Centers for Medicare & Medicaid Services

[Document Identifiers: CMS-10053 and CMS-10302]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including any of the following subjects: The necessity and utility of the proposed information collection for the proper performance of the agency's functions; the accuracy of the estimated burden; ways to enhance the quality, utility, and clarity of the information to be collected; and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by July 25, 2016.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured

consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for "Comment or Submission" or "More Search Options" to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number _____, Room C4-26-05, 7500 Security Boulevard, Baltimore, Maryland 21244-1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of the following:

1. Access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov.

3. Call the Reports Clearance Office at (410) 786-1326.

FOR FURTHER INFORMATION CONTACT: Reports Clearance Office at (410) 786-1326.

SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10053 Paid Feeding Assistants in Long-Term Care Facilities and Supporting Regulations

CMS-10302 Collection Requirements for Compendia for Determination of Medically-accepted Indications for Off-label Uses of Drugs and Biologicals in an Anti-cancer Chemotherapeutic Regimen

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party.

Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Paid Feeding Assistants in Long-Term Care Facilities and Supporting Regulations; *Use:* In accordance with 42 CFR part 483, long-term care facilities are permitted to use paid feeding assistants to supplement the services of certified nurse aides. If facilities choose this option, feeding assistants must complete a training program. Nursing home providers are expected to maintain a record of all individuals used by the facility as paid feeding assistants. *Form Number:* CMS-10053 (OMB control number: 0938-0916); *Frequency:* Occasionally; *Affected Public:* Private Sector—Business or other for-profit and not-for-profit institutions; *Number of Respondents:* 4,250; *Total Annual Responses:* 4,250; *Total Annual Hours:* 25,500. (For policy questions regarding this collection contact Karen Tritz at 410-786-8021.)

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Collection Requirements for Compendia for Determination of Medically-accepted Indications for Off-label Uses of Drugs and Biologicals in an Anti-cancer Chemotherapeutic Regimen *Use:* Section 182(b) of the Medicare Improvement of Patients and Providers Act (MIPPA) amended section 1861(t)(2)(B) of the Social Security Act (42 U.S.C. 1395x(t)(2)(B)) by adding at the end the following new sentence: 'On and after January 1, 2010, no compendia may be included on the list of compendia under this subparagraph unless the compendia has a publicly transparent process for evaluating therapies and for identifying potential conflicts of interest.' We believe that the implementation of this statutory provision that compendia have a "publicly transparent process for evaluating therapies and for identifying potential conflicts of interests" is best accomplished by amending 42 CFR 414.930 to include the MIPPA requirements and by defining the key components of publicly transparent processes for evaluating therapies and

for identifying potential conflicts of interests.

All currently listed compendia will be required to comply with these provisions, as of January 1, 2010, to remain on the list of recognized compendia. In addition, any compendium that is the subject of a future request for inclusion on the list of recognized compendia will be required to comply with these provisions. No compendium can be on the list if it does not fully meet the standard described in section 1861(t)(2)(B) of the Act, as revised by section 182(b) of the MIPPA. *Form Number:* CMS-10302 (OMB control number: 0938-1078); *Frequency:* Annually; *Affected Public:* Business and other for-profits and Not-for-profit institutions; *Number of Respondents:* 845; *Total Annual Responses:* 900; *Total Annual Hours:* 5,135. (For policy questions regarding this collection contact Brijet Coachman at 410-786-7364.)

Dated: May 23, 2016.

William N. Parham, III,

Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[CFDA Number: 93.576]

Announcement of Award of an Urgent Single-Source Grant to Gulf Coast Jewish Family and Community Services in Clearwater, FL

AGENCY: Office of Refugee Resettlement, ACF, HHS.

ACTION: Notice of the award of an urgent single-source grant to Gulf Coast Jewish Family and Community Services to provide mental health technical assistance services for refugees.

SUMMARY: The Administration for Children and Families (ACF), Office of Refugee Resettlement (ORR) announces the award of an urgent single-source grant in the amount of \$225,000 to Gulf Coast Jewish Family and Community Services (Gulf Coast) in Clearwater, FL to train providers to effectively identify and appropriately serve the mental health needs of arriving refugee populations.

DATES: The two-year project period for the award is December 1, 2015 through November 30, 2017.

FOR FURTHER INFORMATION CONTACT:

Kenneth Tota, Deputy Director, Office of Refugee Resettlement, 330 C. Street, SW., Washington, DC 20201. Telephone: 202-401-4858. Email: kenneth.tota@acf.hhs.gov

SUPPLEMENTARY INFORMATION: In the past few years, ORR has seen an increasing need for mental health services among newly-arrived refugees, particularly those who have suffered torture and extreme trauma due to war and genocide. ORR has received numerous reports of refugees from Bhutan and Burma completing suicide. Bhutanese refugees, in particular, have demonstrated a high incidence of suicide upon arrival to the U.S. This fiscal year the program is seeing a significant increase in resettlement of refugees from the Democratic Republic of Congo and Syria.

Refugees face significant barriers to accessing mental health resources since they are unfamiliar with community mental health systems, speak limited English, and have few financial resources. Health and mental health providers are often overwhelmed by the linguistic and cultural differences that refugees present and respond by saying they are unable to provide services. Currently the provision of standardized mental health screening and culturally appropriate mental health services is one the primary challenges facing the US resettlement program. There is no direct provision of much needed mental health services to refugees in many primary resettlement locations.

Gulf Coast has been a longstanding refugee resettlement program and also has been a grantee under the ORR Survivors of Torture program for the past 15 years. In addition, Gulf Coast has provided technical assistance and mental health services to a national network of refugee service providers and mainstream health and mental health professionals for the past 9 years. Gulf Coast is recognized as the primary refugee mental health technical assistance provider to states without a survivor of torture program. As a result of Gulf Coast's training and technical assistance 6 states applied for and received ORR grants to provide direct services to survivors. They are the only technical assistance provider with expertise in both refugee resettlement and direct services to survivors of torture. They are the only national technical assistance provider with expertise in both refugee resettlement

and direct services to survivors of torture.

Gulf Coast's National Partnership for Community Training (NPCT) has provided technical assistance and training services to ORR grantees and other refugee service providers since 2006.

It is expected that ORR will provide awards to this grantee for a 2-year project period with 12-month budget periods. The grantee will be required to submit applications for noncompetitive awards in the subsequent year during the project period. Future awards will be based on the grantee's performance, the availability of funds, and the best interest of the Federal Government.

Statutory Authority: This program is authorized by—

(A) Section 412 (c)(1)(A) of the Immigration and Nationality Act (INA)(8 U.S.C. 1522(c)(1)(A)), as amended, which authorizes the Director "to make grants to, and enter into contracts with, public or private nonprofit agencies for projects specifically designed—[. . .](i) to assist refugees in obtaining the skills that are necessary for economic self-sufficiency, including projects for job training, employment services, day care, professional refresher training, and other recertification services; (ii) to provide training in English where necessary (regardless of whether the refugees are employed or receiving cash or other assistance); and (iii) to provide where specific needs have been shown and recognized by the Director, health (including mental health) services, social services, education and other services."

(B) Refugee Assistance Extension Act of 1986, Pub.L. 99-605, Nov 6, 1986, 100 Stat. 3449.

Christopher Beach,

Senior Grants Policy Specialist, Division of Grants Policy, Office of Administration.
