BILLING CODE 4710-42-P

SURFACE TRANSPORTATION BOARD

[Docket No. AB 290 (Sub-No. 381X)]

Norfolk Southern Railway Company— Abandonment Exemption—in Hamilton County, Ohio

On April 22, 2016, Norfolk Southern Railway Company (NSR) filed with the Surface Transportation Board (Board) a petition under 49 U.S.C. 10502 for exemption from the prior approval requirements of 49 U.S.C. 10903 to abandon approximately 4.10 miles of rail line extending from milepost CT 3.7 to milepost CT 7.8 in Hamilton County, Ohio (the Line). The Line traverses U.S. Postal Zip Codes 45207, 45212, 45208, 45209, 45226, and 45227.

According to NSR, no traffic has moved over the Line in more than five years. NSR further states that there is no potential for new traffic. NSR seeks to abandon the Line and sell the property to the City of Cincinnati (City) for a public redevelopment project. NSR states that the City is undertaking a plan that would reduce/reroute vehicular traffic, create greenways, and provide alternative modal access to five major development sites, including sites at Xavier University and near Uptown. NSR asserts that the City would take ownership of, and assume responsibility for, the safety and maintenance of the 10 bridges on the Line.

In addition to an exemption from the provisions of 49 U.S.C. 10903, NSR also seeks an exemption from the offer of financial assistance (OFA) procedures of 49 U.S.C. 10904. In support, NSR states that the Line is needed for a public purpose, as it is of critical significance to the City's redevelopment plans. NSR further asserts that there is no overriding public need for continued freight rail service. NSR's request for exemption from § 10904 will be addressed in the final decision.

According to NSR, the Line does not contain federally granted rights-of-way. Any documentation in NSR's possession will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set forth in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

By issuing this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by August 10, 2016.

Any OFA under 49 CFR 1152.27(b)(2) to subsidize continued rail service will be due by August 19, 2016, or 10 days after service of a decision granting the petition for exemption, whichever occurs first. Each OFA must be accompanied by a \$1,600 filing fee. See 49 CFR 1002.2(f)(25).

All interested persons should be aware that, following abandonment, the Line may be suitable for other public use, including interim trail use. Any request for a public use condition under 49 CFR 1152.28 or for interim trail use/rail banking under 49 CFR 1152.29 will be due no later than June 1, 2016. Each interim trail use request must be accompanied by a \$300 filing fee. See 49 CFR 1002.2(f)(27). However, NSR states that, because it seeks abandonment to allow the City to purchase the land for a public use, NSR is unwilling to negotiate interim trail use/rail banking.

All filings in response to this notice must refer to Docket No. AB 290 (Sub-No. 381X) and must be sent to: (1) Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001; and (2) William A Mullins, Baker & Miller PLLC, 2401 Pennsylvania Ave. NW., Suite 300, Washington, DC 20037. Replies to the petition are due on or before June 1, 2016.

Persons seeking further information concerning abandonment procedures may contact the Board's Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245-0238 or refer to the full abandonment or discontinuance regulations at 49 CFR part 1152. Questions concerning environmental issues may be directed to the Board's Office of Environmental Analysis (OEA) at (202) 245-0305. Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.

An environmental assessment (EA) (or environmental impact statement (EIS), if necessary) prepared by OEA will be served upon all parties of record and upon any agencies or other persons who commented during its preparation. Other interested persons may contact OEA to obtain a copy of the EA (or EIS). EAs in abandonment proceedings normally will be made available within 60 days of the filing of the petition. The deadline for submission of comments on the EA generally will be within 30 days of its service.

Board decisions and notices are available on our Web site at "WWW.STB.DOT.GOV."

Decided: May 9, 2016.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Jeffrey Herzog,
Clearance Clerk.

BILLING CODE 4915-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Aviation Rulemaking Advisory Committee—New Task

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of a new task assignment for the Aviation Rulemaking Advisory Committee (ARAC).

SUMMARY: The FAA has assigned the Aviation Rulemaking Advisory Committee (ARAC) a new task to provide recommendations regarding the certification of persons engaged in operations involving the loading of special cargo. Assignment of this task is in response to National Transportation Safety Board Recommendation A-15-014 which recommended that the FAA create a certification for personnel responsible for the loading, restraint, and documentation of special cargo loads on transport-category airplanes. This notice informs the public of the new ARAC activity and solicits membership for the new Loadmaster Certification Working Group.

FOR FURTHER INFORMATION CONTACT: Stephen Grota Cargo Focus Team, AFS-340 Federal Aviation Administration, 950 L'Enfant Plaza SW., 5th Floor, Washington, DC 20024, stephen.grota@faa.gov, phone number (781) 238-7528.

SUPPLEMENTARY INFORMATION:

ARAC Acceptance of Task

As a result of its March 23, 2016, ARAC meeting, the ARAC accepted this tasking to establish the Loadmaster Certification Working Group. The Loadmaster Certification Working Group will serve as staff to the ARAC and provide advice and recommendations on the assigned task. The ARAC will review and accept the recommendation report and will submit it to the FAA.

Background

The FAA established the ARAC to provide information, advice, and recommendations on aviation related
