**DEPARTMENT OF DEFENSE****Office of the Secretary****Charter Renewal of Department of Defense Federal Advisory Committees**

**AGENCY:** Department of Defense.

**ACTION:** Renewal of Federal Advisory Committee.

**SUMMARY:** The Department of Defense (DoD) is publishing this notice to announce that it is renewing the charter for the National Intelligence University Board of Visitors (“the Board”).

**FOR FURTHER INFORMATION CONTACT:** Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

**SUPPLEMENTARY INFORMATION:** The Board’s charter is being renewed in

accordance with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended) and 41 CFR 102-3.50(d). The Board’s charter and contact information for the Board’s Designated Federal Officer (DFO) can be found at <http://www.facadatabase.gov/>.

The Board provides the Secretary of Defense and the Deputy Secretary of Defense, through the Under Secretary of Defense for Intelligence (USD(I)), the Director, Defense Intelligence Agency, and the President of the National Intelligence University, independent advice and recommendations on matters related to mission, policy, accreditation, faculty, students, facilities, curricula, educational methods, research, and administration of the National Intelligence University.

The Board shall be composed of no more than 12 individuals, who have extensive professional experience in the fields of national intelligence, national defense, and academia. All members of the Board are appointed to provide advice on behalf of the Government on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official Board-related travel and per diem, Board members serve without compensation.

The DoD, as necessary and consistent with the Board’s mission and DoD policies and procedures, may establish subcommittees, task forces, or working groups to support the Board, and all subcommittees must operate under the provisions of FACA and the Government in the Sunshine Act. Subcommittees will not work independently of the Board and must report all recommendations and advice solely to the Board for full deliberation and discussion.

Subcommittees, task forces, or working groups have no authority to make decisions and recommendations, verbally or in writing, on behalf of the Board. No subcommittee or any of its members can update or report, verbally or in writing, directly to the DoD or any Federal officers or employees. The Board’s DFO, pursuant to DoD policy, must be a full-time or permanent part-time DoD employee, and must be in attendance for the duration of each and every Board/subcommittee meeting. The public or interested organizations may submit written statements to the Board membership about the Board’s mission and functions. Such statements may be submitted at any time or in response to the stated agenda of planned Board. All written statements must be submitted to the Board’s DFO who will ensure the

written statements are provided to the membership for their consideration.

Dated: May 3, 2016.

## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### Intent To Prepare a Draft Environmental Impact Statement (DEIS) for the Proposed Amoruso Ranch Project in Placer County, CA, Corps Permit Application Number SPK-2004-00888

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DOD.

**ACTION:** Notice of intent.

**SUMMARY:** On March 17, 2014, Brookfield Sunset LLC (applicant) submitted a Department of the Army (DA) permit application for the discharge of dredged and/or fill material into waters of the United States (WOUS) associated with the construction of the proposed Amoruso Ranch project. On December 22, 2014, the U.S. Army Corps of Engineers, Sacramento District (Corps) determined that the proposed discharge of fill material into WOUS may result in significant impacts to the environment, and that the preparation of an Environmental Impact Statement (EIS) is necessary. A revised DA permit application was submitted by the applicant on October 30, 2014.

The applicant proposes to implement a large-scale, mixed-use, mixed density, master planned community. The proposed project consists of approximately 347 acres designated for residential use that would contain 2,827 dwelling units (in a mix of low, medium and high density), 51 acres for a village center and community commercial uses, 12 acres for public/quasi-public space containing a fire station and school, 161 acres of parks and natural avoided areas of open space reserve and/or preserve, and 82 acres of associated infrastructure containing roads and other public transportation corridors. Approximately 17 acres of the adjacent Al Johnson Wildlife Area property would be used to construct a 325-foot long drainage ditch. No other off-site improvements are included in the proposed project. A segment of the future Placer Parkway would be constructed by others on 49

acres of the site and is not part of this permit application.

The proposed project site is approximately 674 acres and contains approximately 38.86 acres of WOUS, including: Vernal pools; seasonal wetlands; University Creek; and, grasslands. The proposed project would involve the discharge of fill material into approximately 18.64 acres of WOUS, including vernal pools, seasonal wetlands, and open water pond. The proposed project may also result in indirect impacts to WOUS, including wetlands.

**DATES:** The Corps will conduct a public scoping meeting on Thursday, May 26, 2016, from 5:00-6:00 p.m.

**ADDRESSES:** The public scoping meeting will be held in Rooms 1 & 2 of the Martha Riley Community Library, 1501 Pleasant Grove Boulevard, Roseville, CA, 95747.

**FOR FURTHER INFORMATION CONTACT:** Ms. Leah M. Fisher, (916) 557-6639, email: [Leah.M.Fisher@usace.army.mil](mailto:Leah.M.Fisher@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** Interested parties are invited to submit written comments on or before *July 5, 2016*. Scoping comments should be submitted within the next 60 days, but may be submitted at any time prior to publication of the DEIS. To submit comments on this notice or for questions about proposed activities in WOUS and the DEIS please contact Ms. Leah M. Fisher at (916) 557-6639 or by email at [Leah.M.Fisher@usace.army.mil](mailto:Leah.M.Fisher@usace.army.mil), 1325 J Street, Room 1350, Sacramento, CA 95814. Parties interested in being added to the Corps' electronic mail notification list for the proposed project can register at: <http://www.spk.usace.army.mil/Media/RegulatoryPublicNotices.aspx>. Please refer to Identification Number SPK-2004-00888 in any correspondence.

The Amoruso Ranch project site is located in unincorporated western Placer County, south of West Sunset Boulevard, approximately 1.5 miles west of Fiddyment Road, east of Pettigrew Road, and north of Pleasant Grove Creek in Sections 10, 11, and 14, Township 11 North and Range 5 east of the Pleasant Grove California 7.5-minute USGS quadrangle. The approximate center of the 674-acre site is Latitude 38.816667°, Longitude -121.384722°.

A wetland delineation of the project site, which has been verified by the Corps, indicates there are approximately 38.86 acres of WOUS present within the proposed project area, including: 9.81 acres of vernal pools; 19.74 acres of seasonal wetland swales; 4.83 acres of seasonal wetlands; 1.82 acre of

freshwater marsh; 1.92 acre of intermittent stream; 0.01 acre of ephemeral stream; and, 0.36 acre of open water pond. A wetland delineation of the off-site improvement area was conducted in June 2015. There are approximately 0.364 acre of WOUS present within the off-site improvement area, including: 0.34 acre of farmed wetland; 0.001 acre of vernal pool; and, 0.023 acre of seasonal stream.

The EIS will include alternatives to the Proposed Action that will meet National Environmental Policy Act (NEPA) requirements for a reasonable range of alternatives, and will also meet the requirements of CWA section 404(b)(1) Guidelines. The alternatives to be evaluated within the EIS have not yet been developed, but will, at a minimum, include the No Action Alternative, the Proposed Action Alternative, and additional on-site and off-site alternatives.

The Corps' public involvement program includes several opportunities to provide verbal and written comments on the proposed Amoruso Ranch Project through the EIS process. Affected federal, state, and local agencies, Native American tribes, and other interested private organizations and parties are invited to participate. Potentially significant issues to be analyzed in depth in the EIS include the loss of WOUS (including wetlands) and impacts related to: Cultural resources; biological resources; air quality; hydrology and water quality; noise; traffic; aesthetics; utilities and service systems; and, socioeconomic effects.

The Corps will initiate formal consultation with the U.S. Fish and Wildlife Service (USFWS) under section 7 of the Endangered Species Act for proposed impacts to listed species. The Corps will also consult with the State Historic Preservation Office under section 106 of the National Historic Preservation Act for proposed impacts to properties listed or potentially eligible for listing on the National Register of Historic Places, as appropriate.

The Draft EIS is expected to be made available to the public by September 2017.

Dated: April 26, 2016.
