

this collection is scheduled to expire on May 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 17, 2015 (80 FR 78775).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218–0252. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Technical Advisory Committee; Notice of Meeting and Agenda

The Bureau of Labor Statistics Technical Advisory Committee will meet on Friday, June 17, 2015. The meeting will be held in the Postal Square Building, 2 Massachusetts Avenue NE., Washington, DC.

The Committee provides advice and makes recommendations to the Bureau of Labor Statistics (BLS) on technical aspects of the collection and formulation of economic measures. The BLS presents issues and then draws on the expertise of Committee members representing specialized fields within the academic disciplines of economics, statistics and survey design.

The meeting will be held in rooms 1–3 of the Postal Square Building Conference Center. The schedule and agenda for the meeting are as follows:

8:30 a.m. Commissioner's welcome and review of agency developments.

9:00 a.m. Designing a survey to collect data on occupational injuries and illnesses from households.

10:45 a.m. How often do the requirements of jobs change?

2:00 p.m. Education and training requirement for occupations.

4:00 p.m. Approximate conclusion.

The meeting is open to the public. Any questions concerning the meeting should be directed to Sarah Dale, Bureau of Labor Statistics Technical Advisory Committee, on 202–691–5643. Individuals who require special accommodations should contact Ms. Dale at least two days prior to the meeting date.

Signed at Washington, DC, this 3rd day of May 2016.

Kimberly D. Hill,

*Chief, Division of Management Systems,
Bureau of Labor Statistics.*

ACTION: Notice; Submission for OMB Review; Comment Request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. This is the second notice for public comment; the first was published in the **Federal Register** at 81 FR 1233, and one comment was received. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725 17th Street NW., Room 10235, Washington, DC 20503, and to Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Room 1265, Arlington, VA 22230, or by email to splimpto@nsf.gov. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling 703–292–7556.

ADDRESSES: Submit written comments to Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Room 1265, Arlington, VA 22230, or by email to splimpto@nsf.gov.

FOR FURTHER INFORMATION CONTACT: Call or write, Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Room 1265, Arlington, VA 22230, or by email to splimpto@nsf.gov. currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

SUPPLEMENTARY INFORMATION: Comment: As required by 5 CFR 1320.8(d), comments on the information collection activities as part of this study were solicited through publication of a 60-Day Notice in the **Federal Register** on January 11, 2016, at 81 FR 1233. One comment came from Andrew Reamer, Research Professor in the George Washington Institute of Public Policy at George Washington University via email on January 12, 2016. He expressed support for the survey and wanted a copy of the questionnaire and methodology.

Response: The questionnaire was provided to Mr. Reamer on January 15, 2016, and he agreed to wait until the methodological summary was finalized before receiving a copy. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: <http://www.reginfogov/public/do/PRAMain>.

Title of Collection: Nonprofit Research Activities Survey.

OMB Approval Number: 3145–New.

Summary of Collection

Approval to conduct a pilot of the new Nonprofit Research Activities Survey (NPRA) is being requested under the America COMPETES Reauthorization Act of 2010 § 505, codified in the National Science Foundation Act of 1950 (NSF Act), as amended, at 42 U.S.C. 1862, which under paragraph “b” directs the Foundation through NCSES to (1) collect, acquire, analyze, report, and disseminate statistical data related to the science and engineering enterprise in the U.S. and other nations that is relevant and useful to practitioners, researchers, policymakers, and the public, including statistical data on (a) research and development trends; (b) the science and engineering workforce; (c) U.S. competitiveness in science, engineering, technology, and research and development.

The National Center for Science and Engineering Statistics (NCSES) plans to conduct a pilot of the new NPRA. This survey will collect R&D and other related data from U.S. nonprofit organizations. This survey will collect the following:

- Total amount spent on R&D activities within nonprofit organizations,
- Number of employees and R&D employees,
- Sources of funds for R&D expenditures,
- Expenditures by field of R&D,
- Total amount of R&D funding provided to others outside the nonprofit organization,
- Types of recipients receiving R&D funding, and
- Funding by field of R&D.

Use of the information: The primary purpose of this pilot survey is to assess the feasibility of and to test the process of collecting the necessary information prior to the launch of a nationally representative survey planned for 2017. The pilot survey results will not be published. However, NCSES does plan to use the information provided to improve our national estimates of nonprofit research spending in our annual publication National Patterns of R&D Resources.

Expected respondents: The pilot sample will be 4,000 nonprofit organizations.

Estimate of burden: We expect a response rate of 80%. Based on the responses from the 28 cognitive interviews, we estimate the full survey to require 10 hours to complete. The response time for nonprofit organizations that do not conduct or fund research should be under 1 hour. We estimate that of the 4,000 organizations surveyed, no more than 700 will identify as performer or funders and submit a full survey response. Therefore our estimate of burden for the pilot survey is 10,300 hours (7,000 hours for the 700 performers and funders; 3,300 for the remainder of the sample).

Dated: May 3, 2016.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

NUCLEAR REGULATORY COMMISSION

[NRC–2014–0129]

Embedded Digital Devices In Safety-Related Systems

AGENCY: Nuclear Regulatory Commission.

ACTION: Regulatory issue summary; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing Regulatory

Issue Summary (RIS) 2016–05, “Embedded Digital Devices In Safety-Related Systems.” This RIS clarifies the NRC staff’s position on existing regulatory requirements for the quality and reliability of safety-related equipment with embedded digital devices. Furthermore, the purpose of this RIS is to raise awareness that there may be potential safety issues from a postulated common cause failure (CCF) if an undetected software error should occur in embedded digital devices located in multiple trains of redundant safety equipment in nuclear facilities.

DATES: The RIS is available as of May 6, 2016.

ADDRESSES: Please refer to Docket ID NRC–2014–0129 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- **Federal Rulemaking Web site:** Go to <http://www.regulations.gov> and search for Docket ID NRC–2014–0129. Address questions about NRC dockets to Carol Gallagher; telephone: 301–415–3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

• **NRC’s Agencywide Documents Access and Management System (ADAMS):** You may obtain publicly available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced. This RIS is available under ADAMS Accession Number ML15118A015.

• **NRC’s PDR:** You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

• This RIS is also available on the NRC’s public Web site at <http://www.nrc.gov/reading-rm/doc-collections/gen-comm/reg-issues/> (select “2015” and then select “RIS 15–12”).
