the Board.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies. Written comments and suggestions from the public and affected agencies concerning the proposed collection of

information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7575 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395–5806. Written comments should be received within 30 days of this notice.

Proposed Project

Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery (OMB 0920–1050, exp. 2/28/2018)—Revision—Centers for Disease Control and Prevention (CDC).

As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, the CDC has submitted a Generic Information Collection Request (Generic ICR): “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery” to OMB for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et. seq.).

To request additional information, please contact Leroy A. Richardson, Reports Clearance Officer, Centers for Disease Control and Prevention, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

This is a revision to a previously approved collection of information. Respondents will be screened and selected from Individuals and Households, Businesses, Organizations, and/or State, Local or Tribal Government. This revision adds respondents and burden hours to the previous approval to allow for additional data collections. Below are projected annualized estimates for the next three years. There is no cost to respondents other than their time. The estimated annualized burden hours for this data collection activity are 20,250.
