#### **FOR FURTHER INFORMATION CONTACT:**

Klamath Refuge Planner, (916) 414-6464 (phone).

**SUPPLEMENTARY INFORMATION:** We publish this notice to announce the availability of a draft CCP/EIS for the Klamath Basin Refuges. The draft CCP/EIS, which we prepared in accordance with the National Environmental Policy Act of 1969 (NEPA), describes and analyzes a range of management alternatives for the Klamath Basin Refuges. In addition to our publication of this notice, EPA is publishing a notice announcing the draft CCP/EIS, as required under section 309 of the Clean Air Act (42 U.S.C. 7401 *et seq.*). The publication date of EPA's notice of availability is the start of the public comment period for the draft CCP/EIS. Under the CAA, EPA must also subsequently announce the final EIS via the **Federal Register**.

#### **EPA's Role in the EIS Process**

The EPA is charged under section 309 of the CAA (42 U.S.C. 7401 *et seq.*) to review all Federal agencies' environmental impact statement (EISs) and to comment on the adequacy and acceptability of the environmental impacts of proposed actions in the EISs.

EPA also serves as the repository (EIS database) for EISs prepared by Federal agencies and provides notice of their availability in the **Federal Register**. The EIS Database provides information about EISs prepared by Federal agencies, as well as EPA's comments concerning the EISs. All EISs are filed with EPA, which publishes a notice of availability on Fridays in the **Federal Register**.

The notice of availability is the start of the public comment period for draft EISs, and the start of the 30-day "wait period" for final EISs, during which agencies are generally required to wait 30 days before making a decision on a proposed action. For more information, see <http://www.epa.gov/compliance/nepa/eisdata.html>. You may search for EPA comments on EISs, along with the EISs themselves, at <https://cdxnodengn.epa.gov/cds-enepa-public/action/eis/search>.
