SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of

information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before July 12, 2016. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

These requirements are necessary for the Commission staff to carry out its duties to determine technical, legal and other qualifications of applicants to operate and remain licensed to operate a station(s) for Personal Communications Services (PCS). In addition, the information is used to determine whether the public interest, convenience, and necessity are being served as required by 47 U.S.C. 309 and to ensure that applicants and licenses comply with ownership and transfer restrictions imposed by 47 U.S.C. 310. Without this information, the Commission would not be able to carry out its statutory responsibilities. The Commission is submitting this rulemaking for the Advanced Wireless Services (AWS) H Block to make available ten megahertz of spectrum for flexible use, extending the current PCS band. The rule allows the implementation of the Congressional directive in the Middle Class Tax Relief and Job Creation Act of 2012 (Spectrum Act) to grant licenses for the 1915-1920 MHz (Lower H Block) and 1995-2000 MHz (Upper H Block) bands. The mandatory requirements will continue with this PRA collection, and there is no change in the third party disclosure requirements.
