On January 12, 2016, the Department extended the deadline for the final results of this administrative review until May 9, 2016,⁵ which the Department tolled to May 13, 2016.⁶ The Department conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Final Results of Review

As a result of this review, we determine that the following margins for the POR:

Producer/exporter	Weighted-average dumping margin (percent)
Deacero S.A. de C.V.	1.54
ArcelorMittal Las Truchas, S.A. de C.V.	2.59

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b), the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.⁹ For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we calculated importer-specific ad valorem assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Upon issuance of the final results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.5 percent), the Department will issue instructions directly to CBP to assess antidumping duties on appropriate entries.

The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

⁸ See "Final Results in the 9th Administrative Review on Carbon and Certain Alloy Steel Wire Rod from Mexico: Calculation Memorandum for Deacero S.A. de C.V. and Deacero USA, Inc. (collectively, Deacero)," from James Terpstra, Senior International Trade Analyst, AD/CVD Operations, Office III, to The File, through Eric B. Greynolds, Program Manager, AD/CVD Operations, Office III, and "Final Results in the 9th Administrative Review on Carbon and Certain Alloy Steel Wire Rod from Mexico: Calculation Memorandum for ArcelorMittal Las Truchas, S.A. de C.V. (AMLT)" from Jolanta Lawska, International Trade Analyst, AD/CVD Operations, Office III, to The File, through Eric B. Greynolds, Program Manager, AD/CVD Operations, Office III, dated concurrently with this notice (collectively, Calculation Memoranda for Final Results).

⁹ For assessment purposes, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for Deacero and AMLT will be the rates established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 20.11 percent, the all-others rate established in the investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding.
