SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services (IMLS) is an independent Federal grant-making agency and is the primary source of federal support for the Nation's 123,000 libraries and 35,000 museums. IMLS provides a variety of grant programs to assist the Nation's museums and libraries in improving their operations and enhancing their services to the public. IMLS is responsible for identifying national needs for and trends in museum, library, and information services; measuring and reporting on the impact and effectiveness of museum, library and information services throughout the United States, including programs conducted with funds made available by IMLS; identifying, and disseminating information on, the best practices of such programs; and developing plans to improve museum, library and information services of the United States and strengthen national, State, local, regional, and international communications and cooperative networks (20 U.S.C. 9108).

II. Current Actions

The State Library Administrative Agencies Survey has been conducted by the Institute of Museum and Library Services under the clearance number 3137-0072, which expires 11/30/2016. State Library Administrative Agencies ("SLAAs") are the official agencies of each state charged by state law with the extension and development of public

library services throughout the state. (20 U.S.C. 9122.) The purpose of this survey is to provide state and federal policymakers with information about SLAAs, including their governance, allied operations, developmental services to libraries and library systems, support of electronic information networks and resources, number and types of outlets, and direct services to the public. Through the FY 2010 collection, the SLAA Survey was conducted annually; beginning with the FY 2012 collection, the survey is conducted biennially. Because the FY 2016 collection will not begin until early 2017, we are carrying over the documentation and estimated burden associated with the FY 2014 data.
