SUPPLEMENTARY INFORMATION:

I. Notice of the Applications for Expansion

The Occupational Safety and Health Administration is providing notice that

Nemko-CCL, Inc. (CCL), is applying for expansion of its current recognition as an NRTL. CCL requests the addition of two (2) recognized testing and certification sites, and twenty-two (22) additional test standards to its NRTL scope of recognition. Additionally, CCL is applying to relocate its headquarters to Ottawa, Canada, after its existing headquarters in Salt Lake City, Utah was destroyed in a fire.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified in title 29, Code of Federal Regulations, section 1910.7 (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. Recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The Agency processes applications by an NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL, including CCL, which details the NRTL's scope of recognition. These pages are available from the OSHA Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

Each NRTL's scope of recognition includes: (1) The type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product testing and product-certification activities for test standards within the NRTL's scope.

CCL currently has one facility (site) recognized by OSHA for product testing and certification, with its headquarters located at: Nemko-CCL 1940 West Alexander Street, Salt Lake City, Utah 84119-2039. A complete list of CCL sites recognized by OSHA is available at <https://www.osha.gov/dts/otpca/nrtl/ccl.html>.
