**SUPPLEMENTARY INFORMATION:** Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate cultural items under the control of the Peabody Museum of Natural History, Yale University, New Haven, CT that meet the definition of unassociated funerary objects under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American cultural items. The National Park Service is not responsible for the determinations in this notice.

#### History and Description of the Cultural Item(s)

In 1899, two cultural items were removed from Yakutat Bay in Yakutat Borough, AK, by a member of the 1899 Harriman Expedition. The items were donated to the Peabody Museum of Natural History by George Bird Grinnell in 1913. The two unassociated funerary objects are two whale bone war knives.

In June 2015, representatives from the Central Council of the Tlingit and Haida Indian Tribes of Alaska identified the knives as culturally affiliated to the Tlingit people. Peabody Museum of Natural History catalog records refine this affiliation to the Yakutat Tlingit Tribe. Through consultation, members of the Yakutat Tlingit Tribe have confirmed their culturally affiliation to the knives.

#### Determinations Made by the Peabody Museum of Natural History

Officials of the Peabody Museum of Natural History have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the two cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and the Yakutat Tlingit Tribe.
