If you wish to become a member of the Loadmaster Certification Working Group, contact the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire. Describe your interest in the task and state the expertise you would bring to the working group. The FAA must receive all requests by June 13, 2016. The ARAC and the FAA will review the requests and advise you whether or not your request is approved.

If you are chosen for membership on the working group, you must actively participate in the working group, attend all meetings, and provide written comments when requested. You must devote the resources necessary to support the working group in meeting any assigned deadlines. You must keep your management and those you may represent advised of working group activities and decisions to ensure the proposed technical solutions do not conflict with the position of those you represent. Once the working group has begun deliberations, members will not be added or substituted without the approval of the ARAC Chair, the FAA, including the Designated Federal Officer, and the Working Group Chair.

The Secretary of Transportation determined the formation and use of the ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law. The ARAC meetings are open to the public. However, meetings of the Loadmaster Certification Working Group are not open to the public, except to the extent individuals with an interest and expertise are selected to participate. The FAA will make no public announcement of working group meetings.

Issued in Washington, DC, on May 4, 2016.

Lirio Liu,

Designated Federal Officer, Aviation Rulemaking Advisory Committee.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2016-0046]

Petition for Waiver of Compliance

In accordance with part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated April 28, 2016, Union Railroad (UR) petitioned the Federal Railroad Administration (FRA) for renewal of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 229—Railroad Locomotive Safety Standards. This regulatory relief was initially granted by FRA in 1980 and is due to expire in 2017 under the “sunset clause” added to 49 CFR 229.19—*Prior waivers*, in 2012. This relief was formerly handled under Docket Number LI-80-24; however FRA has updated the docket numbering system and assigned this petition Docket Number FRA-2016-0046.

The waiver in Docket Number LI-80-24 granted UR relief from the requirement of 49 CFR 229.123—*Pilots,*

snowplows, end plates, that locomotives be equipped with a pilot, snowplow, or end plate extending across both rails for 121 locomotives, 32 of which remain in service. These locomotives are not equipped with a pilot, snowplow, or end plate but have hose boxes or brackets above the rails with open space between. UR states that these locomotives operate over yard and mainline track, within and between three steel mills. The total track length of UR is 20 miles, with three public grade crossings (two with gates and flashers, one with flashers only) and trains are limited to 20 mph. UR reports that there have been no known safety-related incidents or operating difficulties associated with this waiver.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation’s (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
