Paulsboro Natural Gas Pipeline Company, LLC; Notice of Schedule for Environmental Review of the Delaware River Pipeline Relocation Project

On December 1, 2015, Paulsboro Natural Gas Pipeline Company, LLC (Paulsboro) filed an application in Docket No. CP16-27-000 requesting authorization and a Certificate of Public Convenience and Necessity pursuant to Section 7(b) and 7(c) of the Natural Gas Act (NGA) to abandon, construct, and operate certain natural gas pipeline facilities. The proposed project is known as the Delaware River Pipeline Relocation Project (Project).

On December 11, 2015, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

Schedule for Environmental Review

Issuance of EA—July 18, 2016

¹ *Algonquin Gas Transmission, LLC*, 154 FERC ¶ 61,269 (2016).

90-day Federal Authorization Decision Deadline—October 16, 2016

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Paulsboro proposes to abandon about 2.4 miles of 6- and 8-inch-diameter natural gas pipeline extending across the Delaware River between Delaware County, Pennsylvania and Gloucester County, New Jersey. Paulsboro would replace the abandoned pipeline with 2.6 miles of 12- and 24-inch-diameter pipeline installed under the Delaware River using the horizontal directional drill method. The purpose of the Project is to facilitate the United States Army Corps of Engineers' dredging activities for the Delaware River Main Channel Deepening Project (45-Foot Project). The Project would increase natural gas transportation capacity from 38 million standard cubic feet per day (MMScf/d) to 57.7 MMScf/d to the sole customer served by the pipeline, Paulsboro Refining Company, LLC.

Background

On January 19, 2016, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Delaware River Pipeline Relocation Project and Request for Comments on Environmental Issues* (NOI). The NOI was published in the **Federal Register** and mailed to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers.

In response to the NOI, the Commission received comments from Consolidated Rail Corporation, Delaware Riverkeeper Network, New Jersey Department of Environmental Protection, New Jersey State Historic Preservation Office, and Pennsylvania State Historic Preservation Office. The primary issues raised by the commentors included state permit requirements and environmental compliance; potential impacts on cultural and natural resources; cumulative impacts; pipeline safety; future upgrades of Paulsboro's facilities and systems; and natural gas production methods.

The Federal Aviation Administration, U.S. Coast Guard, and U.S. Army Corps of Engineers, Philadelphia District are cooperating agencies in the preparation of the EA.

Tricon Energy Ltd. and Rockbriar Partners Inc. v. Colonial Pipeline Company; Notice of Complaint

Take notice that on May 9, 2016, Tricon Energy Ltd. (Tricon) and Rockbriar Partners Inc. (Rockbriar) (collectively, Complainants) filed a protest, complaint, and motion to intervene in response to Colonial Pipeline Company's (Colonial or Respondent) tariff filing in Docket No. IS16-259-000. The motion to intervene and protest portion of Tricon's and Rockbriar's pleading was placed in the IS16-259-000 docket. The complaint portion of Tricon's and Rockbriar's pleading is being separately docketed in the proceeding captioned above.

Tricon and Rockbriar assert that Colonial is attempting to enforce a shipper history transfer policy that is not in the tariff that locks out New

Shippers from obtaining capacity on Colonial in violation of Colonial's statutory common carrier duty set forth in section 1(4) of the Interstate Commerce Act (ICA). Tricon and Rockbriar assert that Colonial's practice violates the ICA's tariff publication requirement in section 6(1), as well as the Commission's regulations at 18 CFR 341.0(b)(1), 341.3(b)(6), and 341.8. Tricon and Rockbriar assert that Colonial's New Shipper lockout policy is a facet of its prorationing policy, and a restriction on service, that has not been reviewed and approved by the Commission to be part of Colonial's Tariff.

The Complainants certifies that copies of the complaint were served on the Respondents.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).
