DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5907–N–21]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today’s Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: May 13, 2016.

Samantha Deshommes,

BILLING CODE 9111–97–P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Endangered and Threatened Wildlife and Plants; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct activities intended to enhance the survival of endangered species.

DATES: To ensure consideration, please send your written comments by June 20, 2016.

APPLICATIONS AVAILABLE FOR REVIEW AND COMMENT

Applications are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

Permit Application Number TE90023B

Applicant: State of Colorado, Denver, CO.

The applicant requests a permit to conduct presence/absence surveys for Uncompahgre fritillary butterflies (Boloria acrocnema) in Colorado for the purpose of enhancing the species’ survival.

Permit Application Number TE047252

Applicant: Southwestern Willow Flycatcher Recovery Team, Gunnison, CO.

The applicant requests a permit to conduct presence/absence surveys for southwestern willow flycatcher extinction (Empidonax traillii extimus) in Colorado and Utah for the purpose of enhancing the species’ survival.

SUPPLEMENTARY INFORMATION:

Background

The Act (16 U.S.C. 1531 et seq.) prohibits certain activities with endangered and threatened species unless authorized by a Federal permit. Along with our implementing regulations at 50 CFR 17, the Act provides for permits and requires that we invite public comment before issuing these permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittees to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Applications Available for Review and Comment

We invite local, State, and Federal agencies and the public to comment on the following applications. Documents and other information the applicants have submitted with their applications are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

Permit Application Number TE186566

Applicant: Western State Colorado University, Gunnison, CO.

The applicant requests a permit to conduct presence/absence surveys for Uncompahgre fritillary butterflies (Boloria acrocnema) in Colorado for the purpose of enhancing the species’ survival.

Permit Application Number TE047252

Applicant: Southwestern Willow Flycatcher Recovery Team, Gunnison, CO.

The applicant requests a renewal for an existing permit to continue presence/absence surveys for southwestern willow flycatcher extinction (Empidonax traillii extimus) in Colorado and Utah for the purpose of enhancing the species’ survival.

Permit Application Number TE90023B

Applicant: EA Engineering Science and Technology, Inc., Lincoln, NE.

The applicant requests a permit to conduct presence/absence surveys for pallid sturgeon (Scaphirhynchus albus)
