SUPPLEMENTARY INFORMATION:

Agenda

The Advisory Panel will review the general workload for 2016 based on Council priorities and a draft action plan for Scallop Framework 28 (FW28) and potentially identify recommendations for prioritizing work items in upcoming actions. The Advisory Panel will also review progress on potential management measures that may be included in FW28, including: (1) Measures to restrict the possession of shell stock inshore of 42°20' N.; (2) Modifications to the process for setting scallop fishery annual catch limits (ACL flowchart); (3) Measures to modify scallop access areas consistent with potential changes to habitat and groundfish mortality closed areas; and (4) Development of gear modifications to further protect small scallops. The Advisory Panel will provide research recommendations for the 2017/18 Scallop Research Set-Aside (RSA) federal funding announcement and potentially discuss other RSA policies and program details. The Advisory Panel will give a brief update on the required five-year review of the limited access general category IFQ program. Other business may be discussed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
