[Docket No. OR16-18-000]

American Airlines, Inc. v. Plantation Pipe Line Company; Notice of Complaint

Take notice that on May 13, 2016, pursuant to Rule 206 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (Commission), 18 CFR 385.206, section 343.2 of the Commission's Rules Applicable to Oil Pipeline Proceedings, 18 CFR 343.2, American Airlines, Inc. (American or Complainant) filed a formal complaint against Plantation Pipe Line Company (Plantation or Respondent), alleging that Plantation unlawfully proposed to suspend jet fuel transportation service in violation of sections 1, 3, 6, 13, and 15 of the Interstate Commerce Act, 49 U.S.C. app. 1, 3, 6, 13, and 15 (1988) and that its transmix policy is unduly discriminatory and unduly preferential, all as more fully explained in the complaint.

American certifies that copies of the complaint were served on the contacts for Plantation as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to

receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5:00 p.m. Eastern Time on June 13, 2016.

Dated: May 17, 2016.

Kimberly D. Bose,

Secretary.

[Project No. 14773-000]

Swanton Hydro, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On April 1, 2016, Swanton Hydro, LLC (Swanton Hydro) filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Lower Swanton Dam Hydroelectric Project (project) to be located on the Missisquoi River in the Village of Swanton, Franklin County, Vermont. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of: (1) An existing 335-foot-long, 12-foot-high concrete gravity dam (Swanton dam) with a 331-foot-long spillway with 2-foot-high wooden flashboards; (2) an existing 170-acre impoundment with a normal water surface elevation of 112 feet above mean sea level; (3) a new 35-foot-long, 55-foot-wide intake structure with trashracks; (4) a new 100-foot-long, 55-foot-wide, 25-foot-high powerhouse containing two turbine-generator units with a total installed capacity of 850 kilowatts; (5) a new 45-foot-long, 45-foot-wide, 18-foot-deep tailrace and 50-foot-long training wall; (6) a new 210-foot-long, 12.47-kilovolt transmission line and transformer; and (7) appurtenant facilities. The project would produce an estimated average annual generation of

3,580 megawatt-hours. There are no federal lands associated with the project.

Applicant Contact: William F. Scully, P.O. Box 338, North Bennington, Vermont 05257; phone: (802) 379-2469.

FERC Contact: Tom Dean (202) 502-6041.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-14773-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14773) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: May 17, 2016.

Kimberly D. Bose,

Secretary.
