[B-28-2016]

**Foreign-Trade Zone (FTZ) 26—Atlanta, Georgia; Notification of Proposed Production Activity; Eastman Kodak Company; Subzone 26N (Aluminum Printing Plates); Columbus, Georgia**

Georgia Foreign Trade Zone, Inc., grantee of FTZ 26, submitted a notification of proposed production activity to the FTZ Board on behalf of Eastman Kodak Company (Eastman Kodak), located within Subzone 26N, in Columbus, Georgia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on April 26, 2016.

The facility is used for the production of aluminum printing plates. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Eastman Kodak from customs duty payments on the foreign-status materials and components used in export production. On its domestic sales, Eastman Kodak would be able to choose the duty rate during customs entry procedures that applies to aluminum printing plates (duty rate 3.7%) for the foreign-status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: ethanaminium; 3H-indolium; benzenediazonium; finished aluminum printing plates; acetic acid; polyvinylphosphonsaure; co polymer-

methacrylic acid; propenoic acid; naphthalenesulfonic acid; urethane acrylate polymer; phenolic resin solution; and, aluminum and aluminum alloy coils (duty rates range from 3% to 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is June 20, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

**SUPPLEMENTARY INFORMATION:** ONMS serves as the trustee for a network of underwater parks encompassing more than 170,000 square miles of marine and Great Lakes waters from Washington state to the Florida Keys, and from Lake Huron to American Samoa. The network includes a system of 13 national marine sanctuaries and Papahānaumokuākea and Rose Atoll marine national monuments. National marine sanctuaries protect our Nation's most vital coastal and marine natural and cultural resources, and through active research, management, and public engagement, sustain healthy environments that are the foundation for thriving communities and stable economies. One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through the formation of advisory councils. The Sanctuary System Business Advisory Council (council) has been formed to provide advice and recommendations to the Director regarding the relationship of ONMS with the business community. Additional information on the council can be found at <http://sanctuaries.noaa.gov/management/ac/welcome.html>.

*Matters to be Considered:* The meeting will provide an opportunity for council members to visit a national marine sanctuary, Florida Keys National Marine Sanctuary, for the first time and learn about the site's history, resources, and staff. The council will be introduced to representatives from several of the sanctuary's user groups in order to hear different perspectives on the users and conflicts associated with managing a multi-use area. Additionally, the council will receive a tour of the Florida Keys Eco-Discovery Center that will serve as a point of comparison to discuss current and brainstorm new strategies in which ONMS might maximize visitor engagement everywhere a sanctuary is present. The agenda, available at <http://sanctuaries.noaa.gov/management/bac/meetings.html>, is subject to change.
